Clifford the Small Red Puppy Norman Bridwell,2005-05-01 Clifford begins life as a very small red puppy, but once he starts growing into a very large red dog there seems no limit to his potential size.

Big Red (Big Red #1) Jim Kjelgaard,2019-08-17 From the moment Danny sees the beautiful Irish setter, he knows Red is the dog for him. Fast and smart, strong and noble, Red is the only dog Danny wants by his side. Soon, neither boy nor dog can stand to be apart. Together Danny and Red face many dangers in the harsh Wintapi wilderness that they call home. But the greatest test of their courage and friendship will come from an enemy more cunning than any they've known before--a bear who is the undisputed king of the wilderness, a savage killer called Old Majesty.

Our Dog Red Edward C. Sellner,2019-08-26 Everyone who has lost a beloved pet knows the deep grief and heartbreak a death can cause, often raising questions about the meaning of such a loss, whether there is an afterlife for pets, and sometimes why God would take such a dear member of the family so soon. This book is the story of a father and son, Ed and Daniel, whose pet, Red, died on Good Friday in the week Christians call Holy. It shows how Red's death drew them even closer while also leading each of them into new awarenesses. The timing of that death also raised serious questions for Ed, a pastoral theologian, which he had not faced before: do animals have souls? What sort of God is it that we Christians believe in? What was one to learn from the synchronicity of Red dying on Good Friday? As a result of his grief and the questions it raised, Ed found himself being led to teaching new courses in ethics, art, and spirituality concerned with animals, and a new field specifically called animal theology. This memoir is written for those concerned with the death of their beloved pets. It discusses practices and rituals helpful in dealing with grief which can contribute to healing.

Red R.C. Besteder, 2022-11-03 Red, The Saga of Red Dog, is the first of two volumes on a redbone hound of wolf mix that became a feral dog and one of her pups, Rot. In this book and the second, two significant questions asked by dog lovers are answered. The first has to do with whether a dog has a soul and the second is whether a dog has an afterlife? Question one is answered in the first book and question two will be answered in the second. Red was a real dog but her story is presented in a fictional narrative. A principle is illustrated namely that the righteous care for their animals. As opposed to animal abuse, what happened to Red, is intended to enlighten readers on the proper way to treat one's dog. There is mystery in the composition of Red. It's left to the reader to pick up the many hints the author has in mind and in one special instance what appears to be a contradiction has a deeper meaning for the reader to comprehend. This book is quite educational and will contribute to the reader's knowledge and appreciation of dogs. The background of the early life of Red is one in which the author was reared and is presented with great detail and accuracy. Note Red's first Christmas. The raccoon hunt was an actual experience of the writer. Red born in Pennsylvania runs with wolves through New York and into Canada, and in her sojourn ends up in Florida. Red is fast moving and exciting. It was written with great emotion and it is hoped that you will be inwardly compelled to follow the good against evil plot to the completion of Rot, son of Red.
