Year of the Reaper Makiia Lucier, 2021-11-09 "I love the magic Lucier weaves through this dark yet hopeful tale. I devoured it in one sitting!" –Kristin Cashore, author of the New York Times bestselling *Graceling* Realm books A beautifully crafted novel containing everything I love in an epic fantasy: complex characters and relationships, excellent world building, and a compelling story full of twists and turns. –Juliet Marillier, author of the *Blackthorn & Grim* and *Warrior Bards* series A rich and captivating YA standalone fantasy that's perfect for fans of Brigid Kemmerer, Rachel Hartman, and Naomi Novik, from the writer whose stories have been called "brilliant" (Booklist), "masterful" (Horn Book), and "breathtaking" (School Library Journal). In the aftermath of a devastating plague, a young lord is determined to discover the truth behind a mysterious attempt to assassinate the young queen. A Sickness to kill them. A Princess to save them. And a Reaper who will stop at nothing to reveal the truth. Young Lord Cassia was destined for death, kidnapped and imprisoned by the enemy three years ago. Now he has escaped, the sole survivor of a deadly outbreak that has ravaged the kingdoms of Oliveras and Brisa alike. His survival has won him his freedom, at a cost: Cas is now haunted by the souls of those with unfinished business left in the realm. When Cas finally returns to his home in the mountains, he arrives just in time to celebrate the king and queen's newborn son. But when an assassin interrupts the festivities, Cas finds himself thrust into the dark underpinnings of court life. Nothing is as he remembers, and his only solace is Lena, a royal historian with a penchant for stealing his horse and keeping him anchored to the present...even as the past rises to the surface. For the more Cas learns about the new queen—a former princess of Brisa, an old enemy—the more he is certain she harbors secrets. Secrets that threaten the one person Cas holds most dear. Lucky for him, the past never forgets, and the secrets of the dead aren't always buried with them.

Reaper - Der Sensenmann A. Zavarelli, 2019-04-25 Sasha Er ist dunkel und geheimnisvoll. Leise und tödlich. Ein irischer Gangster. Pure Sünde in einer wunderschönen Verpackung. Aber irgendetwas an ihm stimmt nicht. Er spürt nichts. Er zeigt keine Emotionen. Manchmal stelle ich seine Menschlichkeit in Frage. Er hat seit zwei Jahren nicht mehr mit mir gesprochen. Kein einziges Wort. Aber wir teilen ein Geheimnis, er und ich. Und wenn es jemals herauskommt, habe ich keinen Zweifel, was passieren wird ... Er wird kein Problem damit haben, auch mich zu töten. Ronan Ich habe für sie getötet. Ich würde es wieder tun. Wenn es um Sasha geht, gibt es keine Grenze, die ich nicht überschreiten würde. Ich beobachte sie. Sie weiß es nicht. Sie denkt, ich hasse sie. Manchmal denke ich, dass das auch so sein könnte. Aber ich bin immer da, verborgen im Schatten. Ich sehne mich nach ihr. Ich versuche, das Tier in Schach zu halten. Ich werde sie beschützen. Ich werde jeden abschlagen, der versucht, ihr wehzutun. Das Einzige, was ich nicht tun kann, ist ..., sie vor mir selbst zu schützen. *** Bostons Unterwelt besteht aus sechs Romanen, die in beliebiger Reihenfolge oder alleine gelesen werden können. Da sich die Charaktere überschneiden, empfehlen wir die folgende Reihenfolge, wenn Sie alle lesen möchten: Crow – Die Krähe, Reaper – Der Sensenmann, Ghost – Der Geist, Saint – Der Heilige, Thief – Der Dieb, Conor – Der Rächer.

Reaper: Threat Zero Nicholas Irving, A. J. Tata, 2019-05-21 The next book in the explosive new thriller series by former special operations sniper and New York Times bestselling author of *The Reaper*. A convoy of cars carrying several family members of the President's cabinet to Camp David for "Family Day" is ambushed, killing and wounding wives, husbands and children. Immediately in the aftermath, Vick Harwood watches a Facebook live feed of his former ranger buddy Sammie Samuelson's apparent suicide and confession in his Thurmont, Maryland apartment, just one mile from Camp David. Remnants of a firefight are in the background: sniper rifle, rocket launchers, and ammunition. Simultaneously, an intruder breaks into Harwood's house. Harwood arrives in Thurman to investigate the suicide and, with the help of attractive FBI agent Valerie Hinojosa, traces evidence left by Samuelson to a fiendish plot involving transnational terrorists and domestic political opponents. Meanwhile, the president wants retribution, and will stop at nothing to get it. Harwood joins Team Valid, whose mission is to kill the family members of terrorists and eliminate their seed from the earth. Team Valid, consisting of Hinojosa, Harwood, a Navy SEAL sniper, and a Marine Force Recon sniper, travels to Crimea, Iran, and Azerbaijan before realizing the mission is not what it seems. Harwood struggles to balance his orders with his sense of right and wrong—without losing his life in the process. As Samuelson is implicated in the Camp David ambush, it is a race to protect his remaining family and uncover the sinister plot in the homeland.

