Awakening the Soul: Book 2 Bill Missett,2005-10-18 I am absolutely in awe of your book. It is an extraordinarily important work. It will, I humbly suggest, change many lives. -- Joseph W. Dunn, Jr., Editor, A.R.E. Press *** I believe Awakening the Soul (Book 3) is the key to the 12th Step (of Alcoholics Anonymous) - Susana K., Oregon *** We all agree on the brilliance of this work. -- Lisa Hagan, literary agent, Paraview, Inc.

Awakening the Soul Bill Missett,2008-05-21 Awakening The Soul: The Trilogy includes ATS: Book One: Proof of Our Spiritual Nature, which itemizes more than 80 characteristics of our spiritual nature, many very familiar, and explains 10 of them in depth; ATS: Book 2: Our Suppressed Spiritual Nature, which explains why we are so out of touch with our spiritual nature, primarily through suppression of those traits by religions, primarily Christianity, and ATS Book 3: Restoring Your Spiritual Nature contains detailed channeled instructions to restore immediate awareness of your spiritual nature, which has proven highly successful in doing just that.

Reincarnation Cards John M. Knowles,Linda LeBlanc,2007-02-01 A boxed set containing a hard cover book and 61 full-colour cards depicting diverse historical periods, occupations, cultures and manner of termination, all designed to provoke far memories of both past and future incarnations. The book gives detailed instructions on how the cards are to be used to recall such far memories by following a carefully designed system embedded within this set, for which patents are pending. The chapter, The Evidence presents solid scientific, physical and anecdotal evidence for reincarnation. A summary of quantum physics breakthroughs and their relevance to understanding this phenomenon includes quotes from such respected scientists as Planck, Einstein, Schrödinger and de Broglie. This approach provides a fresh look at the stunning implications of quantum physics for understanding the true nature of time, space, consciousness and the paranormal. By presenting a philosophical framework to bring greater clarity and understanding of reincarnational experiences, the authors enable readers independently to gain an insight into who they really are and their purpose in the universe. The set has been called something new under the sun by author-lecturer John Anthony West, originator of the Age of the Sphinx controversy, and a stunning, consciousness-expanding work by the renowned transpersonal psychologist and educator, Dr Stanley Krippner, in his Foreword to the book. Suitable for readers and researchers of any age or background, it is an ideal gift for anyone of an enquiring mind that is open to a message that is far older than the pyramids, yet as new as tomorrow.

Reincarnation Marilou Trask-Curtin,2014-04-08 As a three-month-old baby lying in her grandmother's arms, author Marilou Trask-Curtin had the fantastic experience of remembering herself in other bodies, times, and places. In this fascinating book, she tells the stories of soul lessons and past-life relationships that were too powerful to ignore. With a supportive community of like-minded seekers, Trask-Curtin achieves a remarkable transformation, and now she is able to affirm this important fact: Reincarnation is real. It's not easy for anyone to move past the limiting teachings of our culture, but Reincarnation shares a comforting idea— death is not the end, but rather a glorious new beginning. Join Marilou as she explores her soul's path, returning again and again to fulfill what was unfulfilled in other lifetimes. With the true stories of Marilou's remarkable experiences, this book reaffirms that empathy, forgiveness, and unconditional love are our soul's most important lessons. Praise: [A]n entertaining and accessible introduction to the concept for readers new to the subject. —LIBRARY JOURNAL

