Youth Gambling Jeffrey L. Derevensky, Daniel T. L. Shek, Joav Merrick, 2011-10-27 Youth gambling represents a potentially serious public policy and health issue. Nevertheless, the rise in youth gambling issues and problems in the global context is not matched with a parallel increase in research on adolescent gambling. As such, there is an urgent need to conduct more studies on adolescent gambling behaviour. Recently significant advances in the knowledge of the risk factors associated with adolescent problems has emerged. This book addresses issues related to prevalence, assessment, prevention and treatment of youth gambling problems as well as concerns related to technological changes associated with youth problem gambling.

Casino Nicholas Pileggi,2016-10-18 The true story behind the Martin Scorsese film: A “riveting . . . account of how organized crime looted the casinos they controlled” (Kirkus Reviews). Focusing on Chicago bookie Frank “Lefty” Rosenthal and his partner, Anthony Spilotro, and drawing on extensive, in-depth interviews, the #1 New York Times–bestselling author of the Mafia classic Wiseguy–basis for the film Goodfellas–Nicholas Pileggi reveals how the pair worked together to oversee Las Vegas casino operations for the mob. He unearths how Teamster pension funds were used to take control of the Stardust and Tropicana and how Spilotro simultaneously ran a crew of jewel thieves nicknamed the “Hole in the Wall Gang.” For years, these gangsters kept a stranglehold on Sin City’s brightly lit nightspots, skimming millions in cash for their bosses. But the elaborate scheme began to crumble when Rosenthal’s disproportionate ambitions drove him to make mistakes. Spilotro made an error of his own, falling for his partner’s wife, a troubled

showgirl named Geri. It would all lead to betrayal, a wide-ranging FBI investigation, multiple convictions, and the end of the Mafia's longstanding grip on the multibillion-dollar gaming oasis in the midst of the Nevada desert. Casino is a journey into 1970s Las Vegas and a riveting nonfiction account of the world portrayed in the Martin Scorsese film of the same name, starring Robert DeNiro, Joe Pesci, and Sharon Stone. A story of adultery, murder, infighting, and revenge, this "fascinating true-crime Mob history" is a high-stakes page-turner (Booklist).

Tales from the Slot Floor, Volume 1: Casino Slot Managers in Their Own

Words David G. Schwartz, 2018-06-22 Slot machines are the backbone of most casinos. They earn the most money and determine the physical layout of the casino floor. The management of slot machines, which includes overseeing employees, selecting machines, designing the playing space, resolving customer disputes, and conducting analyses to improve operations, is a challenging field whose complexity has grown as the machines themselves have become more sophisticated. To better document the current issues in slot management--and the change the field has seen over the past four decades--the University of Nevada, Las Vegas Center for Gaming Research conducted an oral history project. Those interviewed were at all stages of their careers. Drawn from these interviews, *Tales from the Slot Floor* features slot managers discussing several of the most important issues in today's casino world, including: the optimal layout of a slot floor; the qualities demonstrated by both good and bad managers; what customers want from their visits to the casino; the vendor/casino relationship; appealing to millennials; and what the future holds. In addition, those with long careers share their views on the changes they have seen, and all subjects offer their advice to those embarking on a career in slot management. For those interested in becoming slot managers, or those just curious about how casinos work, *Tales from the Slot Floor* gives you the inside story of slot operations, from those who do it.

happened at Lehman Brothers and why it failed In *The Devil's Casino: Friendship, Betrayal, and the High Stakes Games Played Inside Lehman Brothers*, investigative writer and *Vanity Fair* contributing editor Vicky Ward takes readers inside Lehman's highly charged offices. What Ward uncovers is a much bigger story than Lehman losing at the risky game of collateralized debt obligations, swaps, and leverage. Details what went on behind-the-scenes the weekend Lehman Brothers failed, as well as inside Lehman during the twenty years preceding it Describes the feudal culture that proved both Lehman's strength and its Achilles' heel Written by Vicky Ward, one of today's most connected business and finance writers On Wall Street, Lehman Brothers was cheekily known as the cat with nine lives. But as *The Devil's Casino* documents, this cat pushed its luck too far and died?the victim of men and women blinded by arrogance.

The Fixer Charles Piot, 2019-05-24 In the West African nation of Togo, applying for the U.S. Diversity Visa Lottery is a national obsession, with hundreds of thousands of Togolese entering each year. From the street frenzy of the lottery sign-up period and the scramble to raise money for the embassy interview to the gamesmanship of those adding spouses and dependents to their dossiers, the application process is complicated, expensive, and unpredictable. In *The Fixer* Charles Piot follows Kodjo Nicolas Batema, a

Togolese visa broker—known as a “fixer”—as he shepherds his clients through the application and interview process. Relaying the experiences of the fixer, his clients, and embassy officials, Piot captures the ever-evolving cat-and-mouse game between the embassy and the hopeful Togolese as well as the disappointments and successes of lottery winners in the United States. These detailed and compelling stories uniquely illustrate the desire and savviness of migrants as they work to find what they hope will be a better life.

Florida Almanac, 2012 Bernie McGovern, 2012-04-23 An amazing atlas, directory, tourist guide, reference manual, and history book all in one—for natives, visitors, and new residents in the Sunshine State! From basic history and tourist information to obscure facts—such as the size of the largest squash grown—this book has it all. After reading the list of derivatives for the name of each Florida county, the Lake City Reporter called a previous edition of this book “indispensable” and described it as containing “just about everything you ever wanted to know about Florida—and a good deal of information you probably never really thought about.” In addition to listings of national memorials, monuments, and landmarks, this volume contains road maps of each county, charts of rivers and waterways, and facts about Florida’s geography and climate. For those who are visiting the state, there are sections on major attractions, annual festivals, state parks, and lodging as well as regulations for boating, fishing, and hunting. The chapters on education, crime, residency, taxes, and utilities will be

invaluable to people who are considering moving to Florida. Anyone interested in the history and settlement of the Sunshine State will appreciate the facts about Native American cultures and the chronology of major events in Florida's past. Also included are various statistics and a hurricane survival guide. Packed with information and including a detailed index, it's a useful, comprehensive reference—and a fascinating resource for geography lovers.
