The Externalist Challenge Richard Schantz,2011-08-18 The debate between internalism and externalism has become a focal point of attention both in epistemology and in the philosophy of mind and language. Externalism challenges basic traditional internalist conceptions of the nature of knowledge, justification, thought and language. What is at stake, is the very form that theories in epistemology and the philosophy of mind ought to take. This volume is a collection of original contributions of leading international authors reflecting on the present state of the art concerning the exciting controversies between internalism and externalism.

Declutter Your Photo Life Adam Pratt,2022-05-23

Turn your photo chaos into precious memories to be enjoyed and shared!

Now more than ever, we hold our photo collections dear. They are often some of our most prized possessions. Wouldn’t it be great to finally have all your photos organized, safe, accessible, findable, and shareable? With *Declutter Your Photo Life* by your side, you have just what you need to achieve photo bliss.

Photographers and family historians understand the immense power that photographs have to convey meaning, emotion, and memory. We cherish both old film photos that were handed down by previous generations and our latest digital photos captured on the newest smartphone. But when those priceless memories are unorganized and scattered every which way—on a smartphone, on a laptop, on memory cards and flash drives, on two or three photo sharing websites, in photo albums, and in shoeboxes in the attic—the dominant feeling quickly goes from “overjoyed” to “overwhelmed.” What a mess!

Whether you’re a professional photographer, a casual shooter, or the designated family historian, *Declutter Your Photo Life* will help you organize and enjoy your photos once again. In this book, professional photo organizer, photographer, and author Adam Pratt teaches you his straightforward step-by-step workflow that will have you taking complete control and creating a calming order out of your photo chaos. And once you’ve mastered Adam’s system—Gather, Preserve, Organize, Share, Maintain—you’ll have all the tools you need to keep your photo treasure organized as you move forward.

Digital Universe Peter B. Seel,2022-03-10 An illuminating examination of the benefits and drawbacks of global, digital communication In this newly revised Second Edition of Digital Universe: The Global Telecommunication Revolution, journalism and digital telecommunication expert Peter B. Seel delivers a fascinating and insightful exploration of digital communication technologies and their substantial effects on contemporary life. This book traces the evolution of digital information and communication tools used around the world, from undersea telegraph cables to the newest mobile phones. Digital Universe introduces readers to important inventors, scientists, artists, and thinkers in its discussions of the history and socio-cultural effects of technology adoption. It offers an accessible tour of the global digital universe and provides new perspectives and critical observations on mediated human communication. The book also includes: A thorough introduction to digital communication, the internet, and the origins of the world wide web Comprehensive explorations of telecommunication and media convergence, including the profound effects of the adoption of wired and wireless technologies worldwide Practical discussions of internet control, cyberculture, and dystopian views -- including online censorship, the loss of personal privacy, surveillance capitalism, increasing data hacks, and cyberwarfare The book introduces an original concept, the Tao of Technology, that encourages readers to adopt an enhanced worldview of informed ambivalence toward the diffusion of new telecommunication technologies A new chapter on artificial intelligence (A.I.) explores its application in global telecommunication and examines the biases introduced by its creators In-depth examinations of new technologies, including alternative digital realities such as virtual and augmented realities, and their potential effects on the future of digital communication Perfect for undergraduate and graduate students in journalism, technical communication, speech communication, technology history, sociology, anthropology, computer information systems, and education; it provides the latest data on innovations in telecommunication. The second edition of Digital Universe: The Global Telecommunication Revolution will be an invaluable resource for anyone with an interest in the evolution of the internet, new telecommunication technologies, communication privacy and surveillance, the rise of social media, and the consequences of the diffusion of information and communication technologies.

The Complete Fabric Artist's Workshop Susan Stein,2011-09-01 The Complete Fabric Artist's Workshop is a comprehensive source of all the newest and most popular fiber art techniques! It is a compilation of the best of Fabric Art Projects (Creative Publishing international, 2009) and Fabric Art Workshop (Creative Publishing international, 2007). This technique-driven book explores a wide range of new possibilities and materials available to fabric and journal artists. Each unique technique is presented with brilliant photography and step-by-step instructions. Experiments lead to discoveries. Amaze yourself with exciting fabrics you can fashion, using everyday products and the newest materials on the market. Then turn your works of art into a journal, a quilt, a wall hanging, a garment—whatever you desire. The Complete Fabric Artist's Workshop teaches techniques for altering the character and color of fabric to create truly personal pieces. Watch spontaneous designs develop when you try lasagna painting, monoprinting, splash and puddle, and other unique techniques. Burn your silk, rust your cottons, and distress your felt. For each technique, Susan has designed a project that makes the most of your newly crafted fabric. Fuse Angelina fibers into a colorful collage to wrap around plain jars or vases. Send your friends one-of-a-kind fabric postcards made with painted fusible web. Give the dining room cozy ambience with gossamer silk candle covers and monoprinted placemats. Go to work in style with your brayer-printed lunch bag and a quilted, painted folder briefcase. Accessorize an outfit with a designer necklace made of unique fabric beads or drape your neck with a to-die-for rust-dyed scarf. Whether you are an accomplished fabric artist or a novice who's eager to learn, you'll find The Complete Fabric Artist's Workshop extremely helpful and inspiring.
