The Tail of Emily Windsnap Liz Kessler, 2010-05-11 A young girl learns she's half mermaid and plunges into a scheme to reunite with her father in this entrancing, satisfying tale that beckons readers far below the waves. For as long as she can remember, twelve-year-old Emily Windsnap has lived on a boat. And, oddly enough, for just as long, her mother has seemed anxious to keep Emily away from the water. But when Mom finally agrees to let her take swimming lessons, Emily makes a startling discovery — about her own identity, the mysterious father she's never met, and the thrilling possibilities and perils shimmering deep below the water's surface. With a sure sense of suspense and richly imaginative details, first-time author Liz Kessler lures us into a glorious undersea world where mermaids study shipwrecks at school and Neptune rules with an iron trident — an enchanting fantasy about family secrets, loyal friendship, and the convention-defying power of love.

Rechenka's Eggs Patricia Polacco, 1996-03-19 Old Babushka, known throughout all of Moskva for her beautifully painted eggs, is preparing her eggs for the Easter Festival when she takes in an injured goose. She names the goose Rechenka, and they live happily together until one day when Rechenka accidentally overturns a basket, breaking all of Babushka's lovingly crafted eggs. But the next morning Babushka has a surprise awaiting her in the basket. She cries: A miracle! It is one of many in this charmingly told tale of friendship and caring. With vibrant illustrations, Patricia Polacco has joyously re-created the flavor of Old Moscow and its festivals. The eggs, stunningly colored and intricately designed, are authentic reproductions of eggs painted in the Ukrainian style. Rechenka's Eggs is a timeless story of classic beauty.

Foundations of Parasitology Larry Roberts, Gerald D. Schmidt, Jr. Janovy, John, 2009 A parasitology text for biology and/or zoology students at the undergraduate level. Emphasizes principles with related information on the biology, physiology, morphology, and ecology of the major parasites of humans and domestic animals. This is not a diagnostic manual for medical students.

Concise Dermatology Rashmi Sarkar, 2021-03-04 As the comprehensive textbooks of Dermatology grow longer and more specialized, there is a need for a text to cut the subject back to the essentials a medical professional needs to know. This concise text from an internationally respected editor presents the most important points about the most significant topics in disease of the skin, hair, and nails; any medical professional will find here the material for a solid grounding in the subject. *Covers the range of dermatology in a consistently manageable level of detail *Answers the need for a reliable concise guide for medical professionals in all specialties *Offers a straightforward and approachable synopsis of the subject

The Colour Revolutions in the Former Soviet Republics Donnacha Ó Beacháin, Abel Polese, 2010-07-12 During the first decade of the 21st century, a remarkable phenomenon swept through the former Soviet Union changing the political, social and cultural landscape. Popularly known as the 'Colour Revolutions', these non-violent protests overthrew autocratic regimes in three post-soviet republics: the Georgian Rose Revolution (2003), the Ukrainian Orange Revolution (2004) and the Kyrgyzstani Tulip Revolution (2005). This book examines the significance of these regime-change processes for the post-soviet world in particular and for global politics in the 21st century. Engaging comprehensively with the former Soviet republics, the contributors to this book ask why there wasn't a revolution in a post-Soviet republic such as Russia, despite apparently favourable conditions. They also explore the circumstances that ensured some post-soviet

countries underwent a successful colour revolution whilst others did not. Identifying the conditions for successful colour revolutions, this book asks whether there is a revolutionary blueprint that may be exported to other areas around the world that are under autocratic rule. Carefully considering the ideologies of the post-Soviet ruling regimes, this book demonstrates the manner by which political elites integrated nationalism, authoritarianism and populism into public debates. It analyzes the diverse anti-regime movements, discussing the factors that led to the rise of such factions and outlining how these opposition groups were constituted and operated. In addition, it assesses the impact of external forces including the influence of the USA, the EU and Russia. By examining the colour revolution phenomenon in its entirety, this book marks a significant contribution to both our micro and macro understanding of this tide of transformation.

