How to Prospect and Recruit Using Postcards for a MLM Or Network Marketing Business David Williams,2013-08-31 Fed up not having quality leads?Are you in a MLM company you love, but just can't find REAL prospects to talk to?Tried 'online' leads but found you just wasted your time and money?Many networkers are well past the 'warm market' stage, and are struggling to find success. It seems the entire world has gone online and the problem that networkers face is sticking out in an ever increasing ocean of websites, mobile apps, opt-in forms, blog posts, Facebook Likes, Youtube movies and Tweets. It never ends. There is alternative. Because the world HAS gone online, good old fashioned Direct Mail works! Why? Because no one gets 'real' mail anymore. You have zero competition!And what's more real than a picture postcard?NOTE: What This Book is NOT about: this book in no way teaches you to send those ugly, tacky, pre-printed, glossy pictures of fast expensive cars or mansions, or YELLOW 'print your own' postcards. NO, NO, NO! If you are engaged in postcard marketing, buying glossy tacky 'in your face' MLM style postcards and mailing them out – or worse – paying to have them mailed out – I'll show you a method that will increase your success by a massive amount – because I guarantee your message will be read if you use the method I teach.Or, if you are prospecting with one of those 'print your own' cards at the local Office Max, mailing out thousands until you're broke by sending ugly cards – you will be so happy switching to my method because it will save you time, money, you'll mail out less cards and get massive more results.Again, because I guarantee your prospect will read your message.I will show you a method that combines two of the most important recruiting factors for success in MLM:Mass RecruitingandPersonalizationAnd NO – this is not about using computer 'hand writing fonts'!!!No, I'll show you a method to recruit massively with postcards, in a very personalized way for your prospect to find it impossible to not read your message and make a call.This works. This book is based on my famous postcard seminars that were part of a \$10,000 MLM insider's weekend training. You will get this same information for less than \$20. Full Disclosure: This is a short, to the point book. It's not full of padding or fluff, (however, I do trace for you how I discovered my introduction into

Direct Mail for MLM Recruiting by a presidential fundraiser). It's a 'How To' book. You are paying for the system, the magic, and the fact that you won't need any other information to get started. I have included low or no budget methods as well. Please NOTE: This book is for MLM or Network Marketing recruiting. The information here is for network marketers who want to build downlines and offer a system to their team that does not rely on 'buying leads' from the internet and telemarketing 'survey leads', 'real time leads', 'fresh leads', or any of the other scammy descriptions of absolutely terrible leads for sale by lead companies. Looking for a Low cost, but highly efficient network marketing tool way to get REAL leads? This is it. Forget Internet leads – recruit real people not virtual names. How to Prospect and Recruit using Postcards for your MLM or Network Marketing Business - The Low cost Prospecting and Recruiting Tool that Out Performs Online Methods is a complete method. Includes the way to personalize the cards, where to buy them at the best prices, how to produce them, where to get the lists to mail your cards to, as well as how to do this on a low or no budget. You will also get a '24 hour' message to load up on your voice mail system to take all the calls you'll get from your prospects. How to create the personalized card Where to get your cards wholesale What to say on the card Where to get lists and how to deal with list brokers Low and no budget tricks and strategies Text for your 24 hour message your prospects calls after reading your card This system works in USA, Canada and Europe.

Future Value Eric Longenhagen, Kiley McDaniel, Keith Law, 2020-04-14 An unprecedented look inside the world of baseball scouting and evaluation from two of the industry's top prospect analysts For the modern Major League team, player evaluation is a complex, multi-pronged, high-tech pursuit. But far from becoming obsolete in this environment—as Michael Lewis' Moneyball once forecast—the role of the scout in today's game has evolved and even expanded. Rather than being the antithesis of a data-driven approach, scouting now represents an essential analytical component in a team's arsenal. Future Value is a thorough dive into baseball's changing world of talent acquisition and development, a world with its own language, methods, metrics, and madness. From rural high schools to elite amateur showcases, from the back fields of spring training to major league draft rooms, Eric Longenhagen and Kiley McDaniel break down the key systems and techniques used to assess talent. It's a process that has moved beyond the quintessential stopwatches and radar guns to include statistical models, countless measurable indicators, and a broader international reach. Practical and probing, discussing wide-ranging topics from tool grades to front office politics, this is an illuminating exploration of how to watch baseball and see the future.

A comparison of the main Direct Marketing Media and their future prospects in the age of the new millennium Roman Keilhacker, 2000-06-09

