Louis Prima Garry Boulard,2002 This is the first paperback edition of the only biography of Louis Prima, one of the most underrated jazz musicians and entertainers of the twentieth century. In a career that spanned four decades, Prima infused the grit and grace of Dixieland jazz with swing and big band sounds, the first whiffs of rock 'n' roll, and a vaudevillian-like stage presence. A native of New Orleans, the Guy Lombardo protégé known as The Italian Satchmo was the country's smashing new jazz sensation at New York's Famous Door in the 1930s. He went on to be a successful big band leader and a Vegas nightclub staple, and he virtually created the concept of the lounge act. Despite his longstanding success, Prima's over-the-top on-stage antics induced critics to not take him seriously and he was relegated to the status of mere entertainer. Married five times and involved with numerous women in between, Prima has more often been remembered for his colorful relationships and quirky personality than for his abilities as a trumpeter and singer. After his death in 1978, his music gradually disappeared and jazz scholars rarely mentioned his name. Nudging Prima's legacy into the limelight the musician deserved, Garry Boulard nimbly explores Prima's ability to maintain a lifelong career, his knack for self-promotion, and how the cities in which he lived and performed--New York, Los Angeles, and Las Vegas--uniquely and indelibly informed his style. In a new preface, the author considers how the resurgence of big band and swing music in the late 1990s catapulted Prima and his music back into the public eye.

Justiniana Prima Stanislaw Turlej,2016-11-21 The book explores the history of Justiniana Prima, a city built by Emperor Justinian I (527-565) in his birthplace near Niš in present-day Serbia. Previous studies focused on determining the city's location, underestimating the significance of analyzing written sources for the reconstruction of this city's genesis and importance. Using information from Emperor Justinian's Novels XI and CXXXI, as well as Book IV of Procopius of Caesarea's *De aedificiis*, Stanislaw Turlej endeavors to show that Justiniana Prima's historic significance resulted from granting its Church the status of an archbishopric with its own province in 535, which was independent of Rome. Justinian wanted to introduce profound changes to the ecclesiastical organization based on state law.

Diane di Prima David Stephen Calonne, 2019-01-24 *Diane di Prima: Visionary Poetics and the Hidden Religions* reveals how central di Prima was in the discovery, articulation and dissemination of the major themes of the Beat and hippie countercultures from the fifties to the present. Di Prima (1934--) was at the center of literary, artistic, and musical culture in New York City. She also was at the energetic fulcrum of the Beat movement and, with Leroi Jones (Amiri Baraka), edited *The Floating Bear* (1961-69), a central publication of the period to which William S. Burroughs, Jack Kerouac, Allen Ginsberg, Charles Olson, and Frank O'Hara contributed. Di Prima was also a pioneer in her challenges to conventional assumptions regarding love, sexuality, marriage, and the role of women. David Stephen Calonne charts the life work of di Prima through close readings of her poetry, prose, and autobiographical writings, exploring her thorough immersion in world spiritual traditions and how these studies informed both the form and content of her oeuvre. Di Prima's engagement in what she would call "the hidden religions" can be divided into several phases: her years at Swarthmore College and in New York; her move to San Francisco and immersion in Zen; her researches into the I Ching, Paracelsus, John Dee, Heinrich Cornelius Agrippa, alchemy, Tarot, and Kabbalah of the mid-sixties; and her later interest in Tibetan Buddhism. *Diane di Prima: Visionary Poetics and the Hidden Religions* is the first monograph devoted to a writer of genius whose prolific work is notable for its stylistic variety, wit and humor, struggle for social justice, and philosophical depth.