Palestine Joe Sacco, Edward W. Said, 2001 Based on years of research and extended visits to the West Bank and Gaza Strip in the early 1990s, *Palestine* is the first major comics work of political nonfiction by Sacco.

Butter Elaine Khosrova, 2017-10-17 “Edifying from every point of view--historical, cultural, and culinary.” —David Tanis, author of *A Platter of Figs and Other Recipes* It’s a culinary catalyst, an agent of change, a gastronomic rock star. Ubiquitous in the world’s most fabulous cuisines, butter is boss. Here, it finally gets its due. After traveling across three continents to stalk the modern story of butter, award-winning food writer and former pastry chef Elaine Khosrova serves up a story as rich, textured, and culturally relevant as butter itself. From its humble agrarian origins to its present-day artisanal glory, butter has a fascinating story to tell, and Khosrova is the perfect person to tell it. With tales about the ancient butter bogs of Ireland, the pleasure dairies of France, and the sacred butter sculptures of Tibet, Khosrova details butter’s role in history, politics, economics, nutrition, and even spirituality and art. Readers will also find the essential collection of core butter recipes, including *beurre manié*, *croissants*, *pâte brisée*, and the only buttercream frosting anyone will ever need, as well as practical how-tos for making various types of butter at home--or shopping for the best. “A fascinating, tasty read . . . And what a bonus to have a collection of essential classic butter recipes included.” —David Tanis, author of *A Platter of Figs and Other Recipes* “Following the path blazed by Margaret Visser in *Much Depends on Dinner*, Elaine Khosrova makes much of butter and the ruminants whose milk man churns. You will revel in dairy physics. And you may never eat margarine again.” —John T. Edge, author of *The Potlikker Papers: A Food History of the Modern South* “Butter proves that close study can reveal rich history, lore, and practical information. All that and charm too.” —Mimi Sheraton, author of *1,000 Foods to Eat Before You Die* “Irresistible and fascinating . . . This is one of those definitive books on a subject that every cook should have.” —Elisabeth Prueitt, co-owner of *Tartine Bakery* “The history of one of the most delectable ingredients throughout our many cultures and geography over time is wonderfully churned and emulsified in Khosrova’s *Butter* . . . Delightful storytelling.” —Elizabeth Falkner, author of *Demolition Desserts: Recipes from Citizen Cake*

Victus Albert Sanchez Pinol, 2014-09-09 A #1 international bestseller reminiscent of the works of Roberto Bolaño, Carlos Ruiz Zafon, and Edward Rutherford—a page-turning historical epic, set in early eighteenth-century Spain, about a military mastermind whose betrayal ultimately leads to the conquest of Barcelona, from the globally popular Catalan writer Albert Sánchez Piñol. Why do the weak fight against the strong? At 98, Martí Zuviría ponders this question as he begins to tell the extraordinary tale of Catalonia and its annexation in 1714. No one knows the truth of the story better, for Martí was the very villain who betrayed the city he was commended to keep. The story of Catalonia and Barcelona is also Martí’s story. A prestigious military engineer in the early 1700s, he fought on both sides of the long War of

the Spanish Succession between the Two Crowns—France and Spain—and aided an Allied enemy in resisting the consolidation of those two powers. Politically ambitious yet morally weak, Martí carefully navigates a sea of Machiavellian intrigue, eventually rising to a position of power that he will use for his own mercenary ends. A sweeping tale of heroism, treason, war, love, pride, and regret that culminates in the tragic fall of a legendary city, illustrated with battle diagrams, portraits of political figures, and priceless maps of the old city of Barcelona, *Victus* is a magnificent literary achievement that is sure to be hailed as an instant classic.

