*Man Disconnected* Philip Zimbardo,Nikita D. Coulombe,2015-05-07 'Zimbardo has put his finger on a great challenge of the modern era' - The Sunday Times Masculinity is in meltdown. Young men are failing as never before — academically, socially and sexually. But why? And what needs to be done? Internationally-acclaimed psychologist Philip Zimbardo, and research partner Nikita Coulombe, show how symptoms include excessive gaming and porn use, apathy and drug abuse. They argue that digital technologies create alternative worlds that many boys find less demanding and more rewarding than real life, yet which are ultimately harmful. There is hope. *Man Disconnected* reveals where the solutions are to be found, and what action we can take. Controversial, provocative and insightful, this book is an alarm call ignored at our peril.

*Butts* Heather Radke,2022-11-29 "Winning, cheeky, and illuminating....What appears initially as a folly with a look-at-this cover and title becomes, thanks to Radke's intelligence and curiosity, something much meatier, entertaining, and wise." —The Washington Post "Lively and thorough, *Butts* is the best kind of nonfiction." —Esquire, Best Books of 2022 A "carefully researched and reported work of cultural history" (The New York Times) that explores how one body part has influenced the female—and human—experience for centuries, and what that obsession reveals about our lives today. Whether we love them or hate them, think they're sexy, think they're strange, consider them too big, too small, or anywhere in between, humans have a complicated relationship with butts. It is a body part unique to humans, critical to our evolution and survival, and yet it has come to signify so much more: sex, desire,

comedy, shame. A woman's butt, in particular, is forever being assessed, criticized, and objectified, from anxious self-examinations trying on jeans in department store dressing rooms to enduring crass remarks while walking down a street or high school hallways. But why? In *Butts: A Backstory*, reporter, essayist, and RadioLab contributing editor Heather Radke is determined to find out. Spanning nearly two centuries, this "whip-smart" (Publishers Weekly, starred review) cultural history takes us from the performance halls of 19th-century London to the aerobics studios of the 1980s, the music video set of Sir Mix-a-Lot's "Baby Got Back" and the mountains of Arizona, where every year humans and horses race in a feat of gluteal endurance. Along the way, she meets evolutionary biologists who study how butts first developed; models whose measurements have defined jean sizing for millions of women; and the fitness gurus who created fads like "Buns of Steel." She also examines the central importance of race through figures like Sarah Bartmann, once known as the "Venus Hottentot," Josephine Baker, Jennifer Lopez, and other women of color whose butts have been idolized, envied, and despised. Part deep dive reportage, part personal journey, part cabinet of curiosities, *Butts* is an entertaining, illuminating, and thoughtful examination of why certain silhouettes come in and out of fashion—and how larger ideas about race, control, liberation, and power affect our most private feelings about ourselves and others.

*Pink, Blue, and You!* Elise Gravel, Mykaell Blais, 2022-03-08 Simple, accessible, and direct, this picture book is perfect for kids and parents or teachers to read together, opening the door to conversations about gender stereotypes and everyone's right to be their true selves. Is it okay for boys to cry? Can girls be strong? Should girls and boys be given different toys to play with and different clothes to wear? Should we

all feel free to love whoever we choose to love? In this incredibly kid-friendly and easy-to-grasp picture book, author-illustrator Elise Gravel and transgender collaborator Mykaell Blais raise these questions and others relating to gender roles, acceptance, and stereotyping. With its simple language, colorful illustrations, engaging backmatter that showcases how appropriate male and female fashion has changed through history, and even a poster kids can hang on their wall, here is the ideal tool to help in conversations about a multi-layered and important topic.

Young People and Pornography M. Mulholland,2013-11-07 Mulholland offers a scholarly, yet wholly accessible, critical engagement with young people's negotiation with the pornification of culture. This work foregrounds the affective dynamics in young people's institutional and everyday sexual peer cultures.

**The Cambridge Handbook of Sexual Development** Sharon Lamb,Jen Gilbert,2018-12-20 The Cambridge Handbook of Sexual Development is a carefully curated conversation that brings together the top researchers in child and adolescent sexual development to redefine the issues, conflicts, and debates in the field. The Handbook is organized around three foundational questions: first, what is sexual development? Second, how do we study sexual development? And third, what roles might adults - including the institutions of the media, family, and education - play in the sexual development of children and adolescents? As the first of its kind, this collection integrates work from sociology, psychology, anthropology, history, education, cultural studies, and allied fields. Writing from different disciplinary traditions and about a range of international contexts, the contributors explore the role of sexuality in children's and adolescents' everyday experiences of identity, family, school, neighborhood, religion, and

popular media.

