Quiet Time Stephanie Kane,2008-12-10 It's when you're too afraid to make a sound... Inside his picture-perfect home, Warren Scott runs a tight ship. He demands total respect from his family. He'll accept nothing less. The Scotts are quiet, they keep to themselves – and to the neighbors, they seem like any other family. Then the Scotts' facade shatters one sun-drenched morning in May. Sari Siegel is engaged to Tim Scott when his mother is found murdered. Sari barely knows the Scotts, but even she can sense the terrible secrets that seethe below the surface. Sari knows something about Peggy's murder, but she isn't telling ... at least not yet. For if she does, her own dreams of a perfect life with Tim will shatter. There are some family traditions no one wants to keep.

Quiet Naomi Vacaro,2022-04-05 A new approach to quiet time that will refresh your heart and soul. So many of us struggle to create space in our daily routines for time with God. We deeply desire to feel close to Him, but we are constantly asking, How do I create a quiet space with God in my busy, chaotic schedule? Why does having a quiet time require so much effort? Am I the only one who feels this way? We know that setting aside quiet moments with God is important, but for one reason or another, meeting with him on a regular basis just feels hard. In Quiet, Naomi Vacaro, creator of the online community Wholehearted and the Quiet Time Companion journal, offers hope and a unique solution for creating (and maintaining) a quiet-time habit. Naomi

will show readers that having daily time with God is simple, attractive, and achievable no matter what season of life they are in. In *Quiet* she'll explore what it means to practice a grace-based approach to quiet time, quiet-time ruts and how to get out of them, and how to conquer feelings of guilt and failure—and move into freedom instead. Time with God can happen anytime, anywhere, and *Quiet* will help you create new habits to keep you uplifted and enjoy the grace God freely offers.

The Quiet Time Dimitri Keriotis, 2018-06-28 In the same vein as Paul Theroux and Robert Olen Butler, some of these stories take place in foreign countries—Zaire (Congo) and Greece—and center on interactions between a host nation and an American visitor. Others are set in the US in the modes of Alice Munro and Tobias Wolff, focusing on human relationships. Each story reveals a main character's moral center in the face of unexpected events, some of which seem trivial, others vital.

Baby's Quiet Time Music Book Sam Taplin, 2019-06 Sometimes, after lunchtime, after a family cook-out, or after playing, babies and toddlers need some quiet time to rest, relax and have some quality time with their parents. This

book will be the perfect tool to allow children and their parents to have a calmer moment. Listen to the quiet music as you follow a band of little animals going down a river on a raft playing classics like Pachelbel's canon and other famous soothing music.

Quiet Times for Couples H. Norman Wright, 2011-01-01 In this freshly designed trade edition of the bestselling daily devotional *Quiet Times for Couples* (more than 600,000 copies sold), noted counselor and author Norm Wright provides the help couples need to nurture their marriages. In just a few moments together each day, couples will discover a richer intimacy with each other and with God. They are encouraged to share their fondest dreams and deepest thoughts—creating memories in these quiet times together. A couple will look forward to closing the doors on the frenzied world and taking turns reading the devotions. The Scripture verses and meditations guide them in applying God's Word to their lives and marriage, and the daily discussions will fill their relationship with a new expression of God's promises and an everlasting love toward one another. This is the perfect gift—thoughtful and inspirational—for all couples at any stage of life and relationship.

Reset Your Child's Brain Victoria L. Dunckley, MD, 2015-06-23 Increasing numbers of parents grapple with children who are acting out without obvious reason. Revved up and irritable, many of these children are diagnosed with ADHD, bipolar illness, autism, or other disorders but don't respond well to

treatment. They are then medicated, often with poor results and unwanted side effects. Based on emerging scientific research and extensive clinical experience, integrative child psychiatrist Dr. Victoria Dunckley has pioneered a four-week program to treat the frequent underlying cause, Electronic Screen Syndrome (ESS). Dr. Dunckley has found that everyday use of interactive screen devices – such as computers, video games, smartphones, and tablets – can easily overstimulate a child's nervous system, triggering a variety of stubborn symptoms. In contrast, she's discovered that a strict, extended electronic fast single-handedly improves mood, focus, sleep, and behavior, regardless of the child's diagnosis. It also reduces the need for medication and renders other treatments more effective. Offered now in this book, this simple intervention can produce a life-changing shift in brain function and help your child get back on track – all without cost or medication. While no one in today's connected world can completely shun electronic stimuli, Dr. Dunckley provides hope for parents who feel that their child has been misdiagnosed or inappropriately medicated, by presenting an alternative explanation for their child's difficulties and a concrete plan for treating them.
