Children's Book : Pets War Salmon Peppers,Charlie Charlie Publishing,Amma Lee,2016-12-06 Spike, a brown Spaniel, has always been interested in certain aspects of humans' lives, so it was no surprise that the dog kept up with the humans' news reports. One day while at home relaxing with his great pal Doug, a Golden Retriever, the two were shocked when cats won the contest for best pet of the year. To Spike and Doug, cats are lazy and mean creatures that only think about themselves. After learning this, Spike thought of a way to make the humans change their minds and redo that poll.After surveying the animals in the city and learning that all the animals were outraged at the results, Spike told them of his plan for his group to help the humans around the city until they see that they were the best animals and not the cats. However, when the cats learned of Spike's team's intentions, they went straight into action. These animals would not take that title from the cats, especially not a dog!In The Fight for Best Pet, Spike along with his friends, Doug the Golden Retriever, Tweet the yellow Warbler, Charlee the Hamster, and the other various animals, attempt to show the humans that they're the best. However, the cats do not plan to go down without a fight, and they will do anything to keep their title, even if it means turning their enemies into dog food.

I Want a Pet Warren Bolton, 2018-01-17 I Want a Pet: A P-E-T was born out of a dad's sincere but fun-loving attempt to help his sons cope with not being able to have a cat or dog due to one of them having allergies. Dad devised a game the family could play when riding along in the car, waiting for food to arrive at a restaurant, or sitting in the confines of their living room. That game led to this wonderfully illustrated book. The book's catchy cadence and simple, repetitive rhyme will charm young minds. It unlocks the imagination and allows children and adults alike to own pets they never thought could be their own, from the typical dogs and cats to polar bears and pandas.
