

Pranksters Treasure Of The Indians 10

Ken Kesey

Myths and Traditions of the Crow Indians Robert Harry Lowie,1993-01-01 Beginning in 1907, the anthropologist Robert H. Lowie visited the Crow Indians at their reservation in Montana. He listened to tales that for many generations had been told around campfires in winter. Vivid tales of Old-Man-Coyote in his various guises; heroic accounts of Lodge-Boy and the Thunderbirds; supernatural stories about Raven-Face and the Spurned Lover; and other tales involving the Bear-Woman, the Offended Turtle, the Skeptical Husband--all these were recorded by Lowie. They were originally published in 1918 in an Anthropological Paper by the American Museum of Natural History. Myths and Traditions of the Crow Indians is now reprinted with a new introduction by Peter Nabokov. These concretely detailed accounts served the Crow Indians as entertainers, moral lessons, cultural records, and guides to the workings of the universe.

Yaqui Myths and Legends ,1959 Sixty-one tales narrated by Yaquis reflect this people's sense of the sacred and material value of their territory.

The Further Inquiry Ken Kesey,1990 A highly pictorial re-examination of the legendary 1964 Merry Pranksters' trip across America made in a psychedelic bus, and featured in Jack Kerouac's novel *On the road*'.

Mysteries of Ontario John Robert Colombo,1999-05-01 Mysteries of Ontario brings together, for the first time, some five hundred accounts of strange events and eerie experiences, each keyed to one of 250 places in the province. It turns out that, far from being a humdrum part of the planet in which to live and work, Ontario is a province that is alive with ghosts and spirits, mysterious disappearances, and peculiar happenings enough to make your hair stand on end, turn your blood cold, and send shivers up and down your spine! John Robert Colombo has been collecting materials for this book since 1967. Even so, more than two years were devoted to researching, writing, copy-editing, and photo editing *Mysteries of Ontario*. The reader is invited to peruse the great historical mysteries that have moved Canadians in the past from LaSalle's missing Griffon to the peculiar disappearance of Ambrose Small, from the spiritualistic legacy of the Fox Sisters of Consecon to the appearance in the 1990s of ghost walks, haunted hayrides, and boo barns. This is a book that unites folklore and scholarship, the supernatural and the speculative, culture and mysticism, the occult and the peculiar, the psychical and the cultural, the human and the non-human.

Boys' Life ,1961-02 Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting.

One Flew Over the Cuckoo's Nest Ken Kesey,2007-11-27 An international bestseller and the basis for the hugely successful film, Ken Kesey's *One Flew Over the Cuckoo's Nest* is one of the defining works of the 1960s. In this classic novel, Ken Kesey's hero is Randle Patrick McMurphy, a boisterous, brawling, fun-loving rebel who swaggers into the world of a mental hospital and takes over. A lusty, life-affirming fighter, McMurphy rallies the other patients around him by challenging the dictatorship of Nurse Ratched. He promotes gambling in the ward, smuggles in wine and women, and openly defies the rules at every turn. But this defiance, which starts as a sport, soon develops into a grim struggle, an all-out war between two relentless opponents: Nurse Ratched, backed by the full power of authority, and McMurphy, who has only his own indomitable will. What happens when Nurse Ratched uses her ultimate weapon against McMurphy provides the story's shocking climax. "BRILLIANT!"—Time "A SMASHING ACHIEVEMENT...A TRULY ORIGINAL NOVEL!"—Mark Schorer "Mr. Kesey has created a world that is convincing, alive and glowing within its own boundaries...His is a large, robust talent, and he has written a large, robust book."—Saturday Review

Blown to Bits Harold Abelson,Ken Ledeen,Harry R. Lewis,2008 'Blown to Bits' is about how the digital explosion is changing everything. The text explains the technology, why it creates so many surprises and why things often don't work the way we expect them to. It is also about things the information explosion is destroying: old assumptions about who is really in control of our lives.

The House of Beadle and Adams and Its Dime and Nickel Novels Albert Johannsen,1950

The House of Beadle and Adams and Its Dime and Nickel Novels: A history of the firm. Numerical lists of the various series of Beadle novels Albert Johannsen,1950

Sometimes a Great Notion Ken Kesey,2006-08-29 The magnificent second novel from the legendary author of *One Flew Over the Cuckoo's Nest* Following the astonishing success of his first novel, *One Flew Over the Cuckoo's Nest*, Ken Kesey wrote what Charles Bowden calls one of the few essential books written by an American in the last half century. This wild-spirited tale tells of a bitter strike that rages through a small lumber town along the Oregon coast. Bucking that strike out of sheer cussedness are the Stampers. Out of the Stamper family's rivalries and betrayals Ken Kesey has crafted a novel with the mythic impact of Greek tragedy. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Catalog of Copyright Entries Library of Congress. Copyright Office,1950

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1961 Includes Part 1, Number 1 & 2: Books and Pamphlets, Including Serials and Contributions to Periodicals (January - December)

