**Mental Health Recovery Boosters** Carol Kivler,2013-06-19 Mental Health Recovery Boosters is a book of inspiration and reflection designed to move readers from mental illness to mental wellness. The 68 short but powerful essays stand alone with messages of encouragement and personal accountability. Based on lessons the author learned during her journey out of mental illness, the essays encourage readers to reflect on daily choices and mental habits that affect their mental wellness. The author discovered during her own journey that what she needed was an attitude shift - a shift from illness to wellness in order to sustain her recovery. What I have learned over the years is the power of one's beliefs. We have all heard of the self-fulfilling prophecy - if you think you can or you think you can't, you prove yourself right on either side. Why? You build your reality upon thoughts you agree are true. Also, you have it within your power to tap into two universal laws: The Laws of Intention and Attraction. Once you set your intention to mental wellness, providence takes over and you attract experiences and opportunities to live the life you created with your intentions. - Carol A. Kivler, Author Readers are encouraged to thumb through the book until they feel the urge to stop and read. Each thought-provoking essay is accompanied by a question that encourages readers to look more deeply into patterns that may be affecting their recovery from mental illness. Space is provided to jot down important insights. Attention to wellness can make a big difference in dealing with a mental illness, and answering the questions helps transfer the commitment of wellness into one's own life. This powerful book will inspire you to hold yourself accountable for your own mental wellness. When you take the time to reflect on the essays and questions, you will be setting your wellness intentions out into the universe to manifest the life you were meant to live.

This Boy Lauren Myracle,2020-04-14 Lauren Myracle brings her signature frank, funny, and insightful writing to this novel of a teenage boy’s coming-of-age. Paul Walden is not an alpha lobster, the hypermasculine crustacean king who intimidates the other male lobsters, beds all the lady lobsters, and “wins” at life. At least not according to the ego-bursting feedback he’s given in his freshman seminar. But Paul finds a funny, faithful friend in Roby Smalls, and maybe — oh god, please — he’s beginning to catch the interest of smart, beautiful Natalia Gutierrez. Cruising through high school as a sauced-out, rap-loving beta lobster suits Paul fine, and if life ever gets him down? Smoke a little weed, crunch a few pills . . . it’s all good. But in the treacherous currents of teenage culture, it’s easy to get pulled under. With perfect frankness, Lauren Myracle lays bare the life of one boy as he navigates friendship, love, loss, and addiction. It’s life at its most ordinary and most unforgettable.