The Personalized Diet Eran Segal, Eran Elinav, 2017-12-26 A paradigm-shifting diet book that explains why one-size-fits-all diets don't work and helps readers customize their diet to lose weight and improve health. There are certain things we take as universal truths when it comes to dieting and health: kale is good; ice cream is bad. Until now. When Drs. Segal and Elinav published their groundbreaking research on personalized nutrition, it created a media frenzy. They had proved that individuals react differently to the same foods—a food that might be healthy for one person is unhealthy for another. In one stroke, they made all universal diet programs obsolete. *The Personalized Diet* helps readers understand the fascinating science behind their work, gives them the tools to create an individualized diet and lifestyle plan (based on their reactions to favorite foods) and puts them on the path to losing weight, feeling good, and preventing disease by eating in the way that's right for them.

Fingering Practice for Beginning Bands Philip C. Lombard, 1994 Reinforce fingering skills in all your beginning band students! Teaches with graphic depictions of instruments Contains worksheets for flute, clarinet, saxophone, trumpet, trombone, snare drum, and more Includes teaching tips and answers

If You Lived Here You'd Be Home By Now Christopher Ingraham, 2019-09-10 An NPR Best Book of the Year The hilarious, charming, and candid story of writer Christopher Ingraham's decision to uproot his life and move his family to Red Lake Falls, Minnesota, population 1,400—the community he made famous as “the worst place to live in America” in a story he wrote for the *Washington Post*. Like so many young American couples, Chris Ingraham and his wife Briana were having a difficult time making ends meet as they tried to raise their twin boys in the East Coast suburbs. One day, Chris – in his role as a “data guy” reporter at the *Washington Post* – stumbled on a study that would change his life. It was a ranking of America's 3,000+ counties from ugliest to most scenic. He quickly scrolled to the bottom of the list and gleefully wrote the words “The absolute worst place to live in America is (drumroll please) ... Red Lake County, Minn.” The story went viral, to put it mildly. Among the reactions were many from residents of Red Lake County. While they were unflappably polite – it's not called “Minnesota Nice” for nothing – they challenged him to look beyond the spreadsheet and actually visit their community. Ingraham, with slight trepidation, accepted. Impressed by the locals' warmth, humor and hospitality – and ever more aware of his financial situation and torturous commute – Chris and Briana eventually decided to relocate to the town he'd just dragged through the dirt on the Internet. *If You Lived Here You'd Be Home by Now* is the story of making a decision that turns all your preconceptions – good and bad -- on their heads. In Red Lake County, Ingraham experiences the intensity and power of small-town gossip, struggles to find a decent cup of coffee, suffers through winters with temperatures dropping to forty below zero, and unearths some truths about small-town life that the coastal media usually miss. It's a wry and charming tale – with data! -- of what happened to one family brave enough to move waaaaay beyond its comfort zone

Congressional Record United States. Congress, 1967

Out Stealing Horses Per Petterson, 2012-07-03 We were going out stealing horses. That was what he

said, standing at the door to the cabin where I was spending the summer with my father. I was fifteen. It was 1948 and one of the first days of July. Trond's friend Jon often appeared at his doorstep with an adventure in mind for the two of them. But this morning was different. What began as a joy ride on borrowed horses ends with Jon falling into a strange trance of grief. Trond soon learns what befell Jon earlier that day—an incident that marks the beginning of a series of vital losses for both boys. Set in the easternmost region of Norway, *Out Stealing Horses* by Per Petterson begins with an ending. Sixty-seven-year-old Trond has settled into a rustic cabin in an isolated area to live the rest of his life with a quiet deliberation. A meeting with his only neighbor, however, forces him to reflect on that fateful summer.

Cold Mountain Charles Frazier, 2007-12-01 A wounded Confederate soldier treks across the ruins of America in this National Book Award–winning novel: “A stirring Civil War tale told with epic sweep.” —People Soresly wounded and fatally disillusioned in the fighting at Petersburg, a Confederate soldier named Inman decides to walk back to his home in the Blue Ridge mountains to Ada, the woman he loves. His journey across the disintegrating South brings him into intimate and sometimes lethal converse with slaves and marauders, bounty hunters and witches, both helpful and malign. Meanwhile, the intrepid Ada is trying to revive her father’s derelict farm and learning to survive in a world where the old certainties have been swept away. As it interweaves their stories, *Cold Mountain* asserts itself as an authentic odyssey, hugely powerful, majestically lovely, and keenly moving.

