Elena Agathokleous

Pidgin and Creole Languages Suzanne Romaine, 2017-09-08 This book defines and describes the linguistic features of these languages and considers the dynamic developments that bring them into being and lead to changes in their structure.

The Book of Pidgin English John Joseph Murphy, 1959

The Book of Pidgin English John Joseph Murphy, 1949

Pidgin Grammar Kent Sakoda, Jeff Siegel, 2003 Devoted to a serious description of Pidgin origins and grammar, this work on Pidgin grammar does not require knowledge of linguistics. This reference is useful for anyone wanting to know more about this unique language of the Hawaiian Islands.

Pidgin to Da Max Douglas Simonson, 2005 An alphabetical guide to words and phrases in Hawaiian Pidgin English, with comic strips illustrating usage.

Living Pidgin Lee A. Tonouchi, 2002 Literary Nonfiction. Essays. Asian-American Studies. Second Edition. A collection of talks and concrete poems by Hawaii's pidgin guerrilla, Lee Tonouchi. Included in the book are such essays as *Da State of Pidgin Address* and *That Pidgin Th-ang*, which combine insight about Hawaiian Creole English (usually referred to as pidgin) with Tonouchi's usual verve and wit. A must-buy for anyone interested in Hawai'i, in language, in multicultural America.

The Book of Pidgin English, 1943

A Comparative Analysis of Jamaican Creole and Nigerian Pidgin English Pamela Odimegwu, 2012-07-02 Nigerian Pidgin English shows a large number of similarities to Jamaican Creole or Patois. Many phrases and words in Patois are also found in Nigerian Pidgin English. Linguists believe that this is due to the fact that the majority of slaves taken to the New World were from West Africa. Though many comparative studies have been made on Pidgins and Creoles, none or not many have been made specifically on Nigerian Pidgin English and Jamaican Creole. This book examines some of the similarities and differences which exist between Nigerian Pidgin English and Jamaican Creole. The book also investigates whether these two languages do, in fact have a common origin.

Hands Off Pidgin English! Robert Anderson Hall, 1955

Pidgins and Creoles Loreto Todd, 2003-09-02 The focus of this study is upon those pidgins and creoles which are English based and which have arisen since the fifteenth century. The book examines the widespread nature of the pidgin/creole phenomenon and evaluates the current definitions of the terms and the theories which have been advanced to account for their existence. The author considers the potential of pidgins and creoles as literary media and as vehicles for education. She looks at the sociological and psychological implications of using pidgins and creoles in the classroom and examines the position of American 'Black English' and 'London Jamaican' in the pidgin/creole continuum.

Pidgin and Creole Tense-mood-aspect Systems John Victor Singler, 1990 For review see: Mark Sebba, in *New West Indian Guide / Nieuwe West Indische Gids*, vol. 66, no. 3/4 (1992); p. 288-290.

The Structure and Status of Pidgins and Creoles Arthur Kean Spears, Donald Winford, 1997-01-01 Destined to become a landmark work, this book is devoted principally to a reassessment of the content, categories, boundaries, and basic assumptions of pidgin and creole studies. It includes revised and elaborated papers from meetings of the Society for Pidgin and Creole Linguistics in addition to commissioned papers from leading scholars in the field. As a group, the papers undertake this reassessment through a reevaluation of pidgin/creole terminology and contact language typology (Section One); a questioning of process and evolution in pidginization, creolization, and other language contact phenomena (Section Two); a reinterpretation of the sources and genesis of grammatical aspects of Saramaccan and Atlantic creoles in general (Section Three); a reconsideration of the status of languages defying received definitions of pidgins and creoles (Section Four); and analyses of aspects of grammar that shed light on the issue of what a possible creole grammar is (Section Five).

The Emergence of Pidgin and Creole Languages Jeff Siegel, 2008-02-28 This book examines the emergence of pidgins and creoles and the controversies surrounding current theories about them. Among the questions considered are why their grammars are simple, at the pidgin-creole-postcreole life cycle, and the causes of grammatical innovation. The analysis is supported with detailed examples and case studies.

