The Life of Slang Julie Coleman, 2012-03-08 Bad-ass, bee's knees, and bomb-diffity - slang rules Teachers, politicians, broadcasters, and parents complain of the slang-infested language of today's teenagers. But slang has been around for centuries, always troubling those who take a purist line on the English language. In this entertaining book, Julie Coleman traces the development of slang across the English-speaking world and explores why and how it flourishes. She makes use of a marvellous array of sources, including newly available online records of the Old Bailey, machine-searchable historical newspaper collections, slang users themselves, scholarly works, and the latest tweets. It is a book guaranteed to teach you some new words that you should never use in polite company.

Global Outlaws Carolyn Nordstrom, 2007 A deeply insightful book that connects the dots of the hidden systems that have subverted democracy and caused the type of desperation and anger that result in a 9/11. A book that opens our awareness.--John Perkins, author of The New York Times bestseller Confessions Of An Economic Hit Man Anyone interested in global economic crime should read this book.--Charmian Gooch, a founding director of Global Witness Global Outlaws is a revealing book about a global trend whose importance is still far from being fully recognized.--Moises Naim, Editor in Chief of Foreign Policy Magazine and author of Illicit: How Smugglers Traffickers and Copycats are Hijacking the Global Economy Carolyn Nordstrom's important new book takes us on a dark journey through war-torn landscapes riddled with corruption, violence, and gross inequalities. It is a compelling study--one guided by the norms of scholarly research but also written out of deeply felt experience. A book infused by anger, compassion, but also hope.--Andrew Mack, University of British Columbia This is a fascinating, insightful, and important ethnographic study of the intersection of crime, finance, and power in the illegal, 'informal', or underground economy. I have read all of Carolyn Nordstrom's books, and this is the best one yet.--Jeff Sluka, Massey University Carolyn Nordstrom's Global Outlaws is a rare and remarkable fusion of economic anthropology and travel writing. The prose is highly engaging without being sensationalistic. This is a timely and fascinating read for anyone looking for an on-the-ground account of the clandestine underside of globalization.--Peter Andreas, co-author of Policing the Globe: Criminalization and Crime Control in International Relations Carolyn Nordstrom is the best fieldworker in anthropology, bar none. Yet again she has pioneered new fieldsites and new forms of ethnography in this book, as well as presented a new framework for viewing economics and economic power. This is undoubtedly a highly important work that sets new frontiers for anthropology.--Monique Skidmore, Australian National University

The Routledge Handbook of World Englishes Andy Kirkpatrick, 2020-12-31 The Routledge Handbook of World Englishes constitutes a comprehensive introduction to the study of World Englishes. Split into six sections with 40 contributions, this Handbook discusses how English is operating in a wide range of fields from business to popular culture and from education to new literatures in English and its increasing role as an international lingua franca. Bringing together more than 40 of the world's leading scholars in World Englishes, the sections cover historical perspectives, regional varieties of English from across the world, recent and emerging trends and the pedagogical implications and the future of Englishes. The Handbook provides a thorough and updated overview of the field, taking into account the new directions in which the discipline is heading. This second edition includes up-to-date descriptions of a wide range of varieties of English and how these reflect the cultures of their new users, including new chapters on varieties in Bangladesh, Uganda, the Maldives and South Africa, as well as covering hot topics such as translanguaging and English after Brexit. With a new substantial introduction from the editor, the Handbook is an ideal resource for students of applied linguistics, as well as those in related degrees such as applied English language and TESOL/TEFL.

Affective Health and Masculinities in South Africa Hans Reihling, 2020-04-03 Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

Tropical Plant Science G. K. Berrie, A. Berrie, J. M. O. Eze, 1987

The Engagement of Professional Services Barry Butcher, David Coker, 1995

The Biblically Defined Process That Brings Fear of the Enemy Into A Person's Life Rachel Little Dove, 2009-03-16 This is Volume Two of The WAR ON FEAR Series. In this book, you will find out what the Bible says about how FEAR originated with mankind. And, you will also see God's foundational solution to FEAR found in the Scriptures. This book was written because we want you learn how to become free from the operation of fear in your life. God Bless you!

Guy Laliberté Ian Halperin, 2009 Laliberte means freedom in French, but Laliberte gives freedom new meaning. This title takes you inside Laliberte's world, followed by over-the-top partying by night. It lets you experience relentless drive of this visionary, his passion for life, the Cirque, and women.

The Security Economy OECD, 2004-06-09 With the market for security goods and services having expanded rapidly since 9/11, this study examines the potential costs of major disruptions, the trade-offs between tighter security and economic efficiency, and the implications of tighter security for privacy and other democratic liberties.

