Concise Oxford English Dictionary Angus Stevenson, Maurice Waite, 2011-08-18 Offers definitions for English words and phrases, along with observations about the evolution of the dictionary since its first edition and tables that contain information for such topics as countries and chemical elements.

The Concise Oxford Dictionary of Current English Henry Watson Fowler, Della Thompson, Francis George Fowler, 1995 This new edition of Oxford's flagship single-volume dictionary brings you the results of the latest research into the real English of today. Oxford is lead partner in the British National Corpus, a massive and constantly expanding hundred-million-word database which allows dictionary editors to sample today's language - newspapers, magazines, books, advertisements, even transcripts of spoken English. With thousands of occurrences of each common word available for instant analysis, lexicographers are able to track the latest trends in, for instance, spelling and hyphenation or disputed usages, with greater accuracy than ever before. This rolling, constantly updated 'opinion poll of language' combined with Oxford's unparalleled world reading programme (we spend more on language research than any other dictionary publisher in the world), ensures that COD9 is the up-to-date reference for today's English.

Pocket Oxford Dictionary and Thesaurus Sara Hawker, 2008 Featuring a dictionary and thesaurus combined, the Pocket Oxford Dictionary & Thesaurus provides the essential language reference help you need in a single portable volume. The second edition of this reference book has been completely redesigned so that it is easier to use. The thesaurus entry for a word now immediately follows the dictionary entry, so that you do not need to hunt around the page for this information. We have also made the text more open and accessible, so that you can find the word you are looking for quickly and easily. New words and new meanings have been added to the text, so you can be sure that you are using a reference book that is up-to-date and reflects the developments of the English language. With over 90,000 words, phrases, and definitions, and 115,000 synonyms and antonyms, the Pocket Oxford Dictionary & Thesaurus provides all the everyday language help you need. This edition also contains new Word Link features, helping you find words that are closely associated with each other. For example, the Word Link at environment tells you that the study of the natural world is called ecology, and the Word Link at cave informs you that the exploration of caves is known as speleology or potholing. The new centre section of the dictionary and thesaurus contains encyclopedic information such as lists of countries, capitals, and kings and queens, helping you to broaden your knowledge, and to find solutions for quizzes and puzzles. The Pocket Oxford Dictionary & Thesaurus is an invaluable tool for anyone who wants a portable quick reference tool useful both for general ready reference and for quizzes and crossword puzzles.
