**The Copyright Zone** Edward C. Greenberg,Jack Reznicki,2015-02-11 If you license or publish images, this guide is as indispensable as your camera. It provides specific information on the legal rights of photographers, illustrators, artists, covering intellectual property, copyright, and business concerns in an easy-to-read, accessible manner. The Copyright Zone, Second Edition covers: what is and isn't copyrightable, copyright registration, fair use, model releases, contracts and invoices, pricing and negotiation, and much more. Presented in a fun and easy to digest style, Jack Reznicki and Ed Greenberg, LLC help explain the need-to-know facts of the confusing world of legal jargon and

technicalities through real world case studies, personal asides, and the clear writing style that has made their blog Thecopyrightzone.com and monthly column by the same name in Photoshop User magazine two industry favorites. The second edition of this well-reviewed text has almost doubled in size to ensure that every legal issue you need to know about as a photographer or artist is covered and enjoyable to learn!

Photo Restoration Robert Correll,2015-05-15 In *Photo Restoration: From Snapshots to Great Shots*, author Robert Correll carefully guides you through the process of restoring your photos, teaching you the most effective techniques to preserve and repair your damaged or aging images. Organized based on a helpful photo restoration workflow, the book will feature Adobe Photoshop as the primary software solution of choice, with coverage of Photoshop Elements and Lightroom as well. Read the book from start to finish or quickly access the information you need for the specific photo problems at hand. The book will start by covering the basics, such as how to evaluate how a photo is damaged and then move to the appropriate solution; how to properly handle and scan/import your photos; and how to use Photoshop as a photo retouching tool, with information on how Photoshop Elements and Lightroom can also play a role in restoring your images. The book then dives into specific issues that arise with old or damaged photos, such as removal of dust, scuff marks, and stains; repairing actual damage such as creases or missing corners; correcting color-related problems like blue or yellow-tinted images and oversaturation; and improving the contrast and brightness of both color and black-and-white images. Finally, the book finishes up by showing you how to add a special touch of greatness and creativity to your photos, in addition to printing and archiving.

*Photo Restoration* Margaret Brown,2022-01-20 *Photo Restoration* starts with the best options for scan settings, image resolution and re-sizing. We advise what to look for in editing software and how to use restoration tools like Colour correction, Contrast adjustment, Sharpening, Dodging and burning, Dust and scratch removal, Clone stamp and Healing brush. Several case studies provide step by step fixes for some of the most common blemishes in old photographs. *Photo Restoration* identifies when it might be better to rely on the expertise of professional restoration services. And we advise the best ways to store, organise, share and display your restored images.

**China's Management of Enterprise Assets** ,1997-01-01 World Bank Technical Paper No. 367, Africa Region Series. This report is the second in a series of technical papers published by the World Bank on the Early Childhood Development (ECD) Initiative launched by the Bank's Africa Region. The review complements a previous paper, The Condition of Young Children in Sub-Saharan Africa, which outlined the shape and scale of children's survival needs and documented how in Africa children face greater challenges to healthy development than in any other region in the world. The present review explores ways of meeting these developmental challenges. It focuses on efforts that address the intersecting health, nutrition, and early education needs of children up to six years old in their institutional and socio-cultural environments. The paper also reviews current programs and policies across a set of 11 country experiences, including case studies from Angola, Kenya, Mauritius, and South Africa, revealing the policy and institutional conditions necessary for sustained impact of ECD efforts.
