Webs of Beauty Miriam Myers, 2005-11-22 Patterns are found in many places in our world, from the back of a zebra to a rainbow in the sky. This script shows students the intricate patterns of a spiderweb and how patterns are often found everywhere in nature. The mathematical connection is understanding that patterns are a repetition of colors or objects, and that they can be created by putting shapes or colors together. This script is based on *The Spider Weaver: A Legend of Kente Cloth* by Julia Carnes.

Challenges of Tawa R.J. Young, 2023-01-04 Three hundred years is far too short a time for angry gods to make peace with their enemies. Young Tawa is the impetuous son of the tribal chieftain. While out hunting, he encounters a flying monster, but no one believes him when he shares what he has witnessed. The Itiwana tribe soon learn they have more than just a monster to worry about. Ancient powerful Sky Elders have returned after three hundred years, and they're still angry. The Summer Sky Elders are pursuing their perpetual war with the Winter Sky Elders, and the mortal realm is once more caught in the middle of their titanic struggle. After his father sacrifices himself, Tawa must assume his role as chieftain. Mentored by the shape-shifting Manabazo, Tawa trains to become a leader and a warrior. He must find the sacred Tree of Life and protect his people from the never-ending waves of monsters, witches, and Vikings sent by the Winter Elders to destroy them. If he fails, an endless winter will cover the Earth and all life will cease. Will he be able to find what has been hidden even from the gods themselves?

Foundation HTML5 Canvas Rob Hawkes, 2011-09-20 Foundation HTML5 Canvas: For Games and Entertainment teaches you how to make exciting interactive games and applications using HTML5 canvas. Canvas lets you produce graphics, animations, and applications using the HTML5 and JavaScript web standards. It allows you to draw directly within the browser without the need for third-party plugins like Adobe Flash, and so canvas works perfectly across desktop and mobile devices, like the iPhone and Android. Foundation HTML5 Canvas begins by introducing you to HTML5 and the cool new features that it opens up for you. You are then offered a quick guide to JavaScript programming to get you up to speed. Next up you'll receive a thorough introduction to the canvas element, which teaches you how to draw objects within the browser with great ease. Once the basics are covered you'll move on to the more advanced features of canvas, including image and video manipulation. You'll also learn how to create realistic animations with the help of some basic physics. Foundation HTML5 Canvas then teaches you how to create two thrilling space-based games using all the skills you've learned so far. You'll find plenty of code examples and illustrations designed to help you understand even the most complex of topics. HTML5 is already here for you, and this book will provide you with all the information you need to enjoy the show. Chasing Rainbows: Exploring Gender Fluid Parenting Practices Fiona Joy Green, 2013-09-01 Feminist parenting creates unique challenges. As women experience the unique powerlessness of motherhood, they also hold the uncomfortable power of acting as advocates for and as agents of socialization and social control over their children. Fathers may feel the desire for feminist parenting whilst experiencing a backlash and a lack of support, while some parents may attempt to resist the binaries of mothering and fathering in their feminist parenting journey. Feminist parents may attempt to resist gender binaries; they may submit to them while attempting to foster critical dialogue; they may struggle with the display of their own femininity and masculinity or, for some, its perceived lack. This book attempts to cast a lens on the messy and convoluted ways that feminist parents approach parenting their children in gender aware and gender fluid ways.

California Cuisine and Just Food Sally K. Fairfax, Greig Tor Guthey, Louise Nelson Dyble, 2012 An account of the shift in focus to access and fairness among San Francisco Bay Area alternative food activists and advocates. Can a celebrity chef find common ground with an urban community organizer? Can a maker of organic cheese and a farm worker share an agenda for improving America's food? In the San Francisco Bay area, unexpected alliances signal the widening concerns of diverse alternative food proponents. What began as niche preoccupations with parks, the environment, food aesthetics, and taste has become a broader and more integrated effort to achieve food democracy:

agricultural sustainability, access for all to good food, fairness for workers and producers, and public health. This book maps that evolution in northern California. The authors show that progress toward food democracy in the Bay area has been significant: innovators have built on familiar yet quite radical understandings of regional cuisine to generate new, broadly shared expectations about food quality, and activists have targeted the problems that the conventional food system creates. But, they caution despite the Bay Area's favorable climate, progressive politics, and food culture many challenges remain.

