In Doubt Dan Simon,2012-06-30 Criminal justice is

unavoidably human. Detectives, witnesses, suspects, and victims shape investigations; prosecutors, defense attorneys, jurors, and judges affect the outcome of adjudication. Simon shows how flawed investigations produce erroneous evidence and why well-meaning juries send innocent people to prison and set the guilty free.

Weird Scenes Inside The Canyon David McGowan,2014-03-19

The very strange but nevertheless true story of the dark underbelly of a 1960s hippie utopia. Laurel Canyon in the 1960s and early 1970s was a magical place where a dizzying array of musical artists congregated to create much of the music that provided the soundtrack to those turbulent times. Members of bands like the Byrds, the Doors, Buffalo Springfield, the Monkees, the Beach Boys, the Turtles, the Eagles, the Flying Burrito Brothers, Frank Zappa and the Mothers of Invention, Steppenwolf, CSN, Three Dog Night and Love, along with such singer/songwriters as Joni Mitchell, Judy Collins, James Taylor and Carole King, lived together and jammed together in the bucolic community nestled in the Hollywood Hills. But there was a dark side to that scene as well. Many didn't make it out alive, and many of those deaths remain shrouded in mystery to this day. Far more integrated into the scene than most would like to admit was a guy by the name of Charles Manson, along with his murderous entourage. Also floating about the periphery were various political operatives, up-and-coming politicians and intelligence personnel – the same sort of people who gave birth to many of the rock stars populating the canyon. And all the canyon's colorful characters – rock stars, hippies, murderers and politicians – happily coexisted alongside a covert military installation.

*BEVERLY PARK: the Kiddieland That Inspired Walt Disney* Jay Jennings,2018-11-13 Before Walt Disney built Disneyland, he frequently visited Beverly Park to learn the ins and outs of the amusement park industry. Located in Los Angeles, California, on

the corner of Beverly Boulevard and La Cienega (where the Beverly Center now stands), Beverly Park operated from 1943-74 and during that time it was known as an iconic, kiddieland amusement park that was famous for its innovative rides, birthday parties, movie star sightings and where divorced dads brought their children on the weekends. A few yards away from Beverly Park was Ponyland, where boys and girls were whisked around a track by their favorite pony. This book documents the history of Beverly Park, its founder, ride designer Dave Bradley and the park's connection to Walt Disney, including 175 black-and-white photographs that have never been published.

**Envisioning America** Tritia Toyota,2009-10-20 Envisioning America is a groundbreaking and richly detailed study of how naturalized Chinese living in Southern California become highly involved civic and political actors. Like other immigrants to the United States, their individual life stories are of survival, becoming, and belonging. But unlike any other Asian immigrant group before

them, they have the resources—Western-based educations, entrepreneurial strengths, and widely based social networks in Asia—to become fully accepted in their new homes. Nevertheless, Chinese Americans are finding that their social credentials can be a double-edged sword. Their complete incorporation as citizens is bounded both by mainstream discourse in the United States, which paints them racially as perpetual foreigners, and by an existing Asian-Pacific American community not always accepting of their economic achievements and transnational ties. Their attempts at inclusion are at the heart of a vigorous struggle for recognition and political empowerment. This book challenges the notion that Asian Americans are apathetic or apolitical about civic engagement, reminding us that political involvement would often have been a life-threatening act in their homeland. The voices of Chinese Americans who tell their stories in these pages uncover the ways in which these new citizens actively embrace their American citizenship and offer a unique perspective on how global identities transplanted across borders become rooted in the local.

*The People of Paper* Salvador Plascencia, 2006 Part memoir, part lies, this imaginative tale is a story about loving a woman made of paper, about the wounds made by first love and sharp objects.

Problematic marriages and challenging relationships will take on positive new dimensions.

**Global Baker** Dean Brettschneider, 2020-02-15 With a career that has taken him across Europe and Asia, global baker Dean Brettschneider shares the best of his baking experiences and

influences in this book. From recipes for his signature breads such as pain au levain and chocolate chip hot cross buns, and crowd favourites picked up from his time in Shanghai, such as Chinese steamed buns with spring onions and red bean and sesame ring bread, to new pastry and dessert creations such as fruit mince moon cakes and sweet potato and blueberry crème brûlée, Dean also provides easy-to-follow instructions on baking techniques and decoration tips, to equip and inspire bakers of all levels of proficiency.

**All Involved** Ryan Gattis, 2015-04-07 A propulsive and ambitious novel as electrifying as *The Wire*, from a writer hailed as the West Coast's Richard Price—a mesmerizing epic of crime and opportunity, race, revenge, and loyalty, set in the chaotic streets of South Central L.A. in the wake of one of the most notorious and incendiary trials of the 1990s At 3:15 p.m. on April 29, 1992, a jury acquitted three white Los Angeles Police Department officers charged with using excessive force to subdue a black man named Rodney King, and failed to reach a verdict on the same charges involving a fourth officer. Less than two hours later, the city exploded in violence that lasted six days. In nearly 121 hours, fifty-three lives were lost. But there were even more deaths unaccounted for: violence that occurred outside of active rioting sites by those who used the chaos to viciously settle old scores. A gritty and cinematic work of fiction, *All Involved* vividly re-creates this turbulent and terrifying time, set in a sliver of Los Angeles largely ignored by the media during the riots. Ryan Gattis tells seventeen interconnected first-person narratives that paint a portrait of modern America itself—laying bare our history, our prejudices, and our complexities. With characters that capture the voices of gang members, firefighters, graffiti kids, and nurses caught up in these extraordinary circumstances, *All Involved* is a literary tour de force that catapults this edgy writer into the ranks of such legendary talents as Dennis Lehane and George V. Higgins.

The Septembers of Shiraz Dalia Sofer, 2007-07-24 In the aftermath of the Iranian revolution, rare-gem dealer Isaac Amin is arrested, wrongly accused of being a spy. Terrified by his disappearance, his family must reconcile a new world of cruelty and chaos with the collapse of everything they have known. As Isaac navigates the tedium and terrors of prison, forging tenuous trusts, his wife feverishly searches for him, suspecting, all the while, that their once-trusted housekeeper has turned on them and is now acting as an informer. And as his daughter, in a childlike attempt to stop the wave of baseless arrests, engages in illicit activities, his son, sent to New York before the rise of the Ayatollahs, struggles to find happiness even as he realizes that his family may soon be forced to embark on a journey of incalculable danger. A page-turning literary debut, *The Septembers of Shiraz* simmers with questions of identity, alienation, and love, not simply for a spouse or a child, but for all the intangible sights and smells of the place we call home.

*Policing and Prosecuting Sexual Assault* Cassia

Spohn, Katharine Tellis, 2014 Cassia Spohn and Katharine Tellis assess the criminal justice system's response to sexual assault, exploring the complex dynamics that shape the actions of police and prosecutors. The authors draw on unparalleled access to Los Angeles detectives, prosecutors, and case files to make sense of the factors that affect the outcomes of sexual assault claims. Following cases from victim report, to police investigation, to the decision to charge—or not to charge—they provide new insights into why shockingly few sexual assault claims lead to an eventual criminal conviction.
