Tobacco Leaf, 1907

The Golden Leaf Charlotte Cosner, 2015-02-10 Through the rise and fall of empires, ideologies, and economies, tobacco grown on the tiny island of Cuba has remained an enduring symbol of pleasure and extravagance. Cultivated as one of the first reliable commodities for those inhabitants who remained after conquistadors moved on in search of a mythical wellspring of gold, tobacco quickly became crucial to the support of the swelling Spanish Empire in the seventeenth and eighteenth centuries. Eventually, however, tobacco became one of the final stabilizing forces in the empire, and it ultimately proved more resilient than the best laid plans of kings and queens. Tobacco, and those whose livelihoods depended on it, shrugged off the Empire's collapse and pressed on into the twentieth century as an economic force any state or political power must reckon with. Cosner explores the history of this golden leaf through the personal narratives of farmers, bureaucrats, and laborers, all struggling to build an independent and lucrative economic engine. Through conquest, rebellion, colonial and imperial schemes, and the eventual Communist revolution, Cuban tobacco and cigars became a luxury item that commanded loyalty that defied mere borders or embargoes. Ultimately, The Golden Leaf is a story of two carefully cultivated products: Cuban tobacco, and its lofty reputation.

How Tobacco Smoke Causes Disease, 2010 This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies. Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of tobacco products.

Cigars and Other Passions Peter Hochstein, 2010-03 NOT YOUR EVERYDAY CIGAR MOGUL For more than 60 years, Edgar Cullman was king of the cigar business. Whether it was top-of-the-line cigars like Macanudo and Punch or mass market products like White Owls, Tiparillos and Tijuana Smalls, Edgar influenced what people were puffing, the cigar jingles they were humming, where the cigars came from and how they were made. But Edgar also was - and at the age of 92 still is - more than just a cigar man. He built his career on a smorgasbord of businesses, among them plastics, packaging, potato chips, real estate and the world's bestknown laxative - all the while dealing, bantering and playing with an array of unforgettable characters. You'll learn about his father's whacky hobbies, the uncle who produced nearly all of a generation's best Broadway shows, a terrifying prep school headmaster, a Nazi secret agent, a daring pilot who escaped Nazi-occupied Holland and became Edgar's friend, and wise-cracking investment bankers

and fellow philanthropists who express their camaraderie by taking one another down a notch. There's also a great love story here - Edgar's courtship and romance with Louise Bloomingdale that began in the 1930s and still goes strong today. CIGARS AND OTHER PASSIONS is about cementing relationships, building wealth, giving back to society and nurturing a marriage and family for more than 70 years, all the while having marvelous fun. Cigars are my passion and Yale football is a close second! - Edgar Cullman

Don't Mind If I Do George Hamilton, William Stadiem, 2008-10-14 Spend a few hours with George Hamilton? Don't Mind If I Do Don't let that tanned, handsome, charming surface fool you. Beneath the bronzed façade is a mischievous mind with a wicked wit. George Hamilton doesn't miss a thing. With a front row seat for classic Hollywood's biggest secrets and scandals, George has the intelligence, heart, and unflappable spirit to tell his story, and the story of Tinseltown's heyday, with great good humor and delicious candor -- as only he can. From Where the Boys Are to Dancing with the Stars; from Mary Pickford to Elizabeth Taylor; from smalltown Arkansas to the capitals of Europe -- it's all here, and George has lived to tell and to laugh about it. As the child of a Dartmouth-educated bandleader father and a glamorous Southern debutante mother whose marriage crumbled early on, George had a childhood filled with misadventures and challenges that his mother always seemed able to turn from tragedy to comedy. Her idea of changing the family's fortunes involved a trip cross-country with three sons and a poodle in a Lincoln Continental, making stops along the way to search for husband/father number three. And she was quick to recognize that George's potential success lay in Hollywood. George starved nobly for his art in the late 1950s, but was soon starring in major motion pictures directed by the likes of Vincente Minnelli and Louis Malle. He has forgotten more about Hollywood than most movie experts will ever know and shares intimate and hugely entertaining stories of his friendships with Cary Grant; Brigitte Bardot; Robert Mitchum; Merle Oberon; Mae West; Sammy Davis, Jr.; and Judy Garland -- not to mention Lyndon B. Johnson and Elvis's Colonel Tom Parker as well as the King himself -- among others. The world is Hamilton's oyster, and this ultimate insider is ready to share it with us. So fasten your seat belt. We'll tell you when it's safe to move about the cabin again.