**Sexualisation of Young People** Linda Papadopoulos,2010

Social Media Security Michael Cross,2013-11-01 Social networks, particularly public ones, have become part of the fabric of how we communicate and collaborate as a society. With value from micro-level personal networking to macro-level outreach, social networking has become pervasive in people's lives and is now becoming a significant driving force in business. These new platforms have provided new approaches to many critical enterprise functions, including identifying, communicating, and gathering feedback with customers (e.g., Facebook, Ning); locating expertise (e.g., LinkedIn); providing new communication platforms (e.g., Twitter); and collaborating with a community, small or large (e.g., wikis). However, many organizations have stayed away from potential benefits of social networks because of the significant risks associated with them. This book will help an organization understand the risks present in social networks and provide a framework covering policy, training and technology to address those concerns and mitigate the risks presented to leverage social media in their organization. The book also acknowledges that many organizations have already exposed themselves to more risk than they think from social networking and offers strategies for dialing it back to retake control. Defines an organization's goals for social networking Presents the risks present in social networking and how to mitigate them Explains how to maintain continuous social networking security

*Internet Intermediaries and Copyright Law* Stefan Kulk,2019-10-02 All forms of online communications and interactions between people and companies on the Internet are facilitated by

intermediaries – service providers whose decisions and policies have a shaping effect on the Internet, its users and the information shared on it. Today, because such intermediaries employ technologies that go well beyond the mere transmission and storage of information into new realms potentially disrupting existing business models, a rethinking of existing relevant law is called for. The legal analysis and recommendations in this book put the topic of intermediary liability in the perspective of copyright law and offer a vision on how to regulate that liability. In the context of in-depth and up-to-date analyses on EU, US, German and Dutch law, the author discusses such issues and topics as the following: the liability rules in the new Directive on Copyright in the Digital Single Market; liability for the intermediary's own copyright infringements (primary liability); the intermediary's responsibility to stop or prevent the infringements of others (secondary liability); the role that fundamental rights play in copyright law and intermediary liability; the rights and interests of copyright owners, intermediaries and users, and how they are protected; notice-and-takedown by service providers; website blocking by Internet access providers; the publisher's rights and the use of online articles by platforms; legal status of hyperlinks under copyright law; and search engine use of copyrighted materials. A focus on the strengths and weaknesses of existing EU copyright law concerning Internet intermediaries in terms of how future-proof that law is, includes detailed attention to legislation, regulation and case law. With its deeply informed guidance with respect to the methods of regulation in a domain that is heavily influenced by technological developments, this book will be welcomed by policymakers, legislators, academics, judges and practitioners working in the area of copyright law as applied to the Internet. The detailed attention to the extent to which an

intermediary can be held liable for copyright infringements in both the EU and the US will prove highly beneficial for in-house counsellors and advisors working for rights holder organizations and intermediary service providers.

Face Paint Lisa Eldridge, 2015-10-13 The “exquisite and richly illustrated” New York Times bestseller from the renowned makeup artist, “a retrospective written for all women, everywhere” (Vogue France). Makeup, as we know it, has only been commercially available in the last 100 years, but applying decoration to the face and body may be one of the oldest global social practices. In Face Paint, Lisa Eldridge reveals the entire history of the art form, from Egyptian and Classical times up through the Victorian age and golden era of Hollywood, and also surveys the cutting-edge makeup science of today and tomorrow. Face Paint explores the practical and idiosyncratic reasons behind makeup’s use, the actual materials employed over generations, and the glamorous icons that people emulate, it is also a social history of women and the ways in which we can understand their lives through the prism and impact of makeup. “Makeup artist and Lancome global creative director Lisa Eldridge drops serious knowledge in Face Paint, her book on the history of beautifying.” —Marie Claire “Clear your coffee table and turn off YouTube—Lisa Eldridge’s book is a must read.” —Teen Vogue “The book is not only rich with history but also with a series of paintings, sketches and photographs in an intense array of colors, selected by the make-up artist herself in the most aesthetically pleasing universal statement to women you’ll ever see.” —Vogue France “Face Paint delves into the history of makeup, with glossy pictures to match . . . the book’s cover is striking.” —New York Post