The Reaper Nicholas Irving, Gary Brozek, 2015-01-27 Preorder REAPER: GHOST TARGET now, Nick Irving's debut thriller that Brad Thor calls one hell of a read! The Instant New York Times Bestseller by Co-Star of Fox's *American Grit* and *Legendary Ranger* Nick Irving Groundbreaking, thrilling and revealing, *The Reaper* is the astonishing memoir of Special Operations Direct Action Sniper Nicholas Irving, the 3rd Ranger Battalion's deadliest sniper with 33 confirmed kills, though his remarkable career total, including probables, is unknown. Irving shares the true story of his extraordinary military career, including his deployment to Afghanistan in the summer of 2009, when he set another record, this time for enemy kills on a single deployment. His teammates and chain of command labeled him *The Reaper*, and his actions on the battlefield became the stuff of legend, culminating in an extraordinary face-off against an enemy sniper known simply as *The Chechnian*. Irving's astonishing first-person account of his development into an expert assassin offers a fascinating and extremely rare view of special operations combat missions through the eyes of a Ranger sniper during the Global War on Terrorism. From the brotherhood and sacrifice of teammates in battle to the cold reality of taking a life to protect another, no other book dives so deep inside the life of an Army sniper on point.

When my best friend, Christina, discovers there is going to be a mass prison reaping, there is no doubt in my mind I should be there. This may be what I need to figure out what's wrong with me. Just when I think we might be able to pull it off, the fates reveal they've been playing a cruel joke, and the end of the world may just be inevitable.

Reaper: Ghost Target Nicholas Irving,A. J. Tata,2018-05-08 The explosive new thriller series written by Nicholas Irving, the New York Times bestselling author of *The Reaper* and star of Fox's *American Grit*. Wow! Irving & Tata make an incredible team. *Reaper: Ghost Target* is pedal-to-the-metal action packed with great twists and turns. Think 'Jason Bourne meets Bob Lee Swagger' then buckle up and get ready for one hell of a read! –Brad Thor, #1 New York Times bestselling author of *Use of Force* “A compelling and intriguing tale, layered with suspense, told by two people who know what they're talking about. This one goes on your keeper shelf.” –Steve Berry, New York Times bestselling author of *The 14th Colony* American hero, or unhinged vigilante? In *Reaper: Ghost Target*, Vick The Reaper Harwood is an esteemed sniper with a record kill count—33 kills in 90 days—when he is knocked out under mortar attack in Afghanistan. He wakes up back in the United States with little memory of what happened, his spotter and gun both unrecovered from the battlefield. Harwood has resigned himself to slowly picking up the pieces of his life, training Special Forces snipers in Fort Bragg, North Carolina, and starting a promising relationship with an Olympic medalist named Jackie. But when a series of assassinations start occurring in the area, Harwood can't explain why he just happens to be nearby for each killing—or how a sniper rifle that matches the description of the one he lost seems to be involved. His memory of the past few days is hazy and full of blackouts, and even he has to wonder, is he being framed? Or is he the killer? As Harwood runs from the authorities, his girlfriend falls off the radar, his missing spotter resurfaces, and the assassinated men are outed as drug and sex traffickers. Nothing is adding up. Harwood realizes he has to unravel this mystery, and fast, or find himself paying the ultimate price for crimes he may not have committed.

Beat the Reaper Josh Bazell,2009-01-07 Dr. Peter Brown is an intern at Manhattan's worst hospital, with a talent for medicine, a shift from hell, and a past he'd prefer to keep hidden. Whether it's a blocked circumflex artery or a plan to land a massive malpractice suit, he knows what evil lurks in the hearts of men. Pietro Bearclaw Brwna is a hitman for the mob, with a genius for violence, a well-earned fear of sharks, and an overly close relationship with the Federal Witness Relocation Program. More likely to leave a trail of dead gangsters than a molecule of evidence, he's the last person you want to see in your hospital room. Nicholas LoBrutto, aka Eddy Squillante, is Dr. Brown's new patient, with three months to live and a very strange idea: that Peter Brown and Pietro Brwna might-just might-be the same person . . . Now, with the mob, the government, and death itself descending on the hospital, Peter has to buy time and do whatever it takes to keep his patients, himself, and his last shot at redemption alive. To get through the next eight hours-and somehow beat the reaper. Spattered in adrenaline-fueled action and bone-saw-sharp dialogue, *Beat the Reaper* is a debut thriller so utterly original you won't be able to guess what happens next, and so shockingly entertaining you won't be able to put it down.