Books That Changed The World Robert B. Downs,2016-07-26 Books Are Weapons Books have wielded an immense power for good and evil throughout the history of the human race. Here is a thoughtful and probing discussion of sixteen of the most important works of all time which influenced history, economics, culture, civilization, and scientific thought from the Renaissance to the present day. Such widely different, but immensely powerful books as Hitler's *Mein Kampf*, which foreshadowed the death and destruction of World War II, Harvey's famous volume on blood circulation which revolutionized medical theory and treatment, Einstein's theories on relativity which opened the atomic age are clearly described in this provocative and readable volume. Dr. Downs, former President of the American Library Association and head of the University of Illinois Library, also shows the widespread and decisive influence of other great works, including Newton's presentation of his discovery of the laws of gravity, a cornerstone in scientific theory today, Darwin's *Origin of Species* which many churchmen thought contradicted the Bible, Harriet Beecher Stowe's *Uncle Tom's Cabin* which is considered one of the major causes of the American Civil War, and Freud's *Interpretation of Dreams*, the great volume from the man who revolutionized modern man's thoughts about himself. Altogether, here is a fascinating presentation of books from many times which shows the tremendous power of the printed word on human development.

How to Change Your Mind Michael Pollan,2019-05-14 Now on Netflix as a 4-part documentary series! "Pollan keeps you turning the pages . . . cleareyed and assured." —New York Times A #1 New York Times Bestseller, New York Times Book Review 10 Best Books of 2018, and New York Times Notable Book A brilliant and brave investigation into the medical and scientific revolution taking place around psychedelic drugs--and the spellbinding story of his own life-changing psychedelic experiences When Michael Pollan set out to research how LSD and psilocybin (the active ingredient in magic mushrooms) are being used to provide relief to people suffering from difficult-to-treat conditions such as depression, addiction and anxiety, he did not intend to write what is undoubtedly his most personal book. But upon discovering how these remarkable substances are improving the lives not only of the mentally ill but also of healthy people coming to grips with the challenges of everyday life, he decided to explore the landscape of the mind in the first person as well as the third. Thus began a singular adventure into various altered states of consciousness, along with a dive deep into both the latest brain science and the thriving underground community of psychedelic therapists. Pollan sifts the historical record to separate the truth about these mysterious drugs from the myths that have surrounded them since the 1960s, when a handful of

psychedelic evangelists inadvertently catalyzed a powerful backlash against what was then a promising field of research. A unique and elegant blend of science, memoir, travel writing, history, and medicine, *How to Change Your Mind* is a triumph of participatory journalism. By turns dazzling and edifying, it is the gripping account of a journey to an exciting and unexpected new frontier in our understanding of the mind, the self, and our place in the world. The true subject of Pollan's mental travelogue is not just psychedelic drugs but also the eternal puzzle of human consciousness and how, in a world that offers us both suffering and joy, we can do our best to be fully present and find meaning in our lives.

Love in the Time of Cholera (Illustrated Edition) Gabriel García Márquez,2020-10-27 A beautifully packaged edition of one of García Márquez's most beloved novels, with never-before-seen color illustrations by the Chilean artist Luisa Rivera and an interior design created by the author's son, Gonzalo García Barcha. In their youth, Florentino Ariza and Fermina Daza fall passionately in love. When Fermina eventually chooses to marry a wealthy, well-born doctor, Florentino is devastated, but he is a romantic. As he rises in his business career he whiles away the years in 622 affairs—yet he reserves his heart for Fermina. Her husband dies at last, and Florentino purposefully attends the funeral. Fifty years, nine months, and four days after he first declared his love for Fermina, he will do so again.

Acid Dreams Martin A. Lee,Bruce Shlain,1992 Provides a social history of how the CIA used the psychedelic drug LSD as a tool of espionage during the early 1950s and tested it on U.S. citizens before it spread into popular culture, in particular the counterculture as represented by Timothy Leary, Allen Ginsberg, Ken Kesey, and others who helped spawn political and social upheaval.

The spirits’ book Allan Kardec,2021-11-11 After you have read The Spirits’ Book, you will no longer have any reason to fear death. The Spirits’ Book will provide you with the answers to nearly all the questions you may have with regards to the origin, nature and destiny of each and every soul on earth - and those of other worlds as well. It also addresses the issues of God, creation, moral laws and the nature of spirits and their relationships with humans. The book contains answers that were dictated to mediums by highly evolved spirits who love God. The Spirits’ Book is the initial landmark publication of a Doctrine that has made a profound impact on the thought and view of life of a considerable portion of humankind since the first French edition was published in 1857.

Flying the Line George E. Hopkins,1996

The Jewish Century, New Edition Yuri Slezkine,2019-05-28 This masterwork of interpretative history begins with a bold declaration: “The Modern Age is the Jewish Age, and the twentieth century, in particular, is the Jewish Century.” The assertion is, of course, metaphorical. But it drives home Yuri Slezkine’s provocative thesis: Jews have adapted to the modern world so well that they have become models of what it means to be modern. While focusing on the drama of the Russian Jews, including émigrés and their offspring, *The Jewish Century* is also an incredibly original account of the many faces of modernity—nationalism, socialism, capitalism, and liberalism. Rich in its insight, sweeping in its chronology, and fearless in its analysis, this is a landmark contribution to Jewish, Russian, European, and American history.
