Winternals Defragmentation, Recovery, and Administration Field Guide Dave Kleiman,Laura E Hunter,2006-06-19 The only book available for the market leading Winternals tools used in over 70,000 Microsoft networks worldwide. The book begins with a chapter describing the most common challenges faced by system administrators related to system recovery, data backup and system performance enhancements. The next chapters introduce the readers to the complete suite of Winternals solutions including Recovery Manager, Defrag Manager, and the Administrator's Pak which repairs unbootable or locked-out systems, restores lost data, and removes malware from infected machines. Chapters on the Administrator' Pak detail all the components of this powerful suite of tools including: ERD Commander 2005, Remote Recover, NTFSDOS Professional, Crash Analyzer Wizard, FileRestore, Filemon Enterprise Edition, Regmon Enterprise Edition, AD Explorer, Insight for Active Directory, and TCP Tools. Each of these chapters details the complete functionality of all tools, and also provides detailed examples for using all tools in relatively simple to extremely complex scenarios. The chapters and companion Web site also include dozens of working scripts to automate many data recovery, backup, and performance enhancement tasks. · Winternals tools are the market leading data recovery and system optimization tools for Microsoft Networks. These tools are deployed in more than 70,000 companies worldwide · Despite the popularity of the Winternals tools, there are no competing books · The companion Web site to the book will provide dozens of working scripts to optimize and enhance the performance of the Winternals tools

70-688 Supporting Windows 8.1 Richard Watson,Microsoft Official Academic Course,2014-08-18 The 70-688 Supporting Windows 8.1 textbook helps prepare students for the second of two exams required for Microsoft Certified Solutions Associate (MCSA): Windows 8 certification. Students master configuration or support for Windows 8 computers, devices, users and associated network and security resources. Those in this IT Professional career field work with networks configured as a domain-based or peer-to-peer environment with access to the Internet and cloud services. These IT Professionals could be a consultant, full-time desktop support technician, or IT generalist who administers Windows 8-based computers and devices as a portion of their broader technical responsibilities. Additional skills addressed, including the recent 8.1 objectives, in this textbook: Design an Installation and Application Strategy Maintain Resource Access Maintain Windows Clients and Devices Manage Windows 8 Using Cloud Services and Microsoft Desktop Optimization Pack The MOAC IT Professional series is the Official from Microsoft, turn-key Workforce training program that leads to professional certification and was authored for college instructors and college students. MOAC gets instructors ready to teach and students ready for work by delivering essential resources in 5 key areas: Instructor readiness, student software, student assessment, instruction resources, and learning validation. With the Microsoft Official Academic course program, you are getting instructional support from Microsoft; materials that are accurate and make course delivery easy.

N series SnapMirror Async Guide Alex Osuna,Srinath Alapati,Kyle Burrell,Larry Touchette,IBM Redbooks,2011-10-06 This IBM® Redbooks® publication presents an overview of implementing N series SnapMirror Async technology, with step-by-step configuration examples and recommendations to assist the reader in designing an optimal SnapMirror solution. There are several approaches to increasing data availability in the face of hardware, software, or even site failures. Backups provide a way to recover lost data from an archival medium (tape or disk). Redundant hardware technologies also help mitigate the damage caused by hardware issues or failures. Mirroring provides a third mechanism to facilitate data availability and minimize downtime. SnapMirror offers a fast and flexible enterprise solution for mirroring or replicating data over local area, wide area, and Fibre Channel (FC) networks. SnapMirror can be a key component in implementing enterprise data protection strategies. If a disaster occurs at a source site, businesses can access mission-critical data from a replica on a remote N series storage system for uninterrupted operation.

Green Recovery with Resilience and High Quality Development CCICED,2023-03-18 This open access book is based on the research outputs of China Council for International Cooperation on Environment and Development (CCICED) in 2021. It covers major topics of Chinese and international attention regarding green development, such as climate, biodiversity, ocean, BRI, urbanization, sustainable production and

consumption, technology, finance, value chain, and related topics. It also reviews the progress of China’s environmental and development policies and the impacts from CCICED. This is a highly informative and carefully presented book, providing insight for policy makers in environmental issues.

Investigating the Design and Implementation of Operational Safety Plans for Crisis at Higher Education Institutions Antonio Passaro, Jr.,Antonio Passaro Jr.,2022-10-25 With the rising occurrence of human caused, natural, and technological crises, Investigating the Design and Implementation of Operational Safety Plans for Crisis at Higher Education Institutions offers guiding principles, implementation factors, and best practices for creating more effective operational safety plans at higher education institutions. In many cases, limited resources prior to a crisis may lead to inadequate planning that hampers implementation. Additionally, operational safety plans typically are created or revised in a reactive manner after the fact. As the result of an exhaustive literature review, the author determined that, unlike other fields, effective best practices for operational safety planning are either unknown to the institutions that need them most or institutional factors and financial constraints prevent them from implementing them in full.

Gendered Perspectives on Covid-19 Recovery in Africa Ogechi Adeola,2022-01-03 This book describes the political, social, and economic connections between gender and the Covid-19 pandemic. The authors offer innovative ideas for recovery that will build a more prosperous, healthy, equitable, and sustainable future for African women and girls, targets identified under Goal 5 (Gender Equality and Women’s Empowerment) of the United Nations’ Sustainable Development Goals slated to be achieved by 2030. Within this context, authors identify issues related to the protection of women and girls from poverty, hunger, and gender-based violence; improved healthcare and healthcare workforce experiences; girl-child education; financial inclusion; and entrepreneurship opportunities for women in fintech, tourism, and information, communication and technology (ICT). The book concludes with a discussion of economic empowerment for women that focuses on normalising the ‘un-normal’ outcome of the pandemic. The book will be of value to policymakers, non-profit organisations, practitioners, and scholars who understand the importance of gender equality and women empowerment in the African continent.
