Housing Policy in the United States Alex F. Schwartz,2014-08-07 The classic primer for its subject, Housing Policy in the United States, has been substantially revised in the wake of the 2007 near-collapse of the housing market and the nation's recent signs of recovery. Like its previous editions, this standard volume offers a broad overview of the field, but expands to include new information on how the crisis has affected the nation's housing challenges, and the extent to which the federal government has addressed them. Schwartz also includes the politics of austerity that has permeated almost all aspects of federal policymaking since the Congressional elections of 2010, new initiatives to rehabilitate public housing, and a new chapter on the foreclosure crisis. The latest available data on housing conditions, housing discrimination, housing finance, and programmatic expenditures is included, along with all new developments in federal housing policy. This book is the perfect foundational text for urban studies, urban planning, social policy, and housing policy courses.

In the Godfather Garden Richard Linnett,2013-04-01 In the Godfather Garden is the true story of the life of Richie "the Boot" Boiardo, one of the most powerful and feared men in the New Jersey underworld. The Boot cut his teeth battling the Jewish gang lord Abner Longy Zwillman on the streets of Newark during Prohibition and endured to become one of the East Coast's top mobsters, his reign lasting six decades. To the press and the police, this secretive Don insisted he was nothing more than a simple man who enjoyed puttering about in his beloved vegetable garden on his Livingston, New Jersey, estate. In reality, the Boot was a confidante and kingmaker of politicians, a friend of such celebrities as Joe DiMaggio and George Raft, an acquaintance of Joseph Valachi—who informed on the Boot in 1963—and a sworn enemy of J. Edgar Hoover. The Boot prospered for more than half a century, remaining an active boss until the day he died at the age of ninety-three. Although he operated in the shadow of bigger Mafia names across the Hudson River (think Charles Lucky Luciano and Louis "Lepke" Buchalter, a cofounder of the Mafia killer squad Murder Inc. with Jacob "Gurrah" Shapiro), the Boot was equally as brutal and efficient. In fact, there was a mysterious place in the gloomy woods behind his lovely garden—a furnace where many thought the Boot took certain people who were never seen again. Richard Linnett provides an intimate look inside the Boot's once-powerful Mafia crew, based on the recollections of a grandson of the Boot himself and complemented by never-before-published family photos. Chronicled here are the Prohibition gang wars in New Jersey as well as the murder of Dutch Schultz, a Mafia conspiracy to assassinate Newark mayor Kenneth Gibson, and the mob connections to several prominent state politicians. Although the Boot never saw the 1972 release of *The Godfather*, he appreciated the similarities between the character of Vito Corleone and himself, so much so that he hung a sign in his beloved vegetable garden that read "The Godfather Garden." There's no doubt he would have relished David Chase's admission that his muse in creating the HBO series *The Sopranos* was none other than "Newark's erstwhile Boiardo crew."

The Glass Castle Jeannette Walls,2007-01-02 A triumphant tale of a young woman and her difficult childhood, *The Glass Castle* is a remarkable memoir of resilience, redemption, and a revelatory look into a family at once deeply dysfunctional and wonderfully vibrant. Jeannette Walls was the second of four children raised by anti-institutional parents in a household of extremes.
