*Evolution of Government Policy Towards Homosexuality in the US Military* James E. Parco,David A. Levy,2016-09-17 Throughout history, homosexuality has been a complicating factor for men and women electing to serve in the armed forces of the United States. The right to serve became increasingly complicated when the Department of Defense responded to congressional legislation in 1993 by adopting a policy that later became known as don't ask, don't tell (DADT). DADT permitted homosexual members to serve in the forces, so long as they showed no evidence of homosexual behavior. The compromise policy remained in force until Congress passed the Don't Ask, Don't Tell Repeal Act of 2010 and finally, in September 2011, the ban on gay men and lesbians serving openly in the US armed forces officially came to an end. Reflecting on the 20-year period governed by DADT, this volume explores the history, culture, attitudes and impacts of policy evolution from the mid-20th Century through to the present day. It not only provides insight to the scholarly field of how the most

powerful institution in the world has viewed and dealt with homosexuality as it transitioned into the 21st century, but it is also poised to become a seminal collection for researchers in the decades to come. This book was originally published as a special issue of the Journal of Homosexuality. Parco and Levy have produced a fine edited volume dedicated to deepening our understanding of the federal DADT policy. What has resulted is a deep analysis of the federal policies regarding gays and lesbians in the U.S. military. This volume is filled with rich descriptions and analyses written by the very best thinkers about issues pertaining to gays and lesbians in the U.S. military. Parco and Levy not only offer a comprehensive treatment of DADT, but their book will stand the test of time and spur additional important research about gay, lesbian, bisexual, and queer service members. The Rise and Fall of DADT is accessibly written and offers readers a comprehensive understanding of the DADT federal policy and the attendant issues of equity, social justice and ever-changing attitudes about LGBTQ people related to the U.S. military and to the larger American society. John P. Elia, Ph.D. Editor-in-Chief, Journal of Homosexuality and Professor and Associate Chair of Health Education at San Francisco State University, USA As Assistant Secretary of Defense for Public Affairs from 2010 to 2012, and the first openly-gay senior official to serve at the Pentagon, I was witness to and honored to be an active participant in the historic process that led to the ban on discrimination against lesbian and gay service members: men and women who had been hiding in plain sight while risking their lives to serve their country honorably. In this volume, Jim Parco and Dave Levy provide what is perhaps the most comprehensive account to date of the evolution of US government policy regarding LGBT service members. Their study includes outstanding firsthand narratives by many friends who played central roles in the repeal of Don't Ask/Don't tell, including Sue Fulton, Jonathan Lee and former Congressman Patrick Murphy. Parco and Levy provide the opportunity for scholars, experts and ordinary citizens

from all walks of life to share in those journeys and in the very positive results that were achieved.  
Douglas B. Wilson, former Assistant Secretary of Defense for the United States

**Taronga** Victor Kelleher, 2013 The great dome of the sky, black, star-sprinkled, arched above him, appearing at that moment so limitless, so vast and free, that the fences and cages of Taronga were dwarfed, reduced to the point where they barely seemed to exist . . . Every so often, there comes a story so brilliant and lively and moving that it cannot be left in the past. **The Veiled Web** Catherine Asaro,2022-09-27 “A near-future layering of East and West, of religion and technology . . . and of love and its loss—all woven into an intriguing tapestry.” —Diana Gabaldon, bestselling author of the *Outlander* series Winner of the Homer Award for Best Science Fiction Novel A renowned prima ballerina, Lucia del Mar is far more comfortable expressing herself through dance than with words. Shy and introverted, she spends most of her spare time on her laptop. Still, Lucia’s job forces her out of her comfort zone, which is how she winds up at a White House reception where she meets Rashid al-Jazari, the wealthy CEO of a multinational corporation. Although attracted to him, Lucia can’t help but feel awkward and shrugs off their encounter as a one-time event. Not realizing he feels a similar attraction, she never imagines Rashid will seek out her performances; he is the last person she expects to see when her dance company travels to Italy. Their reunion takes an even more unexpected turn when they’re both drugged and kidnapped. Although they overcome their abductors, it leaves them stranded in North Africa. For her own safety, Lucia agrees to marry Rashid, at least for the time being. As she recovers at his family compound in Morocco, reeling from their brush with danger, she struggles to fit into a culture she knows nothing about—and to deal with her growing feelings for Rashid. At the same time, at his secret office there, Rashid is developing a dramatic leap forward in artificial intelligence combined with virtual reality. He

finds himself plunged into a fight for control of his work against powerful international forces, and caught in the middle, Lucia is swept into that battle . . . “A terrific novel, ripping a path from today’s headlines to tomorrow’s realities.” —Robert J. Sawyer, Nebula Award-winning author
