Digital Photography Essentials Tom

Ang, 2011-05-02 In the fast-changing world of digital photography, no other publisher/author partnership has been as successful at keeping up with current trends and developments as DK and Tom Ang. DK's richly illustrative design and Tom's clear writing and direction blend together to produce a strong combination of practical instruction with visual inspiration. *Digital Photography Essentials* provides just that combination for those wishing to develop and consolidate their skills—both technical and creative—whatever their level of expertise. It covers the basics of photography, different ways to approach a subject, how to develop projects, and image manipulation. In addition, Tom advises on printing techniques and shows you ways in which you can share your pictures with a wider audience via the internet. Throughout the book there are troubleshooting tips, image comparisons and analyzes to help you understand what makes a picture work, and inspiring assignments to follow. There is also a useful buyer's guide to cameras, lenses, and accessories. With its fresh, contemporary design, beautiful images, and jargon-free yet highly practical text, the book is a totally new, up-to-the-minute guide to digital photography.

The Critical Thinking Toolkit Dr. Marlene

Caroselli, 2011-04-29 Critical thinking—the ability to approach a problem both analytically and creatively—is the bedrock of success for companies and their people. Fortunately, it's a skill that can be learned. *The Critical Thinking Toolkit* gets employees thinking better and faster with training exercises that offer an invigorating departure from the everyday and the potential for big payoffs in the form of enhanced “on-your-feet” thinking, innovative problem-solving, and

profitable idea generation from everyone on the team. Using hands-on activities and ready-to-use assessments, team members will learn how to challenge assumptions, brainstorm divergent ideas, and then pinpoint the ones that best benefit your organization. And they'll learn to do it in a way that not only increases their work quality, but also their productivity. Unimaginative. Risk-adverse. Prone to groupthink. These are not just empty complaints about today's employees. American businesses are suffering from systemic burnout resulting in a widespread lack of creativity. But this unimaginative thinking doesn't need to plague your workplace. With The Critical Thinking Toolkit, you and your team have everything you need to think quickly, analytically, and creatively.

The Action Mindset Workbook for Teens Mary Karapetian Alvord, Anne McGrath, 2023-08-01 Do you feel like you've been living life on the sidelines? This one-of-a-kind workbook will help you take action and get back in the game! When you think about the future, are you consumed by fear and self-doubt? Do you feel stuck in your life? Does your inability to move forward cause increased anxiety, sadness, or insecurity? It's easy to avoid or withdraw from the situations that

make you anxious or worried—it can feel safer at the time—but the fact is, until you find a way to confront discomfort head on and take action anyway, you’ll remain stuck in a cycle of disappointment and frustration. So, how can you break free, get unstuck, and fully embrace life? From the authors of *Conquer Negative Thinking for Teens*—which focuses on managing negative thinking habits—comes this unique resource for teens who struggle with taking action. Packed with simple and easy-to-apply skills drawn from cognitive behavior therapy (CBT), this workbook will help you cultivate an action mindset, reduce worry, and take the steps needed to solve problems—rather than avoid them. You’ll also discover the keys to quieting that inner “voice of doom,” giving up the need for perfection, and managing the difficult emotions that can come with living a life on hold. With this empowering guide, you’ll learn how to: Figure out what’s holding you back in life Move past negative thinking habits Cultivate a “go out and get it” mindset Be kinder to yourself Take small “action steps” to move toward your goals Even the smallest behavior change can make a huge difference. If you’re finally ready to face your fears, the skills you’ll learn in this friendly how-to will empower you to take action and get back in the game of life! In these increasingly challenging times, kids and teens need mental health resources more than ever. With more than 1.6 million copies sold worldwide, *Instant Help Books* are easy to use, proven-effective, and recommended by therapists.

SIETAR Europa Intercultural Training Tool Kit
Elisabeth Hansen, Ann-Kristin Torkler, Barbara

Covarrubias Venegas, 2019-04-12 At SIETAR we want to encourage the development and application of knowledge, values and skills which enable effective intercultural relations at individual, group, organisation and community levels. Inspired by many discussions in the SIETAR network, the idea of publishing a collection of SIETAR intercultural training tools came to light. Many large intercultural organizations include a collection of articles, activities, and materials, and our intention was to create a consolidated resource of SIETAR members' favourite and most effective tools and methodologies. We proudly present the second edition of the SIETAR Europa Intercultural book series: SIETAR Europa Intercultural Training Tools. We learn best from what we teach! Every moment in a training setting is an opportunity for everyone in the room to reflect on and develop their own intercultural competencies. How we learn about navigating culture is shaped by our professions, travels, and personal interests. With this publication we want to support your learning environment by publishing selected go-to training activities from SIETARIANS for virtual or face-to-face teams that integrate modern technologies and emerging practice styles with materials and instructions. The book includes 29 activities divided into three sections: - Opening and Warm-up Activities - Feedback & Debriefing Activities - Teambuilding Activities