Investigating the Case of Pidgin Liberian English Elena Agathokleous, 2021-03-18 Essay from the year 2018 in the subject Speech Science / Linguistics, grade: A, , language: English, abstract: The paper discusses the formation of pidgin Liberian English. A Pidgin language is a language created from the need of people with different native languages to communicate. Pidgin languages are often created to serve one specific purpose. Most often a Pidgin facilitates people that want to trade or serves as a way of understanding between settlers and natives in cases of colonization. A Pidgin language is one that has no native speakers. If it acquires native speakers by children growing up having the specific language as their native language, then it is categorized as a Creole language.

Melanesian Pidgin and Tok Pisin John W.M. Verhaar, S.J., 1990-01-01 The First International Conference on Pidgins and Creoles in Melanesia was planned mainly for Tok Pisin, but no predetermined theme(s) had been proposed to the participants. Nevertheless, in this collection of papers several principal themes stand out. One is that of a revived interest in substratology, both for Tok Pisin and for Bislama. Another is what in fact amounts to a change in perspective from universalism, as supposedly competitive with the substratological orientation, towards a generalist approach to typology, which reduces the apparent polarity, from a theoretical point of view. A third is the pervasive interest of contributors in wider language issues in the social and political life of Papua New Guinea. These interests go back to the linguistic and social experience of the participants, most of whom have a long record of living among the people whose languages they have studied on a day-to-day basis, and to the relative remoteness of their inspiration from the more theoretical and perhaps ultimately untestable issues which surround the universalist approach and its claims for a bioprogram foundation for language.

Nigerian Pidgin Vs. Tok Pisin: A Comparison of the Grammar Julia Burg, 2009-07 Seminar paper from the year 2006 in the subject English Language and Literature Studies - Linguistics, grade: 2,3, University of Freiburg (Englisches Seminar), course: Pidgins and Creoles, 7 entries in the bibliography, language: English, abstract: 1. Introduction Nigeria and Papua New Guinea are two of many countries which have adopted English as their main language. But having so many other, substrate languages influencing the development of an English-speaking country, two major pidgin languages developed: Nigerian Pidgin and Tok Pisin. If one wants to compare these two pidgins with each other, it seems almost inevitable to consider their great geographical distance as well as their historical differences. But my intent in this work is not to elaborate on the status and function and development of the two pidgins but on their differences in grammar. Therefore I'll mainly focus on the noun phrase and the verb phrase. 2. Morphology 2.1 Plural marking on nouns in Tok Pisin The majority of the English based Creole and Pidgin languages both at the Atlantic coast and the South Sea waive marking plurality on nouns or rather use it very optionally. Thus, the same applies to Nigerian Pidgin and Tok Pisin. But if there occurs the need to make a clear distinction between singular and plural both pidgins absolutely dispose of a pluralizer. In Tok Pisin the most common way to express plurality is by the use of the particle *ol*, which at the same time is identical to the third person plural pronoun. *Ol*, clearly derived from the English 'all', occurs before the noun as opposed to the post-nominal English plural marking suffix *-s*. (1) *Mi lukim dok.* (2) *Mi lukim ol dok.* I saw the dog. I saw the dogs. (Siegel) But according to Geoff P. Smith (2002), there is a great deal of variability, and the presence or absence of *ol* is still somewhat unpredictable (p 66). This can clearly be seen in the following example, in w

Da Kine Talk Elizabeth Ball Carr, 2019-03-31 Hawaii is without parallel as a crossroads where languages of East and West have met and interacted. The varieties of English (including neo-pidgin) heard in the Islands today attest to this linguistic and cultural encounter. *Da kine talk* is the Island term for the most popular of the colorful dialectal forms--speech that captures the flavor of Hawaii's multiracial community and reflects the successes (and failures) of immigrants from both East and West in learning to communicate in English.

Nigerian Pidgin Nicholas Faraclas, Nick Faraclas, 2013 This is the first comprehensive grammar of Nigerian Pidgin. This book provides basic descriptive and analytical treatment of the syntax, morphology and phonology of a language which may soon become the most widely spoken in all of

Africa.
