The Little Book of Queer Icons Samuel Alexander,2019-03-14 Discover the fascinating stories behind 38 queer icons, all of them ground-breakers, risk-takers and game-changers. Whether they are activists, sportspeople, scientists or superstars, every one of these people has been a trailblazer in their field, and deserves to have their achievements celebrated the world over. Be empowered and inspired by their extraordinary life stories, their awesome achievements and their wonder-words of wisdom with this pocketbook of remarkable people, and prepare to be introduced to your new

superheroes.

Unwanted Evidence of a Corporate Icon Ben Strobe, 2014-11-10 The book is mostly about one individual who worked for a large company and found himself on the wrong side of the company's management when corruption was discovered and exposed. This took place even though he had worked for and through the company's internal security forces, contracted corporate investigator firms, and the FBI. The book covers all levels and types of industrial crime, but concentrates more on executive crime. This is because it affects society the most, and it falls under the category of near-perfect crimes. This is because few are ever arrested, convicted, or do prison time even though they steal billions from all areas of society. The Wall Street crash was a prime example, and to add insult to injury, most got their bonuses on top of what they stole. This book continually tries to show its readers by example after example how easy it is for executives to steal billions and never even get questioned, forget about being arrested. Our criminal system is just not equipped or concerned about this type of crime. The ultimate concept being, crime in the executive world really pays big.

Icons Margaret Stohl, 2013-05-07 Ro murmurs into my ear. Don't be afraid, Dol. They're not coming for us. Still, he slips his arm around me and we wait until the sky is clear. Because he doesn't know. Not really. Everything changed on The Day. The day the Icon appeared in Los Angeles. The day the power stopped. The day Dol's family dropped dead. The day Earth lost a war it didn't know it was fighting. Since then, Dol has lived a simple life in the countryside with fellow survivor Ro-safe from the shadow of the Icon and its terrifying power. Hiding from the one truth she can't avoid. They're different. They survived. Why? When the government discovers their secret, they are forced to join faint-hearted Tima and charismatic Lucas in captivity. Called the Icon Children, the four are the only humans on Earth immune to the power of the Icons. Torn between brooding Ro and her evolving feelings for Lucas, between a past and a future, Dol's heart has never been more vulnerable. And as tensions escalate, the Icon Children discover that their explosive emotions-which they've always thought to be their greatest weaknesses-may actually be their greatest strengths. Bestselling author Margaret Stohl delivers a thrilling novel set in a haunting new world where four teens must piece

together the mysteries of their pasts-in order to save their future.

Icons of Irishness from the Middle Ages to the Modern World M. Williams,2012-12-10 From majestic Celtic crosses to elaborate knotwork designs, visual symbols of Irish identity at its most medieval abound in contemporary culture. Considering both scholarly and popular perspectives this book offers a commentary on the blending of pasts and presents that finds permanent visualization in these contemporary signs.

Icons of Business Kateri M. Drexler,2007

Call of the Mall Paco Underhill,2005-01-03 Profiling malls as intersections of American consumer marketing, the media, and street culture, an examination of malls as reflections of commercial and social culture considers what malls mean to ordinary people.

Rational Leadership Paul Brooker,Margaret Hayward,2023-11-24 Rational leadership inspires confidence by capably using appropriate rational means, as described in the first edition of Rational Leadership. Now a second, updated edition has added eight new chapters and has looked at

redevelopment as well as development. The book highlights these two important versions of rational leadership, where a rational leader is either developing or redeveloping a business corporation. Part One presents eight cases of rational leaders who have developed iconic corporations. These best-practice leaders include Sam Walton of Walmart, Meg Whitman of eBay, and Jeff Bezos of Amazon. In all eight cases, the leaders used appropriate adaptive, calculative, and deliberative methods to develop their corporations. In Part Two the authors shift the focus from development to redevelopment. Part Two presents five classic cases of rational leaders redeveloping - remedially renewing - problematic corporations. The leaders include Lou Gerstner of IBM and Steve Jobs of Apple. In all five cases the leaders used appropriate organizational tools, which transformed, reoriented, or hybridized the corporation. Both Part Two and Part One also present supplementary cases of other rational leaders developing or redeveloping a corporation. These leaders include Sheryl Sandberg, Marcel Dassault, Giorgio Armani, Anita Roddick, Satya Nadella, Carly Fiorina, Marissa Mayer, and Jack Welch. In total the authors present more than twenty supplementary or main cases of rational leadership. Most of

these case studies are based on a leader's memoir and leader's-eye view, validated by additional biographical and historical sources.