The MindBody Toolkit D. O. Kim

D'Eramo, 2022-04-26 The MindBody Toolkit is a wonderfully helpful book that I highly recommend. Simple, powerful, effective. Dr. Christiane Northrup-#1 New York Times bestselling author Do you wish you possessed the tools for immediate change in your body, relationships, or business success? When nothing in your life is working, it can be terrifying, especially when suffering symptoms of illness that make you feel like your

life is falling apart. The MindBody Toolkit is a captivating read, even for skeptics. The tools presented immediately change the inner workings of your body, empowering you to take charge of your health and life in a way that can transcend the need for medications or surgery. Dr. Kim D'Eramo's methodology is novel to most physicians. Her expert understanding of the body and brain, charismatic personality, and infectious enthusiasm for healing make The MindBody Toolkit a must-read for anyone experiencing pain, anxiety, depression, fatigue, or for those on medications or considering surgery. It delivers tools that dramatically enhance healing of even severe illness.

The Ultimate Anxiety Toolkit Risa

Williams, 2021-06-21 Anxiety can feel like a huge number of different things to a huge variety of people. No matter the experience, they all have one thing in common: feeling anxiety is never fun. If you're looking to manage your anxious feelings and reduce your stress, this is the book for you. Written by a therapist who specializes in helping people navigate anxiety, the chapters contain 25 creative tools specifically designed to help reduce anxiety in five key areas: stress, social anxiety, anxious thoughts, self-esteem and the future. The tools draw on CBT, mindfulness, narrative therapy, positive psychology and more, and every single one is focused on giving practical advice and simple steps that you can take today to reduce your anxiety and boost your self-esteem.

The Art of iPhone Photography Bob Weil, Nicki Fitz-Gerald, 2013-08-21 The Art of iPhone Photography explores how 45 of today's best iPhoneographers from around the world conceived, composed, and created some of their finest and best-known pieces—all in their own words. Through an understanding of the artists' visions, creative decisions, and techniques, beginning through advanced iPhoneographers will immediately be able to apply what they learn and take their own photographic art to the next level. Key features of the book include: A wide variety of styles and subjects: Landscapes, street photography,

abstracts, architecture, portraits, collages, concept pieces, etc. Detailed tutorials: Example artworks from authors and contributing photographers accompanied by descriptions of how each piece was created from both a creative and technical standpoint Explanations for practical use of nearly 100 apps, including BlurFX, Camera+, Iris Photo Suite (now Laminar), Juxtaposer, Photogene2, Pixlr-o-matic, ScratchCam FX, Snapseed, Superimpose, and TouchRetouch iPhoneography gallery: A stunning showcase of works by notable iPhoneographers Always on, always at hand, and inconspicuously deployed, today's smartphones empower us to record the world in ever newer and more personal ways. By leveraging the photo-editing applications found on the iPhone, professional and amateur photographers alike are able to create not only editorial imagery, but also creative art. Nicki Fitz-Gerald and Bob Weil, at iPhoneographyCentral.com, have built a community dedicated to the burgeoning collaboration between art and technology that is iPhoneography. Their site, and now this book, offer extensive, in-depth tutorials both for budding iPhoneographers looking to advance their craft, and professionals attempting to harness a new toolkit in service of their vision. What they bring to the table is their belief that 'revealing the man behind the curtain' does not diminish the teacher. Technique does not the artist make, but it does enable the newcomer to find his or her own voice. With thousands of apps available and more flooding the market daily, every new iPhoneographer wonders, What apps should I use? The answer to that question is so complex, with so many variables, that an illustrated tutorial such as this becomes an invaluable tool. There is really nothing like it. It does not offer the advice of a single artist or showcase images from a small artistic segment. Indeed, it offers up

stories, knowledge, tips, and secrets from many of the key players in the formation of this movement, showcasing more than 40 artists and tutorials and 80 pages of iPhonic art. – Daria Polichetti, Co-Founder of Los Angeles Mobile Arts Festival

The Photo CD Book Heinz Von Buelow, 1994 A hands-on guide to the most current information available regarding Photo CD technology, this book concentrates on the everyday, practical use. The companion CD-ROM will help readers to understand the capabilities of the Kodak Photo CD. Included on the CD-ROM are picture and application examples and an extensive practice session including picture editing, printing, and picture presentations.

Putting People in the Picture, 2007-01-01 The book takes up some of the theoretical and practical challenges offered by Visual Sociology, Image-based Research, Media Studies, Rural Development, and Community-based and Participatory Research, and in so doing offers audiences an array of visual approaches to studying and bringing about social change.
