Computer Comprehensive Companion Doug Knell,2018-01-09 This book almost saved my last couple of marriages - Andrew McBain, Computer Hacker Intl Written by an idiot savant who became acquainted with these secrets during a pseudo-religious experience! Preview the book and be saved. Holy Mackerel! My Desktop Computer PC System Just Crashed. What The \$@)\*%# Should I Do? An Apple a day may keep the doctor away, but what happens if you have a Windows PC and no computer science degree? The Computer Comprehensive Companion contains over 100 powerful tricks to broaden your computer knowledge, any single one when applied which will save you countless heartaches, money, and time, possibly a marriage. You've seen the encyclopedia-like Windows reference guides for dummies. Who the f-k reads those? You're no geek! What you need is a concise, entertaining, life-changing book to learn about computers that will finally put you in charge of your PC. Your Computer PC is the most important tool on your desktop. Should you remain completely ignorant about something that important? According to PC Magazine, 65% of Americans spend more time with their computer than they do with their spouse. In another magazine article, over 7 in 10 Americans claim they're more dependent on their PC than they were three years ago. For a machine you're so dependent on, don't you think it'd be prudent to better learn how computers work? Ignore another snoozefest book on software or hardware you'll quickly forget. The Computer Comprehensive Companion is packed with just the sort of computer knowledge, well beyond stuff only for dummies, that every Windows PC user needs. BE ABLE TO: \* Salvage your system or at least minimize damage. By following the computer knowledge in this book before this painful day arrives, you should be reaching for a gin & tonic and not a shotgun. \* Select the right warranty. \* Recover accidentally deleted or corrupted files. \* Keep your PC protected with optimal computer security science. \* Speed up your Windows PC. \* Perform backups. \* Convert your files into universal file formats for sharing. \* Get rid of hard-to-delete files. \* View internet video offline on any device. \* Convert video so it plays anywhere. \* Build your dream song libraries. \* Uninstall Windows software the right way. \* Choose the ideal software without having to consult another book! \* Use the proper computer science security diagnostic tools to monitor your PC's 'cholesterol.' \* Compare different PC's for your next purchase. \* Make the best decision on which software upgrades to book. \* Monitor the children so they can't abuse the internet and computer's DVD player 24/7. \* And much more. You want to know the problems with those other books that try to teach you how computers work? You surely know some since, in the past, you must have bought a number of these cumbersome paperweights posing as a software book. Let me remind you of just two. First, those other books are written in boring techno-geek. They might be packed with some knowledge to learn about computers, but that doesn't do you a whole lot of good when you can't stay awake past the first chapter. You don't have to worry about that here. And second, those other techno geek books focus only on Windows for dummies tricks. What you need to know about Windows is given its due, but the title of this easy-to-understand book is not the Windows Comprehensive Companion. Put into practice just a handful of the computer knowledge you'll be taught, and we're positive you'll consider this book one of the best educational investments you've ever made. This is a companion who will never let you down!

**The Reviver** Seth Patrick,2013-06-20 The genre-bending The Reviver is a gripping futuristic dystopia from Seth Patrick. He gives justice to the dead. Jonah Miller is a reviver. Part of a forensic investigative team, he is able to wake the recently dead and let them bear witness to their own demise. The testimony of the dead is permitted in courtrooms across the world. Forensic revival is a routine part of police investigation. But while reviving the victim of a brutal murder, he encounters a terrifying presence. Something is watching. Waiting. His superiors tell him it was only in his mind, a product of stress. Jonah is not so certain. Then Daniel Harker, a journalist and revival supporter, is murdered, and Jonah finds himself getting dragged into the hunt for answers. Working with Harker's daughter Annabel, he's determined to find those responsible and bring them to justice. Soon they uncover long-hidden truths that call into doubt everything Jonah stands for, and reveal a threat that, if not stopped in time, will put all of humanity in danger . . .

The First Islamic Reviver Kenneth Garden,2014-03 The First Islamic Reviver presents a new biography of al-Ghazali's final decade and a half, presenting him not as a reclusive spiritual seeker, but as an engaged Islamic revivalist seeking to reshape his religious tradition.

**Redefining Genocide** Damien Short,2016-06-15 In this highly controversial and original work, Damien Short systematically rethinks how genocide is and should be defined. Rather than focusing solely on a narrow conception of genocide as direct mass-killing, through close empirical analysis of a number of under-discussed case studies – including Palestine, Sri Lanka, Australia and Alberta, Canada – the book reveals the key role played by settler colonialism, capitalism, finite resources and the ecological crisis in driving genocidal social death on a global scale.

**The Dead Road** Seth Patrick,2018-02-27 The third in Seth Patrick's genre-bending trilogy, following *Reviver* and *Lost Souls*, delivers chilling twists as a forensic detective revives the dead to exhume a world-changing conspiracy. Opening with *The Reviver* and continuing in *Lost Souls*, this genre-bending series has been described as CSI meets *The Sixth Sense*. The trilogy takes place in our world, but with a chilling twist: certain people have the ability to wake the recently dead for testimony that is accepted in courts worldwide. The use of these so-called Revivers has long been a routine part of police investigation. But things are changing...something vast and dangerous is hiding in the dark, just waiting to wreak havoc on our world. *The Dead Road* is where it all comes to an end—maybe literally.
