Age Past: The Incian Sphere Jeff Mechlinski,2013-10-01 Age Past is a fantasy RPG that incorporates a novel character creation and dice rolling mechanic. Age Past: The Incian Sphere was written to provide you a completely customized gaming experience. Characters are built using an archetype system that is only limited by your imagination. Cast from over 150 spells without restriction and select from over 140 powers. Most powers can be taken 4 times as your character levels so no two characters will ever be the same. The system encourages player balance so your character will be successful regarding her purpose and all characters will be equally important. The game's world is unique and open enough for a GM to tailor his own adventure yet has guidelines to keep expectations in check. Age Past also has many optional rules that allow you to further customize your gaming experience. Choose to use pulp gaming rules or high lethality... or both! Build your perfect hero and conquer the world. Incia awaits!

The Secret History of Marvel Comics Blake Bell,Michael J. Vassallo,2013-11-16 The Secret History of Marvel Comics digs back to the 1930s when Marvel Comics wasn't just a comic-book producing company. Marvel Comics owner Martin Goodman had tentacles into a publishing world that might have made that era's conservative American parents lynch him on his front porch. Marvel was but a small part of Goodman's publishing empire, which had begun years before he published his first comic book. Goodman mostly published lurid and sensationalistic story books (known as "pulps") and magazines, featuring sexually-charged detective and romance short fiction, and celebrity gossip scandal sheets. And artists like Jack Kirby, who was producing Captain America for eight-year-olds, were simultaneously dipping their toes in both ponds. The Secret History of Marvel Comics tells this parallel story of 1930s/40s Marvel Comics sharing offices with those Goodman publications not quite fit for children. The book also features a comprehensive display of the artwork produced for Goodman's other enterprises by Marvel Comics artists such as Jack Kirby and Joe Simon, Alex Schomburg, Bill Everett, Al Jaffee, and Dan DeCarlo, plus the very best pulp artists in the field, including Norman Saunders, John Walter Scott, Hans Wesso, L.F. Bjorklund, and Marvel Comics #1 cover artist Frank R. Paul. Goodman's magazines also featured cover stories on celebrities such as Jackie Gleason, Elizabeth Taylor, Liberace, and Sophia Loren, as well as contributions from famous literary and social figures such as Isaac Asimov, Theodore Sturgeon, and L. Ron Hubbard.

Around the World Vegan Style Nancy Robinson,2009-04 Despite the Western diet high in meat and dairy products, much of the rest of the world has traditionally followed a primarily or entirely vegetarian diet. Tragically, there has been a dramatic transition in the latter as world meat production has increased about 10 times the world population growth rate in just a few decades. I have witnessed the transition to a diet high in animal products in places as beautiful as Micronesia and sub-Saharan Africa, where diseases such as diabetes and heart disease have just begun to rear their ugly heads. This grave trend also multiplies the devastating consequences for the environment worldwide and for the countless billions of animals killed each year for food-10 billion land animals and 10 billion sea animals in the United States alone. Many of us wonder what steps we can take to make a difference in the world. Here, the answer is simple. Following a vegan diet is the first and foremost step to improve the condition of the environment, human health, and the lives of animals. Around the World Vegan Style tells you how and why. Hope Ferdowsian, M.D., M.P.H. In Around the World Vegan Style, Nancy Robinson unites all people of the globe through a single common bond- the love of delicious food! In its pages you'll find authentic recipes all free of animal products and featuring chefs' specialties, all sure to please your palate and increase your appreciation for global cuisine. Let Around the World Vegan Style turn your kitchen into a travel adventure for your tongue, while healthfully nourishing yourself, your family, and friends. Welcome aboard. The journey to worldwide taste delights starts here! Michael Klaper, M.D. Author: Vegan Nutrition: Pure and Simple Nancy Robinson's cookbook could not come at a better time. The whole world is beginning to realize that animal agriculture-a major source of water pollution and deforestation-is one of the biggest culprits in global warming. The 2007 United Nations report shows that farmed animals are a top contributor to today's serious environmental problems, including greenhouse gases. The global increase in meat consumption also causes rates of obesity, diabetes, heart disease, and other diet-related illnesses to soar. If we're going to reverse the damage we've done to our health and the environment, we have to begin now. Around the World Vegan Style is a step in that direction. Patrice Green, M.D., J.D. Assistant Professor, University of Maryland School of Medicine Faculty Member, Union Memorial Hospital Internal Medicine Fellow, American College of Legal Medicine There is just food and the land to grow that food. If we can all just realize this simple fact for one moment, and stop fighting over the land that holds the roots that support the tree that bears the fruit that feeds the child, then maybe, just maybe...peace. Around the World Vegan Style is more than a cookbook. Nancy Robinson shares how the vegan lifestyle embraces all facets of just food for all life. George Eisman, Registered Dietition, Teacher, and Clinician Author, The Most Noble Diet I'm delighted to recommend Around the World Vegan Style. Nancy Robinson's cooking is out of this world. Luckily, her superb recipes from around the world are right here in this book. Nancy combines exquisite flavors with the most sumptuous dining experience. There is just one thing to do-dig in and enjoy! Karen Davis, PhD, President, United Poultry Concerns Author, Prisoned Chickens, Poisoned Eggs: An Inside Look at the Modern Poultry Industry

Mystery Fanfare Michael L. Cook,1983 This work is a composite index of the complete runs of all mystery and detective fan magazines that have been published, through 1981. Added to it are indexes of many magazines of related nature. This includes magazines that are primarily oriented to boys' book collecting, the paperbacks, and the pulp magazine hero characters, since these all have a place in the mystery and detective genre.
