Poker Satellite Strategy Dara O'Kearney, Barry Carter, 2019-02-27 The best way for small stakes poker players to earn life-changing amounts of money is to win a satellite into a bigger tournament. Yet there is surprisingly little poker theory written about how to win satellite tournaments, until now. In *Poker Satellite Strategy* professional poker player Dara O'Kearney gives you a framework for how to approach every stage of a satellite tournament, from the early levels right up to the bubble. This book takes the stress and uncertainty out of satellites. You will learn: *Adjustments you need to make from regular poker tournament strategy *What hands to shove, call and fold on the bubble *When to tighten up and when to keep accumulating chips *Easy poker math to do at the tables *The correct poker GTO ranges (and how to adjust to different player types and situations) *When it's correct to fold Pocket Aces preflop Dara O'Kearney is a professional poker player from Ireland with a long standing reputation as the best satellite specialist in the game. He has won over \$1 million in satellite tournaments alone and twice won the PokerStars UKIPT satellite leaderboard. He is sponsored by Unibet Poker and is the co-host of The Chip Race Podcast. "In the first 30 minutes of reading, I guarantee you will pick up something that will increase your future expectation to cover the cost of the book tenfold" – Marty "TheLipoFund" Mathis, partypoker PPL Satellite Leaderboard winner "A highly recommended book for anyone looking to play satellites well or related formats like Double or Nothing where multiple finishers receive identical top prizes" ~ Collin Moshman – author of Sit N' Go Strategy "Dara has been ahead of the curve on satellites for years and his results show it. This book will change the way you think about, and play, satellites forever." ~ Daiva Byrne - professional poker player and advocate for women in poker This book uses the most up-to-date poker ICM calculators, however it has been written in a way to make the poker math you need to do at the tables very simple. Every chapter starts from a poker GTO framework but then explains how you should deviate when the players or table dynamics change. It covers every aspect of satellite play, from the important bubble stage, but even explaining the poker game theory behind late registering, post flop play, poker mindset issues unique to satellites and how to adjust in live poker tournaments. It has everything a Texas hold'em player needs to qualify for big poker tournaments like the World Poker Tour, EPT or World Series of Poker.

The Central City Poker Challenge J R Roberts, 2023-07-27 Clint Adams finds himself drawn to a poker tournament being held in Central City, Colorado. The high stakes game has also drawn the likes of Bat Masterson and Veronica Belmont, also known as Lady Poker. With big money on the line, who knows who else might be attracted to the scene? Other members of the poker elite would be gunmen who would like to add the Gunsmith to their notches, and oddly enough theater people from the East, looking to bring eastern entertainment to the West. But when things take a turn for the worst, it's up to the Gunsmith to bring things to a satisfactory finish.

Players learn never-before-revealed concepts and secrets that shows players why cards don't matter as much as the dynamics of a tournament. Readers learn how to alter their strategy for any tournament structure and opponent, why hands must be played differently from cash games, and why players can't figure out what winners are doing just from watching them play. The book also covers optimal satellite strategy, sit'n'go strategy, methods for estimating tournament win rate and edge

Poker Tells Bobbi Dempsey, Andy Bloch, 2006 Dogs aren't the only ones who can sense fear. The world's best poker players have gotten to where they are by being able to sniff out their opponents' most subtle expressions and behaviors, no matter how hard their opponents try to hide them. These experts look at a tapping foot, an elevated pulse, a change in vocal tone, and countless other clues and then put these tells into the appropriate context to make an informed decision about what cards their opponents have and how they're likely to play them. No other aspect of poker strategy holds as much promise in improving an amateur poker player's winnings than learning how to spot and react to tells. The Pocket Idiot's Guide to Poker Tells explains everything amateur poker players need to know to start interpreting these tells and using them to rake in the chips.

Life on Tilt John Blowers,2008-04 Inspiration, Challenge, and Hope - A Set of Spiritual Poems to Inspire, Challenge, and Give You Hope is a book containing sixty seven poems that represent, what could be, different stages of one's own spiritual journey in the Lord. They represent the author's own spiritual journey during a two decade period (from 1980 - 2001). Several of them could be classified as messages toward others and/or the church as a whole but mostly reflect the spiritual thoughts and feelings of the author at the time each one was given. It is the hope of the author that others may share and be blessed, in the reading of these poems, to having similar experiences in their own journey and thus be comforted, encouraged, and challenged to a deeper walk with God.

high-stakes game of bluffing and deception, here is Michael Lewis's knowing and hilarious insider's account of an unprecedented era of greed, gluttony, and outrageous fortune.

Poker World Nicolae Sfetcu, Introduction in poker: online poker, rules, hands, strategy, cheating, casino, tournaments, poker jargon, equipment, gambling, resources. Poker is a microcosm of all we admire and disdain about capitalism and democracy. It can be rough-hewn or polished, warm or cold, charitable and caring or hard and impersonal. It is fickle and elusive, but ultimately it is fair, and right, and just. -- Lou Krieger

Texas Hold 'em is the H game featured in H.O.R.S.E and in H.O.S.E.

Tournament Final Tables: Poker Workbook James Sweeney, 2017-08-09 The final table is where every poker decision is magnified. Any mistake can be the difference in thousands of dollars, and every great play can rocket you up the pay jumps. This workbook prepares you to play better tournament poker and capitalize at each final table you make; whether you are the short stack or the chip leader. This is not a traditional poker book. This is a true WORKbook that will challenge you to improve your range building, ICM, and line creation in tournaments. With 40 exercises, this full-color book will guide you through assigning better ranges on every street and through a variety of hands. With guiding questions and extra follow-ups, you can use this workbook to analyze the spots that profoundly impact whether you bust out in 8th - or ship the event. IMPORTANT NOTE: There is no direct answer key for this workbook. Hand reading and range building is linear, and it would be impossible to offer great river range suggestions without first knowing what you assigned preflop. But each exercise you do will improve your technical skillset (understanding combos, ICM, frequencies, etc.) and allow you to spot leaks in both your's and your opponent's strategies. You already know studying is important. This workbook lays out your study regiment for months to come and will keep you focused on the right things, asking the right questions, and making better decisions so that you can take advantage of every final table that you make. Godspeed.

From Sixpences to Dollars Janet Lee, 2010-05-26 Jonny Texas came from an unconventional but close-knit Midlands family and developed a fascination with all forms of gambling from a young age. He grew up learning how to be a wheeler dealer and in his twenties, with a young family to support, the challenge of beating the odds to make large sums of money became even greater. As he grew older, his life was to become a rollercoaster of highs and lows as he moved from one wild money spinning venture to another, making huge amounts and then losing them, unable to resist any gambling opportunity. The two constants in his life have been his family and poker and, at times, they have made uneasy bedfellows. But somehow, Jonny has managed to pull off the unimaginable, repeatedly pulling himself back from the brink of disaster and turning himself into a winner, appearing on TV and in the public eye. *From Sixpences to Dollars*

documents the extraordinary story of one man's obsession with gambling and how he has ultimately turned it to his advantage.
