Bitcoin Widow Jennifer Robertson,Stephen Kimber,2022-01-18 She met the man of her dreams and suddenly had it all. Then, in one fateful night, she lost everything, and the nightmare began Jennifer Robertson was working hard to build a life for herself from the ashes of her first marriage. Still only twenty-six, she swiped right on a dating app and met Gerry Cotten, a man she would not normally have considered—too young and not her type—but found she'd met her match. Eccentric but funny and kind, Cotten turned out to be a bitcoin wizard who quickly amassed substantial wealth through his company, Quadriga. The couple travelled the world, first class all the way, while Cotten worked on his multitude of encrypted laptops. Then, while the couple was on their honeymoon in India, opening an orphanage in their name, Gerry fell ill and died in a matter of hours. Jennifer was consumed by grief and guilt, but that was only the beginning. It turned out that Gerry owed \$250 million to Quadriga customers, and all the passwords to his encrypted virtual vaults, hidden on his many laptops, had died with him. Jennifer was left with more than one hundred thousand investors looking for their money, and questions, suspicions and accusations spiralling dangerously out of control. The Quadriga scandal touched off major investment and criminal investigations, not to mention Internet rumours circulating on dark message boards, including claims that Gerry had faked his own death and that his wife was the real mastermind behind a sophisticated sting operation. While Jennifer waited for a dead man's switch e-mail that would probably never come, it became clear that Cotten had gambled away about \$100 million of the funds entrusted to him for investment in his many schemes, leaving Robertson holding the bag. *Bitcoin Widow* is *Catch Me If You Can* meets a widow betrayed, a life of fairy-tale romance and private jets torched by duplicity, as Jennifer Robertson tries to reset her life in the wake of one of the biggest investment scandals of the digital age.

Refuge Recovery Noah Levine,2014-06-10 Bestselling author and renowned Buddhist teacher Noah Levine adapts the Buddha's Four Noble Truths and Eight Fold Path into a proven and systematic approach to recovery from alcohol and drug addiction—an indispensable alternative to the 12-step program. While many desperately need the help of the 12-step recovery program, the traditional AA model's focus on an external higher power can alienate people who don't connect with its religious tenets. *Refuge Recovery* is a systematic method based on Buddhist principles, which integrates scientific, non-theistic, and psychological insight. Viewing addiction as cravings in the mind and body, Levine shows how a path of meditative awareness can alleviate those desires and ease suffering. *Refuge Recovery* includes daily meditation practices, written investigations that explore the causes and conditions of our addictions, and advice and inspiration for finding or creating a community to help you heal and awaken. Practical yet compassionate, Levine's successful *Refuge Recovery* system is designed for anyone interested in a non-theistic approach to recovery and requires no previous experience or knowledge of Buddhism or meditation.

Three Pianos Andrew McMahon,2021-10-26 From beloved indie musician Andrew McMahon comes a searingly honest and beautifully written memoir about the challenges and triumphs of his life and career, as seen through the lens of his personal connection to three pianos. Andrew McMahon grew up in sunny Southern California as a child prodigy, learning to play piano and write songs at a very early age, stunning schoolmates and teachers alike with his gift for performing and his unique ability to emotionally connect with audiences. McMahon would go on to become the lead singer and songwriter for Something Corporate and Jack's Mannequin, and to release his debut solo album, *Andrew McMahon in the Wilderness*, in 2014. But behind this seemingly optimistic and quintessentially American story of big dreams come true lies a backdrop of overwhelming challenges that McMahon has faced—from a childhood defined by his father's struggle with addiction to his very public battle with leukemia in 2005 at the age of twenty-three, as chronicled in the intensely personal documentary *Dear Jack*. Overcoming those odds, McMahon has found solace and hope in the things that matter most, including family, the healing power of music and the one instrument he's always turned to: his piano. *Three Pianos* takes readers on a beautifully rendered and bitter-sweet American journey, one filled with inspiration, heartbreak, and an unwavering commitment to shedding our past in order to create a better future.