Reincarnation, the Hope of the World Irving Steiger Cooper,1920

American Gnosis Versluis,2023-10-10 The Greek word gnosis, defined as direct spiritual knowledge or insight, has its origins in historical offshoots of Christianity in late antiquity. But the terms Gnosticism and gnosis have become widespread in many other contexts. They are common in contemporary scholarship on religion and in popular usage among magical, religious, and spiritual practitioners. And they have entered popular usage in contemporary society, with applications in numerous political, religious, and cultural contexts. Gnosis and Gnosticism have become leitmotifs in popular culture, in films such as The Matrix and Dark City, as well as in anime and other popular art forms. In American Gnosis, Arthur Versluis explores the fascinating connection between the Gnostic tradition and contemporary American spirituality, politics, and popular media. Versluis surveys themes of Gnosticism and gnosis in American culture, both within the United States and in global contexts. Versluis shows that gnosis is key to understanding a wide spectrum of global syncretic religious and intellectual movements—some sensational, even wild, but all fascinating. American gnosis, he argues, is a defining feature of hybrid new religious forms in the twenty-first century. Versluis provides case studies of major contemporary figures and texts that are emblematic of neo-gnosticism, offering a comprehensive framework of gnosis and an understanding of gnostic trends in modernity. He explores how neo-gnostic memes recur in social media and shows how American gnosis has manifested as spiritual independence, reflecting the ever-growing demographic category spiritual but not religious. In delving into the intersection of contemporary American spirituality, politics, and literature, American Gnosis uncovers the remarkable prevalence of neo-gnostic elements today.

We Are One Another Arthur Guirdham,2011-08-31 This book describes how a group of people, who had lived and suffered together in the 13th century, re-assembled in the 20th century in a limited area in the west of England. Independently of each other these people tuned in, with the piercing accuracy of searchlights, to the same tragic events in the Languedoc in the years 1242 to 1244. One of the most remarkable features of the book is the description of sketches made by a child of seven. It is clear that in these she too was remembering the same tragic years. Of this circle of people alive in the 20th century, the author has discovered the mediaeval names and roles of seven of the eight involved. Though born with a highly developed critical faculty the author regards the material revealed to him as unique. He has written this book to record faithfully an astounding experience and to fulfil the obligation laid on him to provide proof, not only of group reincarnation, but of the indestructibility of the human psyche.

Sword Destroying Reincarnation Cheng XiaoQi, 2020-05-15 At the ends of the world, there was the Azure Sky Continent. For thousands of years, there had been countless heroes in the Azure Sky Continent, and legends were like sand. He, a swordsman who was supposed to be renowned throughout the world, had accidentally gotten involved in the open rivalry between the two races after he had awakened the memories of his previous life and changed his appearance. While he was struggling within the great powers, he sharpened the sword in his hand and angrily swept it across the Six Unity, broke through the blue sky, and annihilated the cycle of reincarnation! I always felt that the rivers and lakes were very deep, but I didn't expect them to be so shallow that I couldn't drink them!

So when she reincarnates as Mary with her memories intact, all she desires is a peaceful existence. And yet she's forced back into the world of politics against her wishes! "Now then, dear sister, how would you like to punish those who killed you?" Mary's brother—who she loved so much in her past life—has undergone a terrible transformation. Now, he seeks revenge on her behalf. "Tell me what you desire, my lady." Likewise, the knight who swore allegiance to Mary in her past life makes the same vow in the present. From One Life to the Next - a True Reincarnation Story Wendy Barry, Ronnie Barry, 2021-01-30 What's your take on reincarnation? You're probably familiar with the word, considered the possibility, and thought little more about it. However, some people feel they've been here before. They sometimes have Deja Vu and a powerful intuition, where others have unexplained phobias, a higher level of sensitivity, or vivid past life memories. Have you ever met someone for the first time and felt you already knew them? Even though there can never be proof, an enormous part of the world's population believes in reincarnation. Hinduism, Buddhism, Jainism, and Sikhism, all have reincarnation built into their teachings. When we were young, Wendy and I studied Indian religions and accepted reincarnation as being true, along with its traveling companion karma. After the boys grew up, we conveyed our

beliefs to them, and the four of us often talked about our future lives. Andy and Bobby wanted to be our parents and give us back the life we gave them. With the boys gone and those plans foiled, Wendy and I agreed to find their reincarnations. Join us on our journey as we pursue various seers and psychics before being drawn into Tibetan Buddhism. Over time, we meet a succession of lamas and each one brings us closer to our goal. From One Life to the Next, is an unparalleled adventure that will fill you with wonderment*. If you already believe in reincarnation, or are looking to decide for yourself if reincarnation exists, you must read this book.*Wonderment: A state describable as wonder, strange, awe, surprise, marvel, or amazement.