FIA Icon Michigan. Family Independence Agency, 2001

Icons Micaela Heekin, 2020-02-25 Icons features colorful portraits of 50 of the most admired women in the fields of music, politics, human rights, and film. This diverse and inclusive collection features the world's most inspiring women, including Michelle Obama, Beyonce, Aretha Franklin, Dolly Parton, Ruth Bader Ginsburg, Yayoi Kusama and so many more. From singers to writers, activists to artists, politicians to filmmakers, Icons is a celebration of the strength of women. Illustrated by Monica Ahanonu, each portrait is accompanied by a short biography about what makes each woman a force to be reckoned with. • Share it with other women in your life: mom-to-daughter, daughter-to-mom, friend-to-friend • Read about the lives and accomplishments of each woman, or simply enjoy the enigmatic portraits. Ahanonu's illustrated portraits are both easily recognizable and also an artistic take on each featured woman's likeness and identity. • A smart and empowering collection of female role

models • Perfect for those who loved In the Company of Women: Inspiration and Advice from over 100 Makers, Artists, and Entrepreneurs by Grace Bonney and Bygone Badass Broads: 52 Forgotten Women Who Changed the World by Mackenzi Lee

Christmas Wishes Tim Hollis,2010-07-16 A nostalgic look at Christmas in the mid-twentieth century.

The Most Relaxing Video Games Ryan Janes,2024-05-30 Video games are so much more than just full throttle blasts of gunfights, violence and white-knuckle competition. They can also be beautiful, cosy and even emotionally uplifting journeys too. The ideal escapism after a day you'd sooner forget or the perfect sedative following a particularly stress-filled afternoon. The Most Relaxing Video Games will walk you through a selection of gaming experiences sure to help you unwind. From the familiar warmth of sitting down with a good classic board game (51 of them to be exact) through to the solving of hundreds of puzzles on a mysterious island using nothing but lines, there's a world of delightfully comforting video games just waiting to sooth your gaming soul. Covering over 50 video games and

spanning nearly thirty years, this comprehensive guide includes detailed explanations of every peaceful entry along with full-color screenshots, standout moments, fascinating facts and of course what it is that makes them such a relaxing alternative. Whether you're a fan of racers, management sims, puzzles or platformers, there's something here for everyone. So trade in your firearms for farming gear and punching fists for puzzles. Sit back, get comfy and discover the relaxing side that video games have to offer.

The Holy Grail of Data Storage Management Jon William Toigo, 2000 This book discusses and develops models intended for the reader as a starting point in conceptualizing, planning, integrating, and managing storage capabilities in a distributed environment.

Nature as a Book of Symbols William Marshall, 1895

Google SketchUp Cookbook Bonnie Roskes, 2009-03-10 As the first book for intermediate and advanced users of Google SketchUp, this Cookbook goes beyond the basics to explore the complex features and tools that design professionals use. You'll get numerous step-by-step tutorials for solving common (and not so common) design problems, with detailed color graphics to guide your way, and discussions that explain additional ways to complete a task. Google SketchUp Cookbook will help you: Use SketchUp more efficiently by taking advantage of components and groups Learn new techniques for using Follow Me, Intersect, and constraints Go beyond simple textures with tools such as texture positioning and Photo Match Create animations and walkthroughs, and explore design scenarios by using layers and scenes Learn how to use styles to customize your presentations Combine SketchUp with the 3D Warehouse and Google Earth Google SketchUp Cookbook is ideal for architects, engineers, interior designers, product designers, woodworkers, and other professionals and hobbyists who want to work more efficiently and achieve true mastery of this amazing tool.

Advances in Manufacturing III Justyna Trojanowska, Agnieszka Kujawińska, Jose Machado, Ivan

Pavlenko,2022-03-25 This book reports on cutting-edge research and technology aimed at increasing the efficiency of production processes and to foster the implementation of Industry 4.0 solutions in manufacturing. Gathering peer-review contributions to the 7th International Scientific Technical Conference MANUFACTURING 2022, held in Poznan, Poland on May 16-19, 2022, it describes advanced engineering methods to optimize different stages and aspects of the production process, including product design, production scheduling, equipment maintenance and safety. It discusses the applications of augmented/virtual and mixed reality within the manufacturing industry and for education and training purposes, and highlights cutting-edge solutions for green and sustainable production. Offering a timely, practice-oriented reference guide for both researchers and practitioners in manufacturing, this book is also intended to contribute bridging the gap between university and industry, fostering a closer communication and cooperation between them.
