Words about Pictures Perry Nodelman,1990-01-01 A pioneering study of a unique narrative form, Words about Pictures examines the special qualities of picture books--books intended to educate or tell stories to young children. Drawing from a number of aesthetic and literary sources, Perry Nodelman explores the ways in which the interplay of the verbal and visual aspects of picture books conveys more narrative information and stimulation than either medium could achieve alone. Moving from baby books, alphabet books, and word books to such well-known children's picture books as Nancy Ekholm Burkert's Snow White and the Seven Dwarfs, Gerald McDermott's Arrow to the Sun, Maurice Sendak's Where the Wild Things Are, and Chris Van Allsburg's The Garden of Abdul Gasazi, Nodelman reveals how picture-book narrative is affected by the exclusively visual information of picture-book design and illustration as well as by the relationships between pictures and their complementary texts.--pub. desc.

Tell Me a Picture Quentin Blake, 2015-03-15 In 2001, Quentin Blake - the first Children's Laureate - chose twenty-six of his favorite paintings for an exhibition at the National Gallery. Very different artworks were chosen, some by fine artists and some by children's illustrators, but they all had one thing in common: a story to tell. The accompanying book urges children to use their imaginations and look for the stories in the pictures. Reissued with a new introduction from the author, *Tell Me A Picture*

will show a new generation the adventures that await in looking at art.

Book of 50 Pictures Anonymous,2017-10-31 The Most Popular Children Picture book for all readers, especially for kids.

Inside Picture Books Ellen H. Spitz,2003-01 Addresses such questions as: Why do picture book images shown to us as young children linger in our minds? How do picture books shape our lives early on & even later into adulthood? Classic picture books transmit psychological wisdom, convey moral lessons, shape tastes, & implant subtle prejudices. Each chapter discusses well-known children's books -- Goodnight Moon, Babar, Little Black Sambo, to name a few -- that deal with a theme of importance to young children. These include bedtime, separation, loss, & death; curiosity, disobedience, & punishment, & self-acceptance. Gives a new understanding of the meaning of picture books; also empowers adults to interpret & choose future cultural experiences for their children. Illus.