Historical Dictionary of American Slang Jonathan E. Lighter, 2007-07-01

The Other Tongue Braj B. Kachru, 1983

Flappers 2 Rappers Tom Dalzell, 2012-03-07 Entertaining, highly readable book pulses with the vernacular of young Americans from the end of the 19th century to the present. Alphabetical listings for each decade, plus fascinating sidebars about language and culture.

The Routledge Handbook of Language Testing Glenn Fulcher, Fred Davidson, 2013-10-15 Winner of the SAGE/ILTA Book Award 2016 The Routledge Handbook of Language Testing will provide a comprehensive account of the area of language assessment and testing. Written by leading specialists from around the world, this volume brings together approximately 35 authoritative articles (around 8000 words each). The proposed outline for the Handbook (below) is divided into ten sections. The section titles reflect the contents of their Language Testing and Assessment –textbook in our RAL series and sketch a useful overview of the discipline. Each chapter has been carefully selected to relate to key issues raised in the respective topic, providing additional historical background, critical discussion, reviews of key research methods, and an assessment of what the future might hold.

The Routledge Handbook of Applied Linguistics James Simpson, 2011-03-15 The Routledge Handbook of Applied Linguistics serves as an introduction and reference point to key areas in the field of applied linguistics. The five sections of the volume encompass a wide range of topics from a variety of perspectives: applied linguistics in action language learning, language education language, culture and identity perspectives on language in use descriptions of language for applied linguistics. The forty-seven chapters connect knowledge about language to decision-making in the real world. The volume as a whole highlights the role of applied linguistics, which is to make insights drawn from language study relevant to such decision-making. The chapters are written by specialists from around the world. Each one provides an overview of the history of the topic, the main current issues and possible future trajectory. Where appropriate, authors discuss the impact and use of new technology in the area. Suggestions for further reading are provided with every chapter. The Routledge Handbook of Applied Linguistics is an essential purchase for postgraduate students of applied linguistics. Editorial board: Ronald Carter, Guy Cook, Diane Larsen-Freeman and Amy Tsui.

The Routledge Handbook of Translation Studies Carmen Millán, Francesca Bartrina, 2013-03-05 The Routledge Handbook of Translation Studies provides a comprehensive, state-of-the-art account of the complex field of translation studies. Written by leading specialists from around the world, this volume brings together authoritative original articles on pressing issues including: the current status of the field and its interdisciplinary nature the problematic definition of the object of study the various theoretical frameworks the research methodologies available. The handbook also includes discussion of the most recent theoretical, descriptive and applied research, as well as glimpses of future directions within the field and an extensive up-to-date bibliography. The Routledge Handbook of Translation Studies is an indispensable resource for postgraduate students of translation studies.

Spectral Sea Stephen G. Nichols, Joachim Küpper, Andreas Kablitz, 2017 The essays in this book lay bare the dynamics of cultural confrontation between Europe and the Mediterranean world from medieval to modern times.

Ebonics J. David Ramirez, 2005-01-01 This collection of papers, comments, and documents traces the distant and recent history of the Ebonics debate in the USA. The book examines how, despite increasing access to public education over the past century, schools continue to impose language standards and expectations on children that methodically privileges some, while disadvantaging others.

The War and the Future John Masefield, 2023-07-18 A stirring collection of poems about war and its impact on individual lives. John Masefield captures the horror and heroism on the front lines of World War I, and reflects on the wider implications of the conflict for society as a whole. This book is a must-read for anyone interested in the role of art in times of crisis. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Routledge Handbook of Multilingualism Marilyn Martin-Jones, Adrian Blackledge, Angela Creese, 2012-05-31 The Routledge Handbook of Multilingualism provides a comprehensive survey of the field of multilingualism for a global readership, and an overview of the research which situates multilingualism in its social, cultural and political context. The handbook includes an introduction and five sections with thirty two chapters by leading international contributors. The introduction charts the changing landscape of social and ethnographic research on multilingualism (theory, methods and research sites) and it foregrounds key contemporary debates. Chapters are structured around sub-headings such as: early developments, key issues related to theory and method, new research directions. This handbook offers an authoritative guide to shifts over time in thinking about multilingualism as well as providing an overview of the range of contemporary themes, debates and research sites. The Routledge Handbook of Multilingualism is the ideal resource for postgraduate students of multilingualism, as well as those studying education and anthropology.

The Life of William Cavendish, Duke of Newcastle: To Which Is Added the True Relation of My Birth, Breeding and Life / by Margaret, Duchess of Newcastle Charles Harding Firth, Margaret Cavendish, 2022-10-27 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it.
