**Denise Noe**

The Pet War Allan Woodrow, 2013-10-29 THE PET WAR is a hilarious story about the timeless battles of dog vs. cat, brother vs. sister, know-it-all vs. know-nothing. Eleven-year-old Otto wants a dog. His twelve-year-old perfect sister, Lexi, wants a cat. Their mother, who works very long hours as a nurse, wants neither. Pets are expensive so who's going to pay for everything? And what happens to the pet when the siblings are at their dad's for the weekend? Otto has an idea. What if he got a job and earned enough money to pay for the dog? Then Lexi has to open her big mouth. She proposes that whichever sibling can raise enough money first will decide which pet they get. Oddly enough, their mom and dad agree. With Otto and Lexi each out to defeat the other, their business plans become more elaborate and involved. As the competition gets fiercer, the stakes get higher, and the battle lines have been drawn, so let the Pet War begin. . . .

**Wishbone - Behind the Scenes** Denise Noe, What's the story, Wishbone? was the question asked by the theme song of one of the most inspired children's TV shows ever made. Wishbone was a sort of Masterpiece Theater made just for youngsters – although easily enjoyed by adults as well. On Wishbone, children were introduced to the greats of classic literature as they watched a talented Jack Russell Terrier depict such literary luminaries as Ulysses, Romeo, Sherlock Holmes, and Oliver Twist. This book takes the reader behind the scenes to see how this wonderfully educational program was thought up and then put together. The reader learns how both human and animal actors were chosen and how the special challenges of working with a canine star were met. Wishbone Behind the Scenes shows how the child actors were able to combine regular schooling and the fun of childhood with the hard work of playing characters in a regular TV series. It discusses the ways human actors played both contemporary roles and classic roles and the special accommodations they made when acting with dog actors. It shows how the stunts were performed and how a few had unexpected oopsies. Perhaps most of all, the reader learns how many varied individuals worked to create a show for children that entertained and educated in equal amounts.

**Warez** Martin Paul Eve, 2021-12-15 When most people think of piracy, they think of Bittorrent and The Pirate Bay. These public manifestations of piracy, though, conceal an elite worldwide,

underground, organized network of pirate groups who specialize in obtaining media – music, videos, games, and software – before their official sale date and then racing against one another to release the material for free. *Warez: The Infrastructure and Aesthetics of Piracy* is the first scholarly research book about this underground subculture, which began life in the pre-internet era Bulletin Board Systems and moved to internet File Transfer Protocol servers (“topsites”) in the mid- to late-1990s. The “Scene, as it is known, is highly illegal in almost every aspect of its operations. The term “Warez itself refers to pirated media, a derivative of “software. Taking a deep dive in the documentary evidence produced by the Scene itself, *Warez* describes the operations and infrastructures an underground culture with its own norms and rules of participation, its own forms of sociality, and its own artistic forms. Even though forms of digital piracy are often framed within ideological terms of equal access to knowledge and culture, Eve uncovers in the Warez Scene a culture of competitive ranking and one-upmanship that is at odds with the often communalist interpretations of piracy. Broad in scope and novel in its approach, *Warez* is indispensable reading for anyone interested in recent developments in digital culture, access to knowledge and culture, and the infrastructures that support our digital age.

*Hitting the Crossbar* Nicole Nwosu,2023-04-18 The sequel to *The Bad Boy* and *the Tomboy* continues the love story of Macy Anderson and Sam Cahill as they face new challenges and new opportunities. Macy Anderson and Sam Cahill are embarking on a new adventure, attending university on soccer scholarships while figuring out what comes next for them both. Macy's life has always been her group of friends—specifically Jasmine and Andrew—but now they're all split up. Macy's worried that the world that she's always known, that has helped her become the person she is now, is over, and she's discovering that facing the adult world of college and dating and friendships growing apart is harder than she thought it would be. Sam is also finding it hard to adjust to this

new phase of life. There are the pressures of university, other people, and secrets from his past he wants to keep hidden from Macy, all putting a strain on their relationship. As Macy and Sam begin to tackle their decisions, Macy realizes she will have to answer the question: is their relationship worth fighting for or is it game over?

Homeland Calling Paul Hockenos, 2018-07-05 Over the last ten years, many commentators have tried to explain the bloody conflicts that tore Yugoslavia apart. But in all these attempts to make sense of the wars and ethnic violence, one crucial factor has been overlooked—the fundamental roles played by exile groups and émigré communities in fanning the flames of nationalism and territorial ambition. Based in the United States, Canada, Europe, Australia and South America, some groups helped provide the ideologies, the leadership, the money, and in many cases, the military hardware that fueled the violent conflicts. Atypical were the dissenting voices who drew upon their experiences in western democracies to stem the tide of war. In spite of the diasporas' power and influence, their story has never before been told, partly because it is so difficult, even dangerous to unravel. Paul Hockenos, a Berlin-based American journalist and political analyst, has traveled through several continents and interviewed scores of key figures, many of whom had never previously talked about their activities. In *Homeland Calling*, Hockenos investigates the borderless international networks that diaspora organizations rely on to export

political agendas back to their native homelands—agendas that at times blatantly undermined the foreign policy objectives of their adopted countries. Hockenos tells an extraordinary story, with elements of farce as well as tragedy, a story of single-minded obsession and double-dealing, of high aspirations and low cunning. The figures he profiles include individuals as disparate as a Canadian pizza baker and an Albanian urologist who played instrumental roles in the conflicts, as well as other men and women who rose boldly to the occasion when their homelands called out for help.
