Wanda Hickey's Night of Golden Memories Jean Shepherd, 1982-10-01 A bestselling classic of humorous and nostalgic Americana and the basis of the movie *A Christmas Story*. "Mr. Shepherd has the true satirist's grip on his pen: he is humorous, sympathetic, and ironic all at once."—Boston Globe Before Garrison Keillor and Spalding Gray there was Jean Shepherd: a master monologist and writer who spun the materials of his all-American childhood into immensely resonant—and utterly hilarious—works of comic art. *Wanda Hickey's Night of*

Golden Memories represents one of the peaks of his achievement, a compound of irony, affection, and perfect detail that speaks across generations. Wanda Hickey's Night of Golden Memories is a universal (and achingly funny) orchestration of Midwestern puberty rites. From the gut-wrenching playground antics of one Delbert Bumpus and the almighty sacrifice of the Easter ham, to taffy-apple binges at the state fair and the supernatural glow surrounding unapproachable high school beauty Daphne Bigelow, to the memorable disaster that was Shepherd's (and everyone else's) junior prom—these are some of the archetypal legends of childhood that Shepherd evokes from his nostalgic Indiana muse. A timeless and enduring classic, Wanda Hickey's Night of Golden Memories captures the sweet cacophonous roar of youth tempered with the wit and honesty of a grown boy

Digital Copyright Jessica Litman, Professor Litman's work stands out as well-researched, doctrinally solid, and always piercingly well-written.-JANE GINSBURG, Morton L. Janklow Professor of Literary and Artistic Property, Columbia University Litman's work is distinctive in several respects: in her informed historical perspective on copyright law and its legislative policy; her remarkable ability to translate complicated copyright concepts and their implications into plain English; her willingness to study, understand, and take seriously what ordinary people think copyright law means; and her creativity in

formulating alternatives to the copyright quagmire. - PAMELA SAMUELSON, Professor of Law and Information Management; Director of the Berkeley Center for Law & Technology, University of California, Berkeley In 1998, copyright lobbyists succeeded in persuading Congress to enact laws greatly expanding copyright owners' control over individuals' private uses of their works. The efforts to enforce these new rights have resulted in highly publicized legal battles between established media and new upstarts. In this enlightening and well-argued book, law professor Jessica Litman questions whether copyright laws crafted by lawyers and their lobbyists really make sense for the vast majority of us. Should every interaction between ordinary consumers and copyright-protected works be restricted by law? Is it practical to enforce such laws, or expect consumers to obey them? What are the effects of such laws on the exchange of information in a free society? Litman's critique exposes the 1998 copyright law as an incoherent patchwork. She argues for reforms that reflect common sense and the way people actually behave in their daily digital interactions. This paperback edition includes an afterword that comments on recent developments, such as the end of the Napster story, the rise of peer-to-peer file sharing, the escalation of a full-fledged copyright war, the filing of lawsuits against thousands of individuals, and the June 2005 Supreme Court decision in the Grokster case. Jessica Litman (Ann Arbor, MI) is professor of law at Wayne State University and a widely recognized expert on copyright law.

Season Finale Susanne Daniels, Cynthia

Littleton, 2009-10-13 Season Finale is an inside chronicle of the entertainment industry following the unexpected rise and fall of the WB and UPN networks. In the mid-1990s, Hollywood studios Warner Bros. and Paramount Pictures each launched their own broadcast television network, hoping to become the fifth player in an industry dominated by ABC, CBS, NBC, and, more recently, Fox. Against all odds, the WB and UPN altered primetime television's landscape, only to merge as the CW in 2006—casualties of conflicting personalities, relentless competition, and a failure to anticipate the business's future. Following the money, egos, and risks of network television, former WB executive Susanne Daniels and Variety television reporter Cynthia Littleton expose the difficulties of trying to launch two traditional broadcast networks just as cable and the Internet were ending their dominance. Through in-depth

reportage and firsthand accounts, Daniels and Littleton recreate the creative and business climate that birthed the WB and UPN, illustrating how the race to find programming spawned their heated rivalry and created shows that became icons of youth culture. Offering insider stories about shows such as *Buffy the Vampire Slayer*, *Dawson's Creek*, *7th Heaven*, *Gilmore Girls*, *Smallville*, *Felicity*, *Girlfriends*, *Everybody Hates Chris*, and *America's Next Top Model*, the authors present the creative environment that ushered these groundbreaking programs into living rooms across America. Despite success, the WB and UPN unraveled due to corporate miscalculations, management missteps, and industry upheaval that led to their decline—and rebirth as the CW. This is a cautionary and compelling entertainment saga about a precarious moment in television history, when the transformation of the broadcast networks signaled an inevitable shift for all pop culture.
