Our Special Photo Album Speedy Publishing Llc,2014-02 The Benefits and Uses of a Family Photo Album Every family should have a family photo album. In today's modern age, where photos are uploaded to social media and forgotten, photo albums are particularly important. Having physical copies of photographs of a family's most significant events can be quite meaningful. A family photo album can contain wedding pictures, pictures of children's formative years, pictures of favorite pets, and pictures of fun events in the family's life. Keeping photos like these in chronological order within a photo album lets a family look through their lives together with ease. Photo albums are also a wonderful way to leave future family members a glimpse into the lives of relatives they might never meet.

Wedding Photo Album Speedy Publishing Llc,2014-02 The Benefits and uses of a Wedding Photo Album Wedding Albums - Digital may be In but Traditional is enduring In this modern age of digital photography there seems to be less interest in having a tangible wedding album to keep around for

memories. Photographers wrangle the newlyweds into buying the newest digital package with CD's/DVD's and other whatnots. But what about having your hands on old-fashioned if I dare say photos? Nothing can still beat the traditional wedding album as a keepsake. It is a wonderful item to have on the shelf or coffee table. It makes for a conversation maker and guests at your home can pick it up at their leisure if they so choose. Breaking out a DVD and popping it in seems so pretentious of an exercise that it would be downright embarrassing.
