The Clearly Confusing World of Self-Publishing and Pod Clea Saal,2002-02-20 Computers and new printing technologies have brought significant changes to the world of self-publishing. Unlike what was the case only a decade ago, it is now possible to release a book without printing a full press run and the Internet provides some marketing opportunities that were not available a few years ago. This means that a book can now be published for a very modest fee, and that warehousing costs are a thing of the past. If you are thinking about self-publishing, then this book will provide you with a quick overview of everything you need to know in order to have your book released. And, it will help you decide whether or not self-publishing is really the best thing for your book. One of the things this book does not attempt to do is tell you that self-publishing is for everyone. Unlike most books on the subject, this one does try to present an accurate portrayal of the advantages and disadvantages of self-publishing, something that is critical if you want to avoid a painful disappointment.

POD for Profit Aaron Shepard,2010-12-31 This 2010 version of the book is the last version available. For partial updates, please visit Aaron Shepard's Publishing Page. Please note also that Lightning Source now directs self publishers to its offshoot operation, IngramSpark. CreateSpace uses it. Lulu.com uses it. So do AuthorHouse, iUniverse, Xlibris, and almost every other self publishing company in the U.S., Canada, and the U.K. What is it? Lightning Source, the printer and distributor at the heart of the print on demand industry. For the work those companies can't handle themselves, it's Lightning they most often depend on. So, why pay a middleman? In this follow-up to his groundbreaking book Aiming at Amazon, Aaron Shepard explores how to double your profit by working directly with Lightning. If you're serious about making money with POD publishing, this book can show you the way.

// Aaron Shepard is a foremost proponent of the new business of profitable self publishing through print on demand, which he has practiced and helped develop since 1998. Unlike most authorities on self publishing, he makes the bulk of his living from his self-published books -- not from consulting, speaking, freelance writing, or selling publishing services. In a parallel life, Aaron is an award-winning children's author with numerous books from publishers large and small.

// Aaron Shepard is the undisputed expert at earning profit from POD. Here are the step-by-step instructions for setting up your own publishing operation and optimizing the financial benefits. Following his steps, you will earn two or three times as much per book. -- Bruce Batchelor, author, Book Marketing DeMystified, and founder and former CEO, Trafford Publishing A graduate course and definitive guide for advanced POD publishing. -- Morris Rosenthal, author, Print-on-Demand Book Publishing A tremendous amount of information that will benefit an author who self publishes not only through Lightning Source but by any other method. -- Kevin Sivils, author, Self-Publishing with Amazon's CreateSpace Remarkably thorough and readable. -- Jonathan LeBlanc Roberts, Breton Bay Publishing I wish I had read a book like this before I started publishing. -- Brandon Simpson, Small Town Press Invaluable advice for any small press or independent publishing firm. -- Max Scratchmann, Poison Pixie Publishing Could not be more timely or helpful. What a wealth of

information . . . and not just what to do, but HOW. -- Malcolm Dell, Elbow Grease Publishing Aaron Shepard is exceptional in his ability to keep up with the ever-changing minutiae of the world of self publishing via POD. I wouldn't want to publish without this book within reach. -- John Culleton, Wexford Press Don't go into publishing without it. -- Grace Bridges, Splashdown Books Another gold mine of information from Aaron Shepard. Absolutely required reading for any self publisher. -- Christy Pinheiro, author, The Step-By-Step Guide to Self-Publishing for Profit!
