In the European Union, the General Data Protection Regulation (GDPR) — a single law across all of EU - is expected to come into force from 2018. There are also strict laws in the US that govern the processing of personal data. Over a hundred countries in the world have a comprehensive data protection law and it is very easy for individuals and companies to breach these laws. Data or privacy breaches are on the rise and businesses can be prosecuted under data protection laws. Fines for non-compliance can be from S\$1 million in Singapore, up to three years jail in Malaysia, and up to 4% of global revenues for EU countries. The focus on this book is operational compliance. The book is for everyone as all of us in the course of our daily work process personal data. Organised into sections, each idea provides practical advice and examples of how a breach of the law may happen. Examples cover HR, Finance, Admin, Marketing, etc, allowing the reader to relate to his or her own area of work

Sky Sweeper Phillis Gershator,2007-03-20 Young Takeboki needs a job and the monks in the temple need a flower keeper - so Takeboki sets to work, sweeping up flowers and leaves and creating swirling miniature worlds of his own in the temple garden. As the years go by, others ask him: Don't you want a better job? But as the seasons shift, each as beautiful as the last, Takeboki knows the pleasures of nature and of humbly doing a job well. He is happy. Luminous collage illustrations created from delicate Japanese papers by a Caldecott Honor artist bring to life this thought-provoking tale that, with its Zen Buddhist sensibility, has much to say about work, wisdom, and the joy of being true to oneself.

The Mighty Street Sweeper Patrick Moore,2006-08-22 Despite its size, the street sweeper has one mighty job! The street sweeper is a little truck with a very big job. While it is not the largest, fastest, or most powerful truck, a street sweeper does something that no other truck can do: it keeps our streets clean. And a street sweeper is so much fun to watch. Sweep of Stars Maurice Broadus,2022-03-29 Maurice Broadus's Sweep of Stars is the first in a trilogy that explores the struggles of an empire. Epic in scope and intimate in voice, it follows members of the Muungano empire - a far-reaching coalition of city-states that stretches from O.E. (original earth) to Titan - as it faces an escalating series of threats. The beauty in blackness is its ability to transform. Like energy we are neither created nor destroyed, though many try. - West African Proverb The Muungano empire strived and struggled to form a utopia when they split away from old earth. Freeing themselves from the endless wars and oppression of their home planet in order to shape their own futures and create a far-reaching coalition of city-states that stretched from Earth and Mars to Titan. With the wisdom of their ancestors, the leadership of their elders, the power and vision of their scientists and warriors they charted a course to a better future. But the old powers could not allow them to thrive and have now set in motion new plots to destroy all that they've built. In the fire to come they will face down their greatest struggle yet. Amachi Adisa and other young leaders will contend with each other for the power to galvanize their people and chart the next course for the empire. Fela Buhari and her elite unit will take the fight to regions not seen by human eyes, but no training will be enough to bring them all home. Stacia Chikeke, captain of the starship Cypher, will face down enemies across the stars, and within her own vessel, as she searches for the answers that could save them all. The only way is forward. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Street Sweeper Elliot Perlman,2012-01-03 From the civil rights struggle in the United States to the crematoria of Auschwitz-Birkenau, there are momentous stories everywhere. But only some survive to become history. Lamont Williams is a black man from the Bronx trying to return to a normal life after serving a six-year prison term for a crime for which he was wrongly convicted. Historian Adam Zignelik is an untenured Columbia professor whose career and long-term relationship are falling apart. When Lamont Williams strikes up an unlikely friendship with a patient at the hospital where he works as a janitor, he learns about the Sonderkommando--prisoners forced to work in the gas chambers and crematoria of the Nazi extermination camps. Meanwhile, Adam pursues a promising research topic suggested by a World War II veteran, a topic that might just save him professionally and even personally. When the lives of these two men intersect, history comes to life in ways neither of them could have foreseen. The Street Sweeper is an astonishing feat of storytelling that addresses the personal and the political as it sweeps across the globe, through the seminal events of the twentieth century to the present. Honest, hypnotic and redemptive, this is a novel that explores the responsibility of the historian, the weight of history on all of us, and the crucial role that bearing witness plays in breaking the cycle of human cataclysm.

Sweeper Amy Daws,2021-10-28 The cocky footballer next door has some serious game...luckily, Daphney Clarke knows how to play. Zander Williams is the hot new American determined to take European football by storm. His head is so big, it barely fits under his backwards hat. And when he's recruited to one of the biggest up and coming clubs in London, he's certain to make his name known. Managing the building where they live is only one of Daphney's many jobs. It's why she has zero patience for the obnoxious American on the other side of the wall who makes the most ungodly noises and likes to answer his door in nothing but a pink tea towel. Tensions build and after one steamy hallway kiss, neighbor wars quickly shifts into neighbors-with-benefits and that's a battle they both intend to win. But Daphney doesn't know the real reason Zander is in London and now she's stuck in the middle of a game she didn't even know she was playing. Sweeper is a 120,000 word full length sports romance that is set in the Harris Brothers world but can be read as a standalone.

Sweep of the Blade Ilona Andrews,2019-07-16 Maud Demille is a daughter of Innkeepers—a special group who provide ‘lodging’ to other-planetary visitors—so she knows that a simple life isn't in the cards. But even Maud could never have anticipated what Fate would throw at her. Once a wife to a powerful vampire knight, Maud and her young daughter, Helen, were exiled with him for his treachery to the desolate, savage planet of Karhari. Karhari killed her husband, and Maud—completely abandoned by his family—has spent over a year avenging his debts. Rescued by her sister Dina, she's sworn off all things vampire. Except... In helping Dina save the world, she met Arland, the Marshal of House Krahr, one of the most powerful vampire houses. One thing led to another and he asked for her hand in marriage. She declined. Arland is not used to hearing the word ‘no;’ and try as she might, Maud can't just walk away from Arland. It doesn't help that being human is a lot harder for Maud than being a vampire. To sort it all out, she accepts his invitation to visit his home planet. House Krahr is extremely influential and Maud knows that a woman—a human, with a very questionable past—who's turned down a proposal from its most beloved son won't get a warm reception. Maybe she’s not sure about marrying Arland, but House Krahr isn’t going to decide for her. Maud Demille has never run from a fight, and House Krahr will soon discover that there's a lot more to Maud than they’re expecting.

The Gentle Art of Swedish Death Cleaning Margareta Magnusson,2018-01-02 *The basis for the wonderfully funny and moving TV series developed by Amy Poehler and Scout Productions* A charming, practical, and unsentimental approach to putting a home in order while reflecting on the tiny joys that make up a long life. In Sweden there is a kind of decluttering called döstädning, dö meaning “death” and städning meaning “cleaning.” This surprising and invigorating process of clearing out unnecessary belongings can be undertaken at any age or life stage but should be done sooner than later, before others have to do it for you. In The Gentle Art of Swedish Death Cleaning, artist Margareta Magnusson, with Scandinavian humor and wisdom, instructs readers to embrace minimalism. Her radical and joyous method for putting things in order helps families broach sensitive conversations, and makes the process uplifting rather than overwhelming. Margareta suggests which possessions you can easily get rid of (unworn clothes, unwanted presents, more plates than you’d ever use) and which you might want to keep (photographs, love letters, a few of your children’s art projects). Digging into her late husband’s tool shed, and her own secret drawer of vices, Margareta introduces an element of fun to a potentially daunting task. Along the way readers get a glimpse into her life in Sweden, and also become more comfortable with the idea of letting go.
