Building Big Profits in Real Estate Wade Timmerson,Suzanne Caplan,2004-07-20

Everyday, people just like you have a real chance to make serious money in real estate. All it requires is the discipline to purchase good property and the motivation to make new purchases that will create growing equity. Filled with in-depth insights and practical advice, Building Big Profits in Real Estate will show you the right way to invest in real estate. A successful stock market investor may need to perform extensive research to make a profit, but becoming a successful real estate investor can be more complex and far more hands-on, especially when you're just getting started. The good thing about real estate is that it offers more security as well as greater upside potential than any other investment--mainly because the value of property never goes to zero (unlike some recent stocks) and real estate prices often continue to go up even when general economic conditions are soft. Building Big Profits in Real Estate focuses on the sound strategies that everyone needs to understand before they invest in real estate. It covers important topics, such as analyzing markets, financing your projects, purchasing rental property, managing a real estate portfolio, finding new ways to invest, and understanding wholesale markets. It also reveals some of the most overlooked opportunities in the real estate market, including Section 8 rentals, wholesaling properties, and selling houses on a rent-to-own basis.

Real Estate Principles ,2006

Zillow Talk Spencer Rascoff, Stan Humphries, 2015-01-27 How do you spot an area poised for gentrification? Is spring or winter the best time to put your house on the market? Will a house on Swamp Road sell for less than one on Gingerbread Lane? The fact is that the rules of real estate have changed drastically over the past five years. To understand real estate in our fast-paced, technology-driven world, we need to toss out all of the outdated truisms and embrace today's brand new information. But how? Enter Zillow, the nation's #1 real estate website and mobile app. Thanks to its treasure trove of proprietary data and army of statisticians and data scientists, led by chief economist Stan Humphries, Zillow has been able to spot the trends and truths of today's housing market while acknowledging that a home is more than an economic asset. In Zillow Talk, Humphries and CEO Spencer Rascoff explain the science behind where and how we live now and reveal practical, data-driven insights about buying, selling, renting and financing real estate. Read this book to find out why: It's better to remodel your bathroom than your kitchen Putting the word cute in your listing could cost you thousands of dollars You shouldn't buy the worst house in the best neighborhood You should never list your house for \$444,000 You shouldn't list your house for sale before March Madness or after the Masters Densely packed with entertaining anecdotes and invaluable how-to advice, Zillow Talk is poised to be the real estate almanac for the next generation.

Death of the Traditional Real Estate Agent: Rise of the Super-Profitable Real Estate Sales Team Todd Walters, Craig Proctor, 2015-03-23 We've all heard the stats and stories about how tough it is to make a profitable living in real estate without high (and often devastating) lifestyle costs, but what do you know about the super successful agents, those netting \$500,000, \$1 million, \$3 million, or more a year selling real estate? What do you really know about how they think, what they do, and how they approach the business, most often rejecting the industry norms that enslave the average agent? The fact of the matter is, if your real estate business depends on you, you don't really have a business; you have a job. In stark contrast, these mega agents have true businesses built on turnkey systems and well-organized teams. There is no stopping this trend. More and more teams will come, garner more market share, and get paid premium fees at the same time working less and playing more than the typical agent. Inside these pages, we'll introduce you to sixteen of these super successful, highly profitable real estate team leaders who share the secrets of their rise to the top 1 percent of the entire industry, how they did it, and how you can copy your way to your own mega-successful real estate business.
