The Expos in Their Prime Alain Usereau,2012-12-31 In the late 1970s and early 1980s, the Montreal Expos provided their fans with spectacular play produced by spectacular players. The team was able to reach the pinnacle of its lifetime popularity during that period. They were in fact even more popular than the beloved hockey-playing Canadiens in Montreal and the most popular sports team in Canada. The book depicts how the team reached that level of support from the whole country and also why they were not able to sustain that excellence.

Bank Exam Pedia Bharath Seeman,2015-02-17 In this present era of competition, every competitive examination consists of 5 sections Quantitative Aptitude,Reasoning, General English, Computer Science and General Awareness related to banking industry. After teaching more than 18,000 students in 28 years, we have seen a lot of students spending their time practicing aptitude and reasoning alone. But the students who cleared the exam would definitely say the above method of practicing would not help because merely passing in Aptitude and Reasoning sections will not help. Students should also think about the other sections and overall cut off. We know a lot of students who cleared all the sections but failed to clear the overall cut off. In fact, Practicing GK and English is the only way to raise the overall cut-off. So, we have decided to dedicate this entire magazine just for General Awareness & Banking awareness. We sincerely believe that students who practice the next 100 pages would secure 40 marks from the Banking awareness section. We thank Google Play for publishing our e-magazine on their mobile platform. We also thank our students who assisted to bring this magazine out.
