Pinochle Made Simple for Beginners Reggie Corson,2021-01-17 HOW TO PLAY PINOCHLE LIKE A PRO WITH EASEPinochle is a classic two-player game developed in the United States, and it is still one of the country's most popular games.Pinochle is a more advanced card game with points being scored from a melding phase and a trick-taking playing phase. It consists of discarding the cards held by placing them face up on the table to meld combinations of at least three cards and reach the minimum 1,500 points required to win the game before your opponents during several partial games.It can be played by two or more players, individually or in pairs, although the latter is more interesting and varied because players can share the cards they have in common and score for both players in one single hand. In this guide you will learn the rules and strategies of several different varieties of Pinochle -- including Partnership Pinochle, Two-Handed Pinochle, and Cut-Throat Pinochle and also how to play them with ease.GET YOURS NOW ! New Short Stories and Three Hand Pinochle Phillip M. Duse,2005-06-06 . Book Summary: This book contains a collection of short stores on life events encountered by the author and members of his immediate family, fictionalized for presentation to a broader audience. It also includes a head's up on "Three Hand Pinochle" a card game for the masses defined as having two levels of players: Level 1—social players and Level 2—players registered as competent to play the game in competitive financial events, for example: casinos, cruise ships etc., under rules explained by the author [Phil Duse Rules] which make the game truly challenging and unforgiving of players who for whatever excuse fail to follow the rules. Such infractions are defined and qualified as reneges or "Opps" which either result in a loss of "Melt" or both a loss of melt and reduction in score equal to the bid.

Pinochle for Complete Beginners Robert Ticker,2021-01-10 Pinochle, American card game typically played by three players acting alone (cutthroat) or four players in two partnerships. The game derives from a German variety of bezique called binokel (French binocle). All these names mean eyeglasses (literally two-eyes) and refer to the scoring combination of queen of spades and jack of diamonds, allegedly because the game originated with a deck of cards in which these courtly characters were depicted in profile, exhibiting one eye apiece and therefore two eyes in combination.A pinochle deck consists of 48 cards, with two cards of each rank and suit from ace (high) through 10, king, queen, jack, and 9 (low). When taken in tricks, the cards are valued as follows, in the simplified point-count system, which is now almost universal: aces, 10s, and kings are worth one point each, and queens, jacks, and 9s are worthless.Get your copy today by scrolling up and clicking Buy Now to get your copy today

Pinochle Strategy Manual David Grappo,2012-05-09 Pinochle has many variations. It is hard to find a strategy manual that addresses the way you play the game. This manual is for you if you play the four-card-pass-game using the following rules: *You play with a single deck.*You play with 4 players in two partnerships.*Your point counters are Ace, King, and 10, and each is worth 1 point (or 10).*Your minimum opening bid is 25 (or 250).*The auction winner (declarer) chooses the trump suit.*Declarer's partner passes 4 cards to declarer who looks at the cards before passing 4 back. Then meld is put down.*You use basic meld scoring. No bonus for a third leg of a marriage or pinochle. No super bonus for a double trump marriage.This manual shows you how to determine the best bidding range for your hand. It is based on the mathematical probability that your partner will have the card(s) you need to boost your meld. You can use this bidding system even if your partner doesn't.Also introduced are simple but optional bidding conventions. These bids allow you to describe features of your hand to your partner. The Table of Contents identifies the strategic turning points that occur throughout the game. The text suggests ways to take advantage of the opportunities available to you at each point. Both new and experienced players will find many ideas to sharpen their play