Life's Little Pleasures George Hamilton, 1998 Actor George Hamilton has elevated the art of seeking pleasure to an art form. Now, from this lord of the laid-back comes a collection of pleasure vignettes--in a sense, a guide to experiencing things that are either taken for granted or that have never been tried before. Alienated America Timothy P. Carney, 2019-02-19 Now a Washington Post bestseller. Respected conservative journalist and commentator Timothy P. Carney continues the conversation begun with Hillbilly Elegy and the classic Bowling Alone in this hard-hitting analysis that identifies the true factor

behind the decline of the American dream: it is not purely the result of economics as the left claims, but the collapse of the institutions that made us successful, including marriage, church, and civic life. During the 2016 presidential campaign, Donald J. Trump proclaimed, “the American dream is dead,” and this message resonated across the country. Why do so many people believe that the American dream is no longer within reach? Growing inequality, stubborn pockets of immobility, rising rates of deadly addiction, the increasing and troubling fact that where you start determines where you end up, heightening political strife—these are the disturbing realities threatening ordinary American lives today. The standard accounts pointed to economic problems among the working class, but the root was a cultural collapse: While the educated and wealthy elites still enjoy strong communities, most blue-collar Americans lack strong communities and institutions that bind them to their neighbors. And outside of the elites, the central American institution has been religion. That is, it’s not the factory closings that have torn us apart; it’s the church closings. The dissolution of our most cherished institutions—nuclear families, places of worship, civic organizations—has not only divided us, but eroded our sense of worth, belief in opportunity, and connection to one another. In *Abandoned America*, Carney visits all corners of America, from the dim country bars of Southwestern Pennsylvania, to the bustling Mormon wards of Salt Lake City, and explains the most important data and research to demonstrate how the social connection is the great divide in America. He shows that Trump’s surprising victory was the most visible symptom of this deep-seated problem. In addition to his detailed exploration of how a range of societal changes have, in tandem, damaged us, Carney provides a framework that will lead us back out of a lonely, modern wilderness.

The Damnation Game Clive Barker, 2017-11-19 Marty Strauss, a gambling addict recently released from prison, is hired to be the personal bodyguard of Joseph Whitehead, one of the wealthiest men in the world. The job proves more complicated and dangerous than he thought, however, as Marty soon gets caught up in a series of supernatural events involving Whitehead, his daughter (who is a heroin addict), and a devilish man named Mamoulia, with whom Whitehead made a Faustian bargain many years earlier, during World War II. As time passes, Mamoulia haunts Whitehead using his supernatural powers (such as the ability to raise the dead), urging him to complete his pact with him. Eventually Whitehead decides to escape his fate after a few encounters with Mamoulia and having his wife, former bodyguard, and now his daughter Carys taken away from him. With hope still left to save Carys, Marty Strauss, although reluctant to get involved in the old man Whitehead’s deserved punishment, decides to get involved and attempt to save the innocent gifted addict from being another victim to the damnation game.

Tobacco Merchant Maurice Duke, Daniel P. Jordan, 2021-10-21 Maurice Duke and Daniel P. Jordan vividly describe the colorful life and times of one of the South’s—and America’s—most important businesses and provide insight into how luck, management practices, and personalities helped the company rise to international prominence. Universal Leaf Tobacco Company, the world’s largest independent leaf tobacco dealer, is one of the major buying arms for tobacco manufacturers worldwide, selecting, purchasing, processing, and storing leaf tobacco. The story opens during the aftermath of the Civil War when Southerners realized once again the worldwide potential of their native crop. The authors follow the company from its incorporation 1918 through one of the first hostile takeover attempts in American business, to its evolution in 1993 into Universal Corporation, a worldwide conglomerate with a number of products including tobacco. Based on scholarly research and over two hundred interviews with past and present Universal employees, this objective saga reveals much about American business and economic history.