Reaper: Drone Strike Nicholas Irving,A. J. Tata,2020-07-21 Nicholas Irving's *Reaper: Drone Strike* is the next book in the explosive thriller series by the former special operations sniper and New York Times bestselling author of *The Reaper*. On a classified mission to help the Israeli Defense Forces stop a Syrian and Hezbollah invasion to seize the Golan Heights, Ranger sniper Vick Harwood and his spotter go deep undercover. Operating with limited support from the American and Israeli governments, Vick is out on the edge. Alessandra Cavezza, Director of Operations in Syria for the Italian UN Commission for Refugees, is moving families out of an embattled neighborhood. The nearly vacant suburb has been a haven for anti-Assad forces, ISIS militants, and Russian private military contractors. As she crawls into the basement of a home to help find a young girl's doll, she finds a secret room that has detailed descriptions of unthinkable attacks on the United States, and falls into the hands of a madman: Jasar Tankian, Lebanese mastermind behind the plots. As Syrian tanks attempt to push through Israeli defenses at the border, Team Reaper picks off Syrian tank commanders as they battle Israeli tanks, jets, and infantrymen. Combat intensifies as Vick goes black on ammunition. Commandeering a cargo drone to deliver Team Reaper to a landing zone near the coordinates, Vick becomes Alessandra's—and America's—only hope for survival.

Way of the Reaper Nicholas Irving,Gary Brozek,2016-08-09 From the New York Times bestselling author and co-star of Fox's *American Grit* comes a rare and powerful book on the art of being a sniper. *Way of the Reaper* is a step-by-step accounting of how a sniper works, through the lens of Irving's most significant kills - none of which have been told before. Each mission is an in-depth look at a new element of eliminating the enemy, from intel to luck, recon to weaponry. Told in a thrilling narrative, this is also a heart-pounding true story of some of *The Reaper's* boldest missions including the longest shot of his military career on a human target of over half a mile. In Iraq and Afghanistan, Nicholas Irving earned his nickname in blood, destroying the enemy with his sniper rifle and in deadly firefights behind a .50 caliber machine gun. He engaged a Taliban suicide bomber during a vicious firefight, used nearly silent sub-sonic ammo, and was the target of snipers himself. *Way of the Reaper* attempts to place the reader in the heat of battle, experiencing the same dangers, horrors and acts of courage Irving faced as an elite member of the 3rd Ranger Battalion, 75th Ranger Regiment, while also examining the personal ramifications of taking another life. Readers will experience the rush of the hunt and the dangers that all snipers must face, while learning what it takes to become an elite manhunter. Like the Reaper himself, this explosive book blazes new territory and takes no prisoners.

Reaper Ben Mezrich,1998-01-07 The techno-thriller genre's newest star, whom *People* magazine likened to Michael Crichton himself, unleashes in *Reaper* the ultimate techno-killer -- a biological virus that's spread electronically. In Boston, nine lawyers on a conference call suddenly convulse with pain, turn chalk white and die. In Vermont, a young woman watching her favorite sitcom meets the same grisly fate, as does a group of sewer workers in Washington, D.C. Whatever has killed these people is spreading fast and the task of eradicating it

falls to young virologist Samantha Craig and paramedic Nick Barnes, whose brilliant surgical career was ruined by a crippling hand injury. When Nick and Samantha discover that the virus, named Reaper, is spread through TVs and PCs, they realize that the information superhighway will become a killing field, with tens of millions dead, unless they can root Reaper out. Their search employs a dazzling array of real-life wizardry, from Mylar body paint to Stealth helicopters to CIA-bred swarms of insects. At the core of Reaper's madness, they find a suavely megalomaniacal, up-from-the-slums, high-tech billionaire; and a high-powered cabal that will do anything to save the world from technology, even if that means annihilating the world. Drawing on the latest medical and technological research and folding in deftly realized characters, Ben Mezrich crafts a relentless, page-turning tale that is at once cutting-edge and utterly believable.

The Reaper in the Rye Rusty Markland,2006-08 In the caverns of our minds, beyond thoughts, dreams and memories, sleeps a monster in all of us. Slumbering under layers of gray matter, deep in the cerebral cortex, we keep it and deny its existence. For one, the beast was awakened and brought forth. In 1978, Savannah, Georgia, suffered the hottest, deadliest summer on record. During that summer, a serial killer began a reign of terror, a grisly and brutal campaign. Those who survived and witnessed the fear and chaos were changed forever. For a short period of time, God blinked and evil seized the day. A young street cop with clear-cut ideas of right and wrong stood at the crossroads that summer, a summer that would live on in bad dreams and suppressed memories for many. A summer when the hunters became the hunted, right became wrong and wrong became right. A summer of murder that Savannah would never forgeta].

Reaper's Return Ren Cummins,2011-03-10 Book One of the Chronicles of Aesirium: What if Death wore a pretty black dress? Everyone in Oldtown had heard talk of the Reapers. Even though nobody had seen one in years, everyone whispered the tales: flying from rooftop to rooftop, stealing the souls of the unwary, letting their undead beasts hunt through the streets for any member of the community too reckless or fearless to heed the nightly curfew ... mysterious and terrifying, most feared to even mention them by name, lest they appear and gather your spirit away.For 11-year-old Romany, her greatest fears were less about the mythological Reapers and more about surviving a miserable life inside of Oldtown's solitary orphanage. Her stark white hair made her an obvious target for the bullies, and the cruel nickname of Ratgirl had followed her for years. But if Rom thought her troubles were behind her, being struck dead by a bolt of lightning would only open the door to an entire life of new ones.First on the list? Finding out that she herself...is a Reaper.A lightly steampunk science fiction/fantasy series, Chronicles of Aesirium is the prequel series to Tales of the Dead Man.
