Erica Silverman

The Pumpkin Plan Mike Michalowicz, 2012-07-05 Each year Americans start one million new businesses, nearly 80 percent of which fail within the first five years. Under such pressure to stay alive—let alone grow—it's easy for entrepreneurs to get caught up in a never-ending cycle of “sell it—do it, sell it—do it” that leaves them exhausted, frustrated, and unable to get ahead no matter how hard they try. This is the exact situation Mike Michalowicz found himself in when he was trying to grow his first company. Although it was making steady money, there was never very much left over and he was chasing customers left and right, putting in twenty-eight-hour days, eight days a week. The punishing grind never let up. His company was alive but stunted, and he was barely breathing. That's when he discovered an unlikely source of inspiration—pumpkin farmers. After reading an article about a local farmer who had dedicated his life to growing giant pumpkins, Michalowicz realized the same process could apply to growing a business. He tested the Pumpkin Plan on his own company and transformed it into a remarkable, multimillion-dollar industry leader. First he did it for himself. Then for others. And now you. So what is the Pumpkin Plan? Plant the right seeds: Don't waste time doing a bunch of different things just to please your customers. Instead, identify the thing you do better than anyone else and focus all of your attention, money, and time on figuring out how to grow your company doing it. Weed out the losers: In a pumpkin patch small, rotten

pumpkins stunt the growth of the robust, healthy ones. The same is true of customers. Figure out which customers add the most value and provide the best opportunities for sustained growth. Then ditch the worst of the worst. Nurture the winners: Once you figure out who your best customers are, blow their minds with care. Discover their unfulfilled needs, innovate to make their wishes come true, and overdeliver on every single promise. Full of stories of other successful entrepreneurs, The Pumpkin Plan guides you through unconventional strategies to help you build a truly profitable blue-ribbon company that is the best in its field.

The Tale of the Pumpkin Seed Squad Carolyn Mitchell, 2006-11-06 Riley Chester-field Mouse has acquired both a name and some friends in this 2nd book of a series chronicling the life of the little field mouse. Through the same easy-read poetry and captivating caricatures exhibited in *The Tale of the Christmas Hero*, the author and artist comically relate the imaginative adventures -- and misadventures -- of Riley and his friends. The tale begins on a crisp, fall morning as Riley hastens to join his friends in their newly-discovered game called football. In a flashback to the previous week, Riley recalls his disastrous introduction to the sport when he tried to interject

himself into a people-boys' game and was found to be no match for a football 10 times his size! But his inventive friend, Gus, hatched a plan to scale the game down to their level, promising to bring a mouse-sized ball to their next Saturday play date. When Gus arrives at the field lugging a HUGE pumpkin, his friends scoff in disbelief until he climbs inside the pumpkin and proudly produces the perfect game ball -- a pumpkin seed! So, then, with walnut shells for helmets and long toenails for cleats, both teams stood ready to perform amazing football feats!! The game and the story play out in clever detail as each mouse team scrambles to conquer the scoreboard before the hungry little Gus devours all the delicious-tasting balls! Through a delightful twist at the end of the tale, the little mice discover friendship to be the real victor in their competition. The Tale of the Pumpkin Seed Squad is a delightful commentary on competition and sportsmanship that will surely charm even the least of its budding-athlete readers.