The Great Witch of Brittany Louisa Morgan, 2022-02-15 Return to the world of *A Secret History of Witches* with the bewitching tale of Ursule Orchière and her discovery of magical abilities that will not only change the course of her life but every generation that comes after her. Brittany, 1741: There hasn't been a witch born in the Orchière clan for generations. According to the elders, that line is dead, leaving the clan vulnerable to persecution. Ursule Orchière has been raised on stories of the great witches of the past. But the only magic she knows are the false spells her mother weaves over the women who visit their fortune-telling tent. All of that changes when Ursule comes of age and a spark of power flares to life. Thrilled to be chosen, she has no idea how magic will twist and shape her future. Guided by the whispers of her ancestors and an ancient grimoire, Ursule is destined to walk the same path as the great witches of old. But danger hovers over her. Will she be able to escape the bloodlust of the mob or the flames of the pyre? Praise for Louisa Morgan: 'A must-read for those who like magic, love and a little bit of feel-good feminism in their historical fiction' *Library Journal* on *The Age of Witches* 'A beautiful generational tale, reminiscent of *Practical Magic* . . . but much more expansive in scope. Grounded and real, painful and hopeful at the same time' Laure Eve, author of *The Graces*, on *A Secret History of Witches*

The Doolittle Family in America William Frederick Doolittle, Louise Smylie Brown, Malissa R Doolittle, 2022-10-27 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Owl and the Japanese Circus Kristi Charish, 2015-01-13 The first in an exciting series featuring the unforgettable antiquities thief Owl—a modern-day “Indiana Jane” who reluctantly navigates the hidden supernatural world—from the pen of rising urban fantasy star Kristi Charish (*The Kincaid Strange* series). For fans of Kim Harrison, Jim Butcher, Jennifer Estep, Jenn Bennett, and the like. Ex-archaeology grad

student turned international antiquities thief, Alix—better known now as Owl—has one rule. No supernatural jobs. Ever. Until she crosses paths with Mr. Kurosawa, a red dragon who owns and runs the Japanese Circus Casino in Las Vegas. He insists Owl retrieve an artifact stolen three thousand years ago, and makes her an offer she can't refuse: he'll get rid of a pack of vampires that want her dead. A dragon is about the only entity on the planet that can deliver on Owl's vampire problem—and let's face it, dragons are known to eat the odd thief. Owl retraces the steps of Mr. Kurosawa's ancient thief from Japan to Bali with the help of her best friend, Nadya, and an attractive mercenary. As it turns out though, finding the scroll is the least of her worries. When she figures out one of Mr. Kurosawa's trusted advisors is orchestrating a plan to use a weapon powerful enough to wipe out a city, things go to hell in a hand basket fast...and Owl has to pick sides.

Help, Thanks, Wow Anne Lamott,2012-11-13 A New York Times bestseller from the author of Dusk, Night Dawn, Hallelujah Anyway, Bird by Bird, and Almost Everything. Author Anne Lamott writes about the three simple prayers essential to coming through tough times, difficult days and the hardships of daily life. Readers of all ages have followed and cherished Anne Lamott's funny and perceptive writing about her own faith through decades of trial and error. And in her new book, Help, Thanks, Wow, she has coalesced everything she knows about prayer to these fundamentals. It is these three prayers – asking for assistance from a higher power, appreciating what we have that is good, and feeling awe at the world around us – that can get us through the day and can show us the way forward. In Help, Thanks, Wow, Lamott recounts how she came to these insights, explains what they mean to her and how they have helped, and explores how others have embraced these same ideas. Insightful and honest as only Anne Lamott can be, Help, Thanks, Wow is the everyday faith book that new Lamott readers will love and longtime Lamott fans will treasure.