Last Dance in Havana Eugene Robinson, 2012-11-20 In power for forty-four years and counting, Fidel Castro has done everything possible to define Cuba to the world and to itself -- yet not even he has been able to control the thoughts and dreams of his people. Those thoughts and dreams are the basis for what may become a post-Castro Cuba. To more fully understand the future of America’s near neighbor, veteran reporter Eugene Robinson knew exactly where to look -- or rather, to listen. In this provocative work, Robinson takes us on a sweaty, pulsating, and lyrical tour of a

country on the verge of revolution, using its musicians as a window into its present and future. Music is the mother's milk of Cuban culture. Cubans express their fondest hopes, their frustrations, even their political dissent, through music. Most Americans think only of salsa and the Buena Vista Social Club when they think of the music of Cuba, yet those styles are but a piece of a broad musical spectrum. Just as the West learned more about China after the Cultural Revolution by watching From Mao to Mozart, so will readers discover the real Cuba -- the living, breathing, dying, yet striving Cuba. Cuban music is both wildly exuberant and achingly melancholy. A thick stew of African and European elements, it is astoundingly rich and influential to have come from such a tiny island. From rap stars who defy the government in their lyrics to violinists and pianists who attend the world's last Soviet-style conservatory to international pop stars who could make millions abroad yet choose to stay and work for peanuts, Robinson introduces us to unforgettable characters who happily bring him into their homes and backstage discussions. Despite Castro's attempts to shut down nightclubs, obstruct artists, and subsidize only what he wants, the musicians and dancers of Cuba cannot stop, much less behave. Cubans move through their complicated lives the way they move on the dance floor, dashing and darting and spinning on a dime, seducing joy and fulfillment and next week's supply of food out of a broken system. Then at night they take to the real dance floors and invent fantastic new steps. Last Dance in Havana is heartwrenching, yet ultimately as joyous and hopeful as a rocking club late on a Saturday night.

20% Chance of Rain Richard B. Jones, 2011-10-11 There are plenty of books on specialized risk topics but few that deal with the broad diversity and daily applicability of this subject. Risk applications require a robust knowledge of many attributes of this seemingly simple subject. This book teaches the reader through examples and case studies the fundamental (and subtle) aspects of risk - regardless of the specific situation. The text allows the reader to understand the concept of risk analysis while not getting too involved in the mathematics; in this method the reader can apply these techniques across a wide range of situations. The second edition includes new examples from NASA and several other industries as well as new case studies from legal databases. The many real-life discussion topics enable the reader to form an understanding of the concepts of risk and risk management and apply them to day-to-day issues.

Precious Sandra Novack, 2009-02-17 **BONUS:** This edition contains a *Precious* discussion guide and an excerpt from Sandra Novack's *Everyone but You*. The summer of 1978, ten-year-old Vicki Anderson rides her bike to the local park and goes missing. Her tight-knit blue-collar Pennsylvania neighborhood, where children roam the streets at night playing lightning tag, aboveground pools sparkle in backyards, and flowers scent the air, will never be the same. Down the street from Vicki's house, another family is in crisis. Troubled by her past, headstrong Natalia Kisch has abandoned her husband and two daughters for another man. Frank Kisch, grappling with his anger, is left to raise their girls alone, oblivious to his daughters' struggles with both disappearances: Eva, seventeen, plunges into an affair with her married high school teacher, and nine-year-old Sissy escapes to a world of imagination and storytelling that becomes so magical it pierces the reality of the everyday. When Natalia unexpectedly returns, the struggles and tensions that have built over the summer erupt into a series of events that change the Kisches irrevocably—forcing them to piece together their complicated pasts and commitments to each other. In this haunting, atmospheric debut, Sandra Novack examines loss, loyalty, and a family in crisis. Lyrical and elegiac, *Precious* illuminates our attempts to make sense of the volatility that surrounds and consumes us, and explores our ability, even during the most trying times, to remember and hold on to those we love most.
