How to Win 21 & Poker, Dice, Races, Roulette Mike Goodman,2016-11-11 THE ONE IMPORTANT THING TO KNOW ABOUT GAMBLING is that there is no guaranteed way to win all the time. But there is a guaranteed way to lose constantly, and that is when you don't understand the basic rules of playing and betting. It is appalling how many people, even big-money gamblers, lose consistently and don't know why. There are only two types of gamblers-those who really know the game and suckers. Mike Goodman, a veteran professional gambler, gives you an amazing, easy-to-understand insight on how to gamble and win. HORSE RACING...watch those second favorites; let the suckers play the favorites, they're usually overplayed! DICE...you're a sucker if you don't take advantage of the odds, but the real pay-off comes when you know how to bet! SLOTS...there's only one way to beat those "one-arm bandits," but, unfortunately, it's against the law! ROULETTE...it's tough to beat the house percentage, but there are ways to lose less, keep you in the game, and then, who knows? BLACKJACK "21"...here's a game you can win at consistently if you learn the tricks and how to put "lady luck" on your side! POKER...you get real help here; tips that'll open your eyes, make you play a better game and win! This book gives solid advice on how you can become a tough player and helps tilt the odds more in your direction. I'm just plain sick of "experts" who promise the moon but peddle virtually worthless advice. Somewhere in their pitch you're told that they're not multi-millionaires because they are not allowed in gambling casinos and I challenge any one of them to use this system at "craps", "21" or roulette at my casino. If they haven't got the guts to back up their system with hard cash, I challenge them to meet me face to face in public to debate any phase of gambling on which they claim to be an authority. How to Make \$100,000 a Year Gambling for a Living David Sklansky,Mason Malmuth,1997 Is there really such a thing as a professional gambler? The answer is an unequivocal, Yes! This book's authors are but two examples. Many thousands of people around the country make a good living exclusively from gambling. It is not easy, but it can be done. The key is to understand which games are beatable and know how to beat them. David Sklansky and Mason Malmuth have spent many years writing about the finer points of poker, blackjack, and other beatable games. As you will see in the book, those other games are horses, sports, progressive slots and video poker, casino tournaments, and special promotions. They don't include craps, roulette, keno, or baccarat for reasons they'll explain. This book, was written for the not quite as experienced aspiring gambler. It shows you everything you need to learn and do if you want to gamble for a living from both the practical and the technical standpoints. The rest is up to you.