**Digital Media Distribution** Paul McDonald,Courtney Brannon Donoghue,Timothy Havens,2021-09-07

This book examines the current state of global media distribution today, including legacy and born-digital media industries, and the social, cultural, and economic impact of the digital distribution ecosystem--

*Sex, Bombs, and Burgers* Peter Nowak,2011-12-20 How War, Pornography, and Fast Food Have Shaped Modern Technology Guns, Germs, and Steel meets the age of technology in this rollicking history of how our pursuit of lust, gluttony, and rage has led to our greatest technological advancements. It is also a chronicle of popular culture, packed with surprising revelations. From the unexpected origins of aerosols, cold medicine, and Google to Saran Wrap, Tupperware, and video games, here is a fascinating look at modern life.

[Bitcoin Manifesto: ONE CPU ONE VOTE](#) Satoshi Nakamoto,2014-12-10 Original annotated and commented edition of the masterpiece of the mysterious Satoshi Nakamoto, inventor of Bitcoin, the digital currency on everyone's lips. However, few noticed that the innovative power of Bitcoin is not strictly financial, but it fundamentally impacts the creation of political consensus, by transforming it into a technological mechanism. Exactly for this reason, the present edition is enriched by a critical apparatus that should make possible, even for the less tech-savvy reader, to comprehend and reflect on such a key phenomenon of our times.

*The Oxford Handbook of Digital Media Sociology* Deana A. Rohlinger,Sarah Sobieraj,2022 Digital media are normal. But this was not always true. For a long time, lay discourse, academic exhortations, pop culture narratives, and advocacy groups constructed new Information and communications technologies (ICTs) as

exceptional. Whether they were believed to be revolutionary, dangerous, rife with opportunity, or other-worldly, these tools and technologies were framed as extraordinary. But digital media are now mundane, thoroughly embedded - and often unquestioned - in everyday life. Digital ICTs are enmeshed in health and wellness, work and organizations, elections, capital flows, intimate relationships, social movements, and even our own identities. And although the study of these technologies has always been interdisciplinary - at the crossroads of computer science, cultural studies, science and technology studies, and communications - never has a sociological perspective been more valuable. Sociology has always excelled at helping us re-see the normal. The Oxford Handbook of Digital Media Sociology is a perfect point of entry for those curious about the state of sociological research on digital media. Each chapter reviews the sociological research that has been done thus far and points towards unanswered questions. The 34 chapters in the Handbook are arranged in six sections which look at digital media as they relate to: theory, social institutions, everyday life, community and identity, social inequalities, and politics & power. More than ever, the contributors to this volume help make it a centralizing resource, pulling together the various strands of sociological research focused on digital media. In addition to providing a distinctly sociological center for those scholars looking to find their way in the subfield, the volume offers top sociological research that provides an overview of digital media to explain our quickly changing world to a broader public. Readers will find it accessible enough for use in class, and thorough enough for seasoned professionals interested in a concise update in their areas of interest.

Giving Voice to Values Mary C. Gentile, 2010-08-24 How can you effectively stand up for your values

when pressured by your boss, customers, or shareholders to do the opposite? Drawing on actual business experiences as well as on social science research, Babson College business educator and consultant Mary Gentile challenges the assumptions about business ethics at companies and business schools. She gives business leaders, managers, and students the tools not just to recognize what is right, but also to ensure that the right things happen. The book is inspired by a program Gentile launched at the Aspen Institute with Yale School of Management, and now housed at Babson College, with pilot programs in over one hundred schools and organizations, including INSEAD and MIT Sloan School of Management. She explains why past attempts at preparing business leaders to act ethically too often failed, arguing that the issue isn't distinguishing what is right or wrong, but knowing how to act on your values despite opposing pressure. Through research-based advice, practical exercises, and scripts for handling a wide range of ethical dilemmas, Gentile empowers business leaders with the skills to voice and act on their values, and align their professional path with their principles. *Giving Voice to Values* is an engaging, innovative, and useful guide that is essential reading for anyone in business.

