It all waits to be discovered in this groundbreaking novel, which mixes fiction and photography in a thrilling new kind of reading experience. As our story opens, a horrific family tragedy sets sixteen-year-old Jacob Portman journeying to a remote island off the coast of Wales, where he discovers the crumbling ruins of *Miss Peregrine's Home for Peculiar Children*. **HOLLOW CITY:** September 3, 1940. Ten peculiar children flee an army of deadly monsters. And only one person can help them—but she's trapped in the body of a bird. The extraordinary adventure continues as Jacob Portman and his newfound friends journey to London, the peculiar capital of the world. There, they hope to find a cure for their beloved headmistress, *Miss Peregrine*. But in this war-torn city, hideous surprises lurk around every corner. **LIBRARY OF SOULS:** A boy, a girl, and a talking dog. They're all that stands between the sinister wights and the future of peculiar children everywhere. Jacob Portman ventures through history one last time to rescue the peculiar children from a heavily guarded fortress. He's joined by girlfriend and firestarter Emma Bloom, canine companion Addison MacHenry, and some very unexpected allies.

John Crowe Ransom's Secular Faith Kieran Quinlan, 1999-03-01 Recent interest in the life and works of John Crowe Ransom has brought to light the many apparent contradictions and discontinuities in the career of this important man of letters. A noted poet, Ransom chose to devote his energies primarily to the composition of prose. A southern agrarian in the 1930s, he later rejected the movement as nostalgic and unrealistic. But perhaps more central to his development as a man of letters, he came to renounce all traditional religious beliefs, even though he was descended from a line of Methodist ministers. In *John Crowe Ransom's Secular Faith* Keiran Quinlan examines these and other incongruities within the context of the writer's career and offers a substantially revisionist interpretation of his subject. Quinlan argues that the key to understanding Ransom's development lies in "his early rejection of the tenets of Christian theology and in his consequent effort at articulating an alternative philosophy to live by." Ransom's literary efforts are viewed as a philosophical project aimed at discovering an empirical validity for the world rather than a transcendental one. Quinlan examines Ransom's development against the background of the literary and philosophic movements that influenced the writer. He shows how thinkers like Kant, Hegel, Dewey, and the logical positivists, and poets like Arnold, Hardy, Stevens, Eliot, and Graves, all made significant contributions to Ransom's progress. Although Ransom has often been allied with T.S. Eliot, who turned to religion and a transcendental knowledge of the world, Quinlan contends that Ransom's real sympathies were with Wallace Stevens, who sought a suitable substitute for religious faith in the celebration of a world he felt was emptied of its transcendental component. Ransom's difficulties are in many ways symptomatic of the struggles of our age—the supplanting of God and a supernatural world view by scientific advances, the loss of faith, and thus the need to find an alternative meaning in existence. Quinlan stresses that although the gradual emergence of Ransom's "secular faith" was a

direct result of his lifelong dialogue with the Christian tradition, his final belief was that “‘this is the best of all possible worlds’; inasmuch as it is not possible for imagination to acquaint is with any other world.” Quinlan concludes, therefore, that Ransom belongs squarely in the American pragmatist tradition.

John Crowe Ransom and Allen Tate Marion Montgomery, 2003-03-05 The Fugitives were an influential literary group that began at Vanderbilt University in the 1920s. Although the philosophically driven alliance was short-lived, two of its members, John Crowe Ransom and Allen Tate, went on to become influential Southern poets and theorists. In this work, a self-proclaimed third-generation Fugitive-Agrarian concentrates on the history and mystery of nature. The author supports the recovery of fundamental principles required for the economic, social and political health of our communities. He explores Fugitive-Agrarian concepts of nature, history, science, industry, person, family and community. His discussion focuses particular attention on John Crowe Ransom and Allen Tate and how they diverged in their philosophies of intellect and the written word.

The Rhetoric of Characterization of God, Jesus and Jesus' Disciples in the Gospel of Mark Paul L. Danove, 2005-03-28 This study develops a method for analyzing the semantic and narrative rhetoric of repetition and the narrative rhetoric and function of characterization and applies this method in studies of the characterization of God, Jesus, and Jesus' disciples in the Gospel of Mark. The studies of characterization distinguish beliefs that are assumed for the audience from beliefs that the narration cultivates for the audience, identifies the rhetorical relationships and organization of cultivated beliefs, and clarifies the contribution of each character's portrayal to the overall narrative development of Mark. The study then considers the contribution of the characterization of the women at the tomb to the portrayal of Jesus' disciples and narrative developments. A concluding inquiry

investigates the possible applications of the studies of characterization for determining the rhetorical exigency of the narration and for formulating statements of Mark's proposed theology.
