*Paranormal Technology* David M.

Rountree, 2010-08-26 *Paranormal Technology* is the first book to provide a scientific method for ghost hunting, which includes in-depth explanations of what the collected data means. *Paranormal Technology* offers new techniques, answers questions, and provides experiments, which will help bridge the gap between the paranormal and science. Written in everyday language, it offers keen insights into the nature of paranormal phenomena, the protocols required for collecting evidence that will stand up to scientific scrutiny, and the possible theories that may explain the source of Ghosts. Currently employed test equipment is examined and proper use is covered in great detail. *Paranormal Technology* is an indispensable aid to any scientific researcher or ghost hunting group, whether you are a beginner, or with many years of experience. This book is not a means to an end, but rather, an invitation to a fresh beginning.
