Part of a Long Story Agnes Boulton, 2011-03-29 Agnes Boulton's memoir of her first two years of marriage to Eugene O'Neill was published in 1958, two years after the premiere of O'Neill's masterpiece, *Long Day's Journey into Night*. Contemporary critics dismissed the book as impressionistic, and it received little popular attention. Now held as a classic depicting one woman's strivings for self-representation, this new edition restores two sections previously excised for now-obsolete legal reasons. The new text features corrected misspellings and the addition of footnotes to clarify reference points and correct errors. Boulton's memoir represents an important addition to women's literature, as well as literary biography and autobiography.

The Life of Michelangelo John Symonds, 2014-07-23 One of the most important figures in the history of art, his monumental paintings in the Sistine Chapel, his sculpture David in Florence, and his Pieta at St. Peter's Basilica in Rome are among the greatest human achievements of all time and remain the most visited and admired works of art in the world. Michelangelo's life has been the subject of many biographies over the centuries, but it was not until the appearance of John Addington Symonds's *The Life of Michelangelo Buonarroti*, in 1893, that a biographer had complete access to the

artist's family archives.
