Big If: A Novel Mark Costello, 2002-06-17 In the wake of her father's death and the vice president's campaign for the presidency, Secret Service agent Vi Asplund returns home to her computer genius brother, who is poised to make a fortune on a nihilistic video game.

Jewish on Their Own Terms Jennifer A. Thompson, 2013-12-19 Over half of all American Jewish children are being raised by intermarried parents. This demographic group will have a tremendous impact on American Judaism as it is lived and practiced in the coming decades. To date, however, in both academic studies about Judaism and in the popular imagination, such children and their parents remain marginal. Jennifer A. Thompson takes a different approach. In *Jewish on Their Own Terms*, she tells the stories of intermarried couples, the rabbis and other Jewish educators who work with them, and the conflicting public conversations about intermarriage among American Jews. Thompson notes that in the dominant Jewish cultural narrative, intermarriage symbolizes individualism and assimilation. Talking about intermarriage allows American Jews to discuss their anxieties about remaining distinctively Jewish despite their success in assimilating into American culture. In contrast, Thompson uses ethnography to describe the compelling concerns of all of these parties and places their anxieties firmly within the context of American religious culture and morality. She explains how American and traditional Jewish gender roles converge to put non-Jewish women in charge of raising Jewish children. Interfaith couples are like other Americans in often harboring contradictory notions of individual autonomy, universal religious truths, and obligations to family and history. Focusing on the lived experiences of these families, *Jewish on Their Own Terms*

provides a complex and insightful portrait of intermarried couples and the new forms of American Judaism that they are constructing.

The Yellow Wallpaper Illustrated Charlotte Perkins Gilman,2019-07-03 The story details the descent of a young woman into madness. Her supportive, though misunderstanding husband, John, believes it is in her best interests to go on a rest cure after experiencing symptoms of temporary nervous depression. The family spends the summer at a colonial mansion that has, in the narrator's words, something queer about it. She and her husband move into an upstairs room that she assumes was once a nursery. Her husband chooses for them to sleep there due to its multitude of windows, which provide the air so needed in her recovery. In addition to the couple, John's sister Jennie is present; she serves as their housekeeper. Like most nurseries at the time the windows are barred, the wallpaper has been torn, and the floor is scratched. The narrator attributes all these to children, as most of the damage is isolated to their reach. Ultimately, though, readers are left unsure as to the source of the room's state, leading them to see the ambiguities in the unreliability of the narrator. The narrator devotes many journal entries to describing the wallpaper in the room - its yellow smell, its breakneck pattern, the missing patches, and the way it leaves yellow smears on the skin and clothing of anyone who touches it. She describes how the longer one stays in the bedroom, the more the wallpaper appears to mutate, especially in the moonlight. With no stimulus other than the wallpaper, the pattern and designs become increasingly intriguing to the narrator. She soon begins to see a figure in the design, and eventually comes to believe that a woman is creeping on all fours behind the

pattern. Believing she must try to free the woman in the wallpaper, the woman begins to strip the remaining paper off the wall. After many moments of tension between John and his sister, the story climaxes with the final day in the house. On the last day of summer, she locks herself in her room to strip the remains of the wallpaper. When John arrives home, she refuses to unlock the door. When he returns with the key, he finds her creeping around the room, circling the walls and touching the wallpaper. She excitedly exclaims, I've got out at last... in spite of you and Jane, causing her husband to faint as she continues to circle the room, creeping over his inert body each time she passes it, believing herself to have become the personification of the woman trapped behind the yellow wallpaper.

The White Cascade Gary Krist,2008-01-22 The never-before-told story of one of the worst rail disasters in U.S. history in which two trains full of people, trapped high in the Cascade Mountains, are hit by a devastating avalanche In February 1910, a monstrous blizzard centered on Washington State hit the Northwest, breaking records. The world stopped—but nowhere was the danger more terrifying than near a tiny town called Wellington, perched high in the Cascade Mountains, where a desperate situation evolved minute by minute: two trainloads of cold, hungry passengers and their crews found themselves marooned without escape, their railcars gradually being buried in the rising drifts. For days, an army of the Great Northern Railroad's most dedicated men—led by the line's legendarily courageous superintendent, James O'Neill—worked round-the-clock to rescue the trains. But the storm was unrelenting, and to the passenger's great anxiety, the railcars—their only shelter—were parked precariously on the edge of a steep

ravine. As the days passed, food and coal supplies dwindled. Panic and rage set in as snow accumulated deeper and deeper on the cliffs overhanging the trains. Finally, just when escape seemed possible, the unthinkable occurred: the earth shifted and a colossal avalanche tumbled from the high pinnacles, sweeping the trains and their sleeping passengers over the steep slope and down the mountainside. Centered on the astonishing spectacle of our nation's deadliest avalanche, Gary Krist's *The White Cascade* is the masterfully told story of a supremely dramatic and never-before-documented American tragedy. An adventure saga filled with colorful and engaging history, this is epic narrative storytelling at its finest.
