Even Faster Web Sites Steve Souders, 2009-06-04 Performance is critical to the success of any web site, and yet today's web applications push browsers to their limits with increasing amounts of rich content and heavy use of Ajax. In this book, Steve Souders, web performance evangelist at Google and former Chief Performance Yahoo!, provides valuable techniques to help you optimize your site's performance. Souders' previous book, the bestselling *High Performance Web Sites*, shocked the web development world by revealing that 80% of the time it takes for a web page to load is on the client side. In *Even Faster Web Sites*, Souders and eight expert contributors provide best practices and pragmatic advice for improving your site's performance in three critical categories:

JavaScript—Get advice for understanding Ajax performance, writing efficient JavaScript, creating responsive applications, loading scripts without blocking other components, and more.

Network—Learn to share resources across multiple domains, reduce image size without loss of quality, and use chunked encoding to render pages faster. Browser—Discover alternatives to iframes, how to simplify CSS selectors, and other techniques. Speed is essential for today's rich media web sites and Web 2.0 applications. With this book, you'll learn how to shave precious seconds off your sites' load times and make them respond even faster. This book contains six guest chapters contributed by Dion Almaer, Doug Crockford, Ben Galbraith, Tony Gentilcore, Dylan Schiemann, Stoyan Stefanov, Nicole Sullivan, and Nicholas C. Zakas.

How Has The Indian Brand Endorsement Landscape Evolved? Dr Kisholoy Roy, 2020-02-26 This book can well be considered as a sequel to my authored book published in 2017 titled *How To Execute Celebrity Endorsements to Enhance Brand Preferences?* If my first book on celebrity endorsements was more academic in nature and content, this book of mine is more industry oriented and analytical that can well be considered as a documented commentary of the way Indian brand endorsement space has evolved between 2015 and 2020. During this period certain redefining

moments happened to the celebrity endorsement stratosphere like the Maggi controversy, the demonetization drive and the digitization of the Indian media and entertainment business. Lot of tectonic shifts in Indian celebrity endorsements have been observed that have been covered in detail in this book along with offering clear indication as to what more can be expected in times to come.

China-Focused Cases CEIBS Case Center,2019-03-01 This book is the first anthology compiled in English by the CEIBS Case Center to promote China-focused cases worldwide. Included are ten of twenty six award-winning cases from the Global Contest for the Best China-Focused Cases during 2015 to 2017: these works exemplify the quality of effective business cases and share stories of China to the world. Each of the ten cases has a defining feature. Some cases, with a focus on user demand, analyze how companies build their core competence (e.g., Haidilao Hot-Pot and OnePlus Mobile Phone), while others present an array of business innovations in the era of new retail, e-commerce, and the sharing economy (e.g., SF Express, Jinhubao, ofo, FamilyMart, and Handu Apparel). Some describe Chinese companies' operations in the overseas market (e.g., Huawei and TECNO), and others depict how foreign companies adapt to the Chinese market in a unique way (e.g., Starbucks). These cases were drawn from Chinese and overseas business schools. The book helps bridge the gap between the world management community's interest in China and the limited availability of China-focused management cases. We hope this collection of select cases will prove valuable and informative for our readers.