**Broken People** Smita Narula, Human Rights Watch (Organization), 1999 *Women and the Law*.

**Fight Your Fear and Win** Dr. Don Greene, 2002-02-12 We've all been there: that make-it-or-break-it moment of our careers—on the brink of a deal, poised at the starting gate, under the spotlight. At this point, most of us experience one overwhelming reaction—fear—and this fear can have negative physical, mental, and emotional consequences on how well we do our job. Don Greene, Ph.D., renowned sports psychologist, professor at the Juilliard School, and stress coach to top executives, has spent decades studying fear, and in

this groundbreaking book, he identifies seven essential skills required to fight fear and perform at your best: Determination, Energy, Perspective, Courage, Focus, Poise, and Resilience. Whether you are giving a closing argument in a courtroom, making a presentation at work, or stepping up to the first tee, this simple twenty-one-day plan will make a profound difference in the way you approach challenges, allowing you to think more clearly and creatively under pressure. *Fight Your Fear and Win* is the ultimate tool for conquering your fear and achieving success when you need it most.

*What Is a Refugee?* Elise Gravel, 2019-09-24 An accessible picture book that oh-so-simply and graphically introduces the term refugee to curious young children to help them better understand the world in which they live. Who are refugees? Why are they called that word? Why do they need to leave their country? Why are they sometimes not welcome in their new country? In this relevant picture book for the youngest children, author-illustrator Elise Gravel explores what it means to be a refugee in bold, graphic illustrations and spare text. This is the perfect tool to introduce an important and timely topic to children.

**Media Education in Asia** Chi-Kim Cheung, 2009-06-12 Media education in Asia is a relatively young, but rapidly developing part of the curriculum. Research has been conducted and papers have been written on various issues concerning media education in Asia. The dominant models of media education in the world are broadly Western and most are drawn from English-speaking countries. The question is whether a similar pattern exists in Asia, where there may be differences in culture, heritage, beliefs, values, education policy, as well as curriculum and pedagogy. Are educators in Asia following the Western model

in developing and implementing media education, or are they devising their own models? With this question in mind, this book sets out to understand the prevailing perspectives regarding media education in various Asian societies. While most debates about media education are carried out in Western contexts, this book hopes to provide a platform for readers to examine this issue in an Asian context.

**Legal Tech** Markus Hartung, Micha-Manuel Bues, Gernot Halbleib, 2018-10-04 This new handbook, written in English, illustrates the current state as well as future developments of the digital transformation on the legal market. It thereby gives an overview of the legal tech field worldwide as well as examples of its application in order to show how and to which extent automatized workflows, artificial intelligence (AI), automatized generation of documents and contract management in law firms and companies are in use even today. This book, in its first part originally written for Germany and German speaking countries, now also exemplifies the development of legal tech in numerous jurisdictions, including the USA, Europe, Russia, China and Australia. A third section is devoted to future developments, including smart contracts, block chain, AI, and publishers as legal service providers. More than 50 authors from all over the globe have contributed to this unique book. Particularly helpful: up-to-date examples show how legal tech is already in use in various fields of application in the context of jurisprudence.

*Heartstream* Tom Pollock, 2019-07 I just wanted to see you. Before the end. A taut psychological thriller about obsession, fame and betrayal, for fans of Black Mirror. Cat is in love. Always the sensible one, she can't believe that she's actually dating, not to mention dating a star. But the fandom can't know. They would eat her alive. And first at the buffet would definitely be her best friend, Evie. Amy uses Heartstream, a social

media app that allows others to feel your emotions. She broadcasted every moment of her mother's degenerative illness, and her grief following her death. It's the realest, rawest reality TV imaginable. But on the day of Amy's mother's funeral, Amy finds a strange woman in her kitchen. She's rigged herself and the house with explosives - and she's been waiting to talk to Amy for a long time. Who is she? A crazed fan? What does she want? Amy and Cat are about to discover how far true obsession can go.

### Redtube Video Downloader 325 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Redtube Video Downloader 325 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Redtube Video Downloader 325 has opened up a world of possibilities. Downloading Redtube Video Downloader 325 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With

the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Redtube Video Downloader 325 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Redtube Video Downloader 325. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many

authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world.

However, it is essential to be cautious while downloading Redtube Video Downloader 325. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Redtube Video Downloader 325, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites

to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Redtube Video Downloader 325 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## **FAQs About Redtube Video Downloader 325 Books**

1. Where can I buy Redtube Video Downloader 325 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Redtube Video Downloader 325 book to read? Genres:

Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).

Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.

4. How do I take care of Redtube Video Downloader 325 books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.

6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Redtube Video Downloader 325 audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Redtube Video Downloader 325 books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