Where Have All the Flower Children Gone? Sandra Gurvis, 2009-09-18 What happened to the Vietnam protesters and civil rights activists? Where did their idealism lead them? And what do they feel they have contributed to the nation's political debate? Answers to these and many other questions can be found in the first-hand narratives, history, and photographs of *Where Have All the Flower Children Gone?* Chapters examine such aspects as the origins of the student protest movement and the conservative backlash as well as the fates of draft evaders, expatriates, and conscientious objectors. Respondents explore the conflict between the various generations over Vietnam, Iraq, and other issues. What happened to the children of the 1960s, and how do they reconcile their pasts with the present? Gurvis examines little-known aspects of the 1960s such as an uprising at Colorado State and coffeehouses that helped soldiers form opinions about Vietnam. *Where Have All the Flower Children Gone?* puts a contemporary face on the Age of Aquarius. Gurvis interviews such officials as Senator Chuck Hagel (R-Nebraska) and such high-profile former radicals as Bernadine Dohrn. The book also provides one of the last interviews with the late Ossie Davis. The major and minor players of Kent State and Jackson State, where students and others perished at the hands of soldiers, weigh in as well as do the generations preceding and succeeding the Baby Boomers.

Playing with Myself Randy Rainbow, 2022-04-19 Instant New York Times, USA Today, and Wall Street Journal Bestseller! An intimate and light-hearted memoir by viral sensation and three-time Emmy-nominated musical comedian Randy Rainbow that takes readers through his life—the highs, the lows, the lipstick, the pink glasses, and the show tunes. Randy Rainbow, the man who conquered the Internet with a stylish pair of pink glasses, an inexhaustible knowledge of Broadway musicals, and the most gimlet-eyed view of American politics this side of Mark Twain finally tells all in *Playing with Myself*, a memoir sure to cause more than a few readers to begin singing one of his greatest hits like “A Spoonful of Clorox” or “Cover Your Freakin’ Face.” As Randy has said, “There’s so much fake news out there about me. I can’t wait to set the record straight and finally give people a peek behind the green screen.” And set the record straight he does. *Playing with Myself* is a first-hand account of the journey that led Randy Rainbow from his childhood as the over-imaginative, often misunderstood little boy who carried a purse in the second grade to his first job on Broadway as the host at Hooters and on to the creation of his trademark comedy character. In chapters titled “Pajama Bottoms” (a look back at the days when he wore pajama bottoms on his head to pretend he was Dorothy in *The Wizard of Oz*), “Yes, It’s My Real Name, Shut Up!” (no explanation necessary...) and “Pink Glasses” (a rose-colored homage to his favorite accessory), *Playing with Myself* is a memoir that answers the question “Can an introverted musical theatre nerd with a MacBook and a dream save the world, one show tune at a time?”

Prayer of the World Kathleen Maia Tapp, 2021-08-16 *Prayer of the World* opens a window into an astonishingly beautiful world, showing life as a vast prayer in which we live and breathe. Through poetry and luminous photographs, it brings forth the voices of earth, sea, sky, and the entire web of life. From star fire to water’s blue stillness, from eagle’s soaring flight to canary’s solemn teaching comes the plea: “Join the prayer; the web is greatly strained.” Kathleen Maia and Ken traveled to many sites in the United States and beyond—she with her pen and notebook, and he with his camera. As their pilgrimage continued, they realized that the poetry and photography together created a stunning whole, a vibrant expression of Earth’s life and Earth’s plea: “Give back to the web; add your voice to the song. Join the Prayer of the World.” As alarm, anxiety, and upheaval escalate across the globe, *Prayer of the World* raises not only Earth’s lament, but also Earth’s great hope: “All is connected in a living breathing web...the living pulse of energy that flows through all creation—each pulse a prayer.” To learn more about *Prayer of the World* visit: www.prayeroftheworld.org

Choosing Partnership, Sharing Ministry Marcia Barnes Bailey, 2007-06-20 Like many clergy, Marcia Barnes Bailey began her work as an ordained leader with a vision of the pastor as leader extraordinaire, empowered by education,

authority, position, and resources. She soon found herself thinking: There has to be another way. In this book, Bailey invites pastors and congregations to a new understanding of ministry, leadership, and the church that challenges hierarchy by fully sharing responsibilities, risks, and rewards in mutual ministry. This model took shape over 10 years as Bailey, pastoral colleague Marcus Pomeroy, and the congregation they served began writing their own definition of partnership--creating their own map, trusting their own instincts, making their own mistakes. For Bailey, this kind of partnership began when she discovered the courage to listen to herself and to the Spirit for the inklings of another way--to incarnate Jesus's example, a ministry that was widely inclusive, delegated power, shared authority, and thrived with the multiplication of gifts. Partnership invites us on a journey that can transform us as leaders, as human beings, and as the church. It is challenging and exciting, and it requires hard work. It is also energizing, engaging, and empowering. Partnership unleashes the Spirit to create a new vision and reality among us, moving us one step closer to living into God's reign.