Inhaltsangabe: Abstract: This liberal translation of the famous Victor Hugo quote applies to direct marketing as it exists today. Only 20 years ago, direct marketing was considered a speciality employed by book publishers, record clubs or magazine publishers seeking subscriptions. Meanwhile direct marketing has become a marketing tool utilised by more than half the U.S. Fortune 500 companies. Realising the growing importance of direct marketing in addition to traditional advertising, major advertising agencies such as Young & Rubican (Y&R) and Doyle Dane Bernbach (DDB) purchased the most famous

specialised agencies in this field and worked with them to bring both general and direct marketing clients the combined expertise of both disciplines. Due to direct marketing's success it is now the basis for various subdisciplines. Database marketing, relationship marketing, one-to-one marketing, integrated marketing, and others all offer interesting extensions and variations of direct marketing's basic techniques. More and more companies, in Europe and the United States, are using direct marketing as one part of their overall marketing mix. But even with enormous advances in analytical and computer capabilities, many direct marketing attempts fail to achieve their potential or, worse, fail to work at all due to a misunderstanding of their advantages and disadvantages. Therefore the aim of this thesis will be to examine the characteristics of direct mail, outbound telemarketing and online direct marketing, and to explore their specific advantages & disadvantages in order to enable their effective utilisation in today's business world. At the beginning of this thesis direct marketing's evolution and development over time will be analysed. The thesis continues with a description of these three direct marketing media and an evaluation of their respective advantages and disadvantages under the headings of communication, privacy, design and media. These four categories have been chosen, because they are the most important elements for the future of successful direct marketing. After analysing the current situation the future prospects of the three direct marketing media will be demonstrated by examining how their various characteristics fit into the future. Finally a case study was conducted to determine to which degree the analysed arguments were applicable. This is examined in the case of Roba Baumann GmbH, a wholesaler which produces children's [...]

The Direct Mail Solution Craig Simpson, Dan Kennedy, 2014-01-28 Fact: More commerce and wealth is created by direct mail than by any other media (true before the internet and true now) Reported in 2013 as the marketing channel that delivers the best ROI for customer acquisition and retention by Target Marketing's Seventh Annual Media Usage Forecast survey of B2C, direct mail is surprisingly outdated and under-represented on the marketing bookshelves for small business owners – authors Simpson and Kennedy change that. Millionaire-maker Dan S. Kennedy and direct mail marketing specialist Craig Simpson urge small business owners to drive the momentum built via social media and other marketing avenues into the mailboxes of their target consumers. Unlike other direct mail marketing books on the shelf that specialize in one aspect of preparing a campaign such as copywriting or design, this comprehensive solution covers all – the organizational, technical, and creative including designing, budgeting, tracking, and assessing effectiveness. Also covered is how direct mail can be used in today's online marketing funnels. Benefiting from the authors' combined 30 years in direct marketing, business owners are given the guidelines for what works and what doesn't, illustrated by real-life business campaigns that show step-by-step how to build a results-producing promotional campaign.

MLM Autoresponder Messages and Network Marketing Email Messages: Financial Woes Pack David Williams, 2013-05-30 Warning! If you have been in Network Marketing for any length of time, you probably have accumulated a list of prospects and their email addresses. However, many of these prospects have entered the 'witness protection program'. In other words, they never call back or reply to your emails. Most people forget about this list, but there is GOLD in it! Now, you probably have an email system you pay for that is filled with 'canned' autoresponders about your company, or even some generic versions to send to your list. Sometimes this is part of your 'backoffice'. But, have you read these autoresponders being sent in your name? They suck. Here's why: You have a prospect who is looking to solve THEIR problem, which is lack of money. They need money, income, some light at the end of the tunnel, cash, maybe some dough to save their home... BUT they are NOT shopping for an MLM company, an INDUSTRY, or how long your company has been in business, or even what your product does...NO... they are desperate for a SOLUTION to their problems! But if all the emails you send out are about 'the company, the timing, the industry...or how someone else is making money - no wonder they don't bother responding to you! Can you imagine sending emails to starving children with stories about the kids in your family that have so much food... that they're fat? Of course not. So why send emails to financially struggling people about how others are rich? Your prospect doesn't care about other people's wealth when THEY are broke and in financial

pain. In fact, it works the other way. Resentment, suspicion, distrust. Their mind is on their lack of money and they are worried. They are awake all night worrying about their debt because they are in financial trouble. And what? You send them an email about how old your company is? Really? Come on. It's basic marketing folks; offer your prospect a solution to their problem, and relate to them on their terms. At this point, all your prospect is interested in is finding 'a way to earn money'. NOTE *** If you are new and have not earned a respectable income, chances are your upline will tell you to borrow someone else's story, but doing that only begs the question from your prospect- 'well, if everyone else is making money in your company, why aren't you?' Forget that. So, what is in this book? Do I teach you how to write emails? NO...NO...NO!!!! Is this some lesson on basic copy writing for MLM? Heck NO!!! But let's face it. Most people can't write a note to save their lives, let alone a well-crafted email campaign. Forget learning a skill that will take you years to master - just use expert messages instead! That's where this book of powerful 'financial woes' autoresponder messages will come to your aid. Inside are 30 rock solid emails that focus on your prospects' financial situation - with engaging humor and playfulness - showing how YOU and your program can help him out of his or her financial mess. FULL DISCLOSURE - this is a small book - 30 powerful emails. You are not paying for the quantity of words, you are paying for the quality of the message and for getting your phone to ring. This book contains 30 well-crafted powerfully written emails that are fun and engaging and will suggest and reinforce to your prospect that YOU are the answer to their financial problems using proven psychological and persuasion techniques. Take these email autoresponder messages and enter them into your backoffice or your email program. Start dripping on your list with these professionally written email messages - each crafted to have your prospect motivated to reach out and call YOU as an answer to their Financial Woes!
