I Wore Babe Ruth's Hat David W. Zang,2015-05-15 David W. Zang played junior high school basketball in a drained swimming pool. He wore a rubber suit to bed to make weight for a wrestling meet. He kept a log as an obsessive runner (not a jogger). In short, he soldiered through the life of an ordinary athlete. Whether pondering his long-unbuilt replica of Connie Mack Stadium or his eye-opening turn as the Baltimore Ravens' mascot, Zang offers tales at turns poignant and hilarious as he engages with the passions that shaped his life. Yet his meditations also probe the tragedy of a modern athletic culture that substitutes hyped spectatorship for participation. As he laments, American society's increasing scorn for taking part in play robs adults of the life-affirming virtues of games that challenge us to accomplish the impossible for the most transcendent of reasons: to see if it can be

done. From teammates named Lop to tracing Joe Paterno's long shadow over Happy Valley, *I Wore Babe Ruth's Hat* reports from the everyman's Elysium where games and life intersect.

foremost authority has written the first comprehensive reference about the U.S. Merchant Marine and American shipping from the introduction of steamships to today's diesel containerships--showing the impact of politics, economics, and technology on maritime history during the last two centuries. Over 500 entries describe people, private companies, business and labor groups, engineering and technological developments, government agencies, terms, key laws, landmark cases, issues, events, and ships of note. Short lists of references for further reading accompany these entries. Appendices include a chronology, diagrams of government organizations, and lists of business and labor groups by founding dates.
