Rainie Daze Melody Muckenfuss,2014-06-02 Rainie Lovington is a thirty-something single woman struggling with the usual challenges of an ordinary life: maintaining a friendship with her gay ex-husband, periodically dragging her drunken brother out of the local bar, avoiding aura cleansings offered by her hippie mom, and making sure her pet iguana gets his fresh veggies every day. She cheerfully provides home care for the elderly and writes poetry on the side, sometimes on bathroom walls if she can't get published any other way. In spite of a bit of restlessness, she's pretty content with her life. That is until Jack, a good looking and highly skilled private eye, talks her into taking a part-time job at the local private investigation firm where he works. He assures her it's an easy gig, just running data base searches and doing a few interviews. It doesn't take much for Jack to smooth-talk Rainie into assisting him on a couple of minor cases, one that has her going undercover to an S&M club, another that gets her blown out a fourth story window. She realizes Jack is pure trouble, and she just needs to say no to him, but when she finds herself being hunted down by three armed men, she's glad she kept Jack on speed dial.

The Club II Walter Grant,2016-11-01 We lured him to a motel with a promised sexual encounter unlike anything he'd ever known. We made good on our promise—there was no sex, but it was without doubt unlike anything he'd ever known. We spiked his drink, teased, and toyed with him until he passed out. Then we tied him up, duct-taped his mouth, threw him into the trunk of our car and drove him to an abandoned farmhouse in the woods where he could scream himself hoarse without anyone hearing him. We waited until the drug wore off and then introduced him to pain. In the end we gave him a choice; he could tell us what we wanted to know and die quickly or die stripped naked with syrup poured in his ears, nose, eyes, and on other areas of his body while tied down in the vicinity of a fire ant community. We took him outside where he could view the area—there were dozens of ant hills. I thanked him for his cooperation and made sure he saw me smile as I slit his throat. I can only speculate as to how deep corruption goes and who is involved in any given circumstance. I only know I will never fully trust my government ever again.”

Solid Gold R. Serge Denisoff,2020-04-02 More than 90 record companies release over 9,000 pop records each year-a staggering total of 52,000 songs. Each one competes for the gold record, the recording industry's symbol of success that certifies \$1 million worth of records have been sold. Solid Gold explains why, for each record that succeeds, countless others fail. This book follows the progress of a record through production, marketing, and distribution, and shows how a mistake made at any point can mean its doom. Denisoff suggests that a drastic shift in the demographic makeup of the pop music audience during the sixties has resulted in a broader listening public, including fans at every level of society.
