Series Texas HOLD'EM Poker Tournament! The beginning When playing Texas Hold'em poker, every player is dealt two cards face down - these are called your 'hole cards'. Then there is a round of betting where you can Check, Bet or Fold. This stage of the game is known as pre-flop and what you should do is dependent on those hole cards, or starting hand. When all the betting has finished three shared cards are dealt face up in the middle of the table. This is called the flop. The flop The middle After this there is another round of betting, then a fourth shared card - called the turn - is dealt. The turn There is another round of betting then a final shared card - called the river - and a final round of betting. The river Your best Texas Hold'em hands will be made by using your hole cards and the five cards in the middle to make the best possible five card poker hand. Not sure what the best Texas Hold'em poker hands are? You can visit the poker hand rankings page for more information! So, for example, if you have 9-9 and the shared cards are 9-9-A-5-2 you have four-of-a-kind. If the shared cards were J-Q-K-7-2 you would only have two nines. Sometimes the best Texas hold'em hand is made by the five shared cards on their own. If they were 10-10-10-10-A and you had 9-9 your hole cards would not play as there is a four-of-a-kind of higher value already showing. The end There are two ways a hand can end. One is when the players in a hand turn over their hole cards and the player with the best hand wins. This is known as a showdown. The other is that someone will bet enough that everyone else folds. This is how most hands end in Texas Hold'em and that's the magic of the game - you don't always need the best hand to win. Now let's recap... Okay, let's go over how a Texas Hold'em poker hand works using only poker slang and see if you can keep up. Firstly, you are dealt your hole cards. Then there is a round of betting. Then the players remaining see a flop. Then there is another round of betting. Then you see a turn card. Then another round of betting. Then a final river card. Then one more round of betting. The best five card hand wins. Clear? Excellent. If not, have a read of our Poker Glossary. Comfortable with the rules so far? Ok Then Here's a few Tips; To be a truly great Texas Hold 'Em Poker player, you need to be able to read your opponents, ascertaining when they are bluffing and then they really have a solid hand. But learning some basic strategies and general rules will go a long way toward making sure you can at least hold your own in a friendly game. Two Things to Always Remember It may seem silly to be reminded of the following fundamental facts, but it's surprising how often players get swept up in the excitement of the game and forget the basics. 1. The two cards you hold are the only cards that set you apart from the other players and give you the chance to win. 2. All of the face-up cards are community cards, shared by you and every other player. It's vital that you focus on what those cards could mean to someone else at least as much as you focus on what they mean to you. In particular, keep your eyes open for your opponents' straight and flush possibilities. Usually, the first decision you make in a hand of Texas Hold 'Em Poker happens with your only knowledge being what your two cards are. When you look at your cards, be careful not to reveal anything with your reaction -- facial or otherwise. Taking a sharp breath, no matter how quietly you do it, can tell a wily opponent all he needs to know to have an advantage over you. . How do you know if your cards are good? **New Age High Stakes No Limit Hold'em Secrets For Consistent Profits** Peter Zhang, 2015-12-28 Visit [SafeGlobalPoker.com](http://SafeGlobalPoker.com) To Play honest fair poker online with low rake. The idea of this book is to convey to you a complete system to take down the high stakes No Limit Hold'em tables for consistent profits. Before I begin on this journey with you I will ask you to forget everything you know about this game. I know it will be hard to do, because you will probably have played hundreds of thousands to millions of poker hands. I believe you yourself have noted that even after knowing everything what poker books have taught you and even after applying GTO strategies you are not getting the profits you deserve. As I mentioned consistency is extremely important in this trade, you don't want to have streaks of winnings in which you go over the high tide, but then suffer losing downswings which last long. I will also explain why downswings are so bad and what can you do to stop these downswings. When I thought I had become perfect in live play, in GTO, I straight away went to Macau to play the 25/50 stakes but I came back broken by sick bad beats and downswing that wouldn't stop. It made my resolve stronger to develop a system that will allow me to consistently beat the game. To do so I had to throw out of my brain everything that I had learnt till that point of time. I perfected this system out of unique innovative ideas that allowed me to make a killing at the 25/50 games and grow my bankroll to enable me to take shots at the higher stakes. This information is not available in any existing book and is not a copy paste job from any other book. This is written by a serious poker professional for other serious poker professionals for whom every buy-in and every win is extremely serious to the point of it being the bread and butter. I don't think that I will raise much competition in my games by sharing this information because I believe that for it to be the case hundreds of thousands of players will need to buy this book but that will already make me a millionaire. So I think I can sell this material at a high price and expect to not lose a penny worth of my knowledge. All the strategies are for 5/10 No Limit Hold'em and above stakes and 25/50 stakes which will allow a live professional to make a comfortable living playing only poker. If it is your dream to make a living being a live poker professional and just play poker then this is the book for you. I will cover everything that I know that will enable you to crush the stakes, survive as a live poker professional in this age of poker in which it is not uncommon to see at the table online

phenomenon and crazy maniacs who like to push all in without seeing their cards. This book promises you to deliver all the secrets that a live poker professional needs to grind the 5/10 stakes and above to make a comfortable living. I believe that the information that I will provide also inculcates and inherits from all the poker knowledge out there at various sites like DeucesCracked, TPE, CardRunners, Ivey League, RunItOnce, The Poker Bank Articles, Pocket Fives Articles, most modern poker literature including Professional No Limit Hold'em. Apart from inculcating ideas from several notable poker personalities like Annie Duke, Viktor Blom, Annette Obrestad, Stu Ungar, Doyle Brunson, Scotty Ngyuen, Daniel Negreanu, Daniel Colman and much more.
