**U.S. History Detective** Steve Greif,2015-03-01

**As Good as Dead** Holly Jackson,2021-09-28 THE MUST-READ MULTIMILLION BESTSELLING MYSTERY SERIES • The final book in the A Good Girl's Guide to Murder series that reads like your favorite true crime podcast or show. By the end, you'll never think of good girls the same way again... Pip is about to head to college, but she is still haunted by the way her last investigation ended. She's used to online death threats in the wake of her viral true-crime podcast, but she can't help noticing an anonymous person who keeps asking her: Who will look for you when you're the one who disappears? Soon the threats escalate and Pip realizes that someone is following her in real life. When she starts to find connections between her stalker and a local serial killer caught six years ago, she wonders if maybe the wrong man is behind bars. Police refuse to act, so Pip has only one choice: find the suspect herself—or be the next victim. As the deadly game plays out, Pip discovers that everything in her small town is coming full circle . . .and if she doesn't find the answers, this time she will be the one who disappears. . . And don't miss Holly Jackson's next thriller, Five Survive!

**U.S. History Detective** Steve Greif,2015-08-01

The Data Detective Tim Harford,2022-02-01 From “one of the great (greatest?) contemporary popular writers on economics” (Tyler Cowen) comes a smart, lively, and encouraging rethinking of how to use statistics. Today we think statistics are the enemy, numbers used to mislead and confuse us. That’s a mistake, Tim Harford says in *The Data Detective*. We shouldn’t be suspicious of statistics—we need to understand what they mean and how they can improve our lives: they are, at heart, human behavior seen through the prism of numbers and are often “the only way of grasping much of what is going on around us.” If we can toss aside our fears and learn to approach them clearly—understanding how our own preconceptions lead us astray—statistics can point to ways we can live better and work smarter. As “perhaps the best popular economics writer in the world” (New Statesman), Tim Harford is an expert at taking complicated ideas and untangling them for millions of readers. In *The Data Detective*, he uses new research in science and psychology to set out ten strategies for using statistics to erase our biases and replace them with new ideas that use virtues like patience, curiosity, and good sense to better understand ourselves and the world. As a result, *The Data Detective* is a big-idea book about statistics and human behavior that is fresh, unexpected, and insightful.

The Usual Suspects Maurice Broaddus,2019-05-21 Fans of Jason Reynolds and Sharon M. Draper will love this oh-so-honest middle grade novel from writer and educator Maurice Broaddus. Thelonius Mitchell is tired of being labeled. He’s in special ed, separated from the “normal” kids at school who don’t have any “issues.” That’s enough to make all the teachers and students look at him and his friends with a constant side-eye. (Although his disruptive antics and pranks have given him a rep too.) When a gun is found at a neighborhood hangout, Thelonius and his pals become instant suspects. Thelonius may be guilty of pulling crazy stunts at school, but a criminal? T isn’t about to let that label stick.

*Emerging Infectious Diseases* ,2006

**Red Mist** Patricia Cornwell,2011-12-06 With high-tension suspense and cutting-edge technology, Patricia Cornwell—the world’s #1 bestselling crime writer—once again proves her exceptional ability to entertain and enthrall in this remarkable novel featuring chief medical examiner Dr. Kay Scarpetta. On her quest to find out exactly what happened to her former deputy chief, Jack Fielding, murdered six months before, Scarpetta drives to the Georgia Prison for Women to meet a convicted sex offender and the mother of a vicious and diabolically brilliant killer. Against the advice of her FBI criminal intelligence agent husband, Benton Wesley, Scarpetta is determined to hear this woman out. Scarpetta has both personal and professional reasons to learn more about a string of grisly killings: the murder of a Savannah family years earlier, a young woman on death row, and then other inexplicable deaths that begin to occur at a breathtaking pace. Driven by inner forces, Scarpetta discovers connections that compel her to conclude that what she thought ended with Fielding’s death and an attempt on her own life is only the beginning of something far more destructive: a terrifying terrain of conspiracy and potential terrorism on an international scale. And she is the only one who can stop it.

**Introduction to Probability** Joseph K. Blitzstein,Jessica Hwang,2014-07-24 Developed from celebrated Harvard statistics lectures, *Introduction to Probability* provides essential language and tools for understanding statistics, randomness, and uncertainty. The book explores a wide variety of applications and examples, ranging from coincidences and paradoxes to Google PageRank and Markov chain Monte Carlo (MCMC). Additional

Strengthening Forensic Science in the United States National Research Council,Division on Engineering and Physical Sciences,Committee on Applied and Theoretical Statistics,Policy and Global Affairs,Committee on Science, Technology, and Law,Committee on Identifying the Needs of the Forensic Sciences Community,2009-07-29 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors

and attorneys, and forensic science educators.

The Killing Habit Mark Billingham, 2018-06-14 'One of the great series of British crime fiction' The Times From multi-million-copy number one bestseller Mark Billingham comes a twisting, unbearably gripping DI Tom Thorne and Nicola Tanner thriller inspired by a dramatic real-life case. How do you catch a killer who is yet to kill? We've all heard about the signs: coldness, cruelty, lack of empathy. DI Tom Thorne knows the psychological profile of a psychopath all too well, so when pets start disappearing on suburban London streets, he sees a chance to stop a future murderer. Others are less convinced, so Thorne relies on DI Nicola Tanner to help him solve the case, before the culprit starts hunting people. The journey brings them face to face with a killer who will tear their lives apart. ----- 'A new Mark Billingham is always a treat and The Killing Habit hurls the reader straight into the action. Thoroughly enjoyable for being so very real' SUSIE STEINER 'Mark Billingham on superb form. A finely paced and polished procedural, with twists and turns galore and an ending that will chill your soul' CARA HUNTER 'An unconventional literary superstar' MAIL ON SUNDAY 'As ever with Billingham, a rich cast of characters and tense situations are marshalled with panache, leading to a final terrifying encounter' FINANCIAL TIMES 'Thorne is a terrific invention' IRISH INDEPENDENT

**The Darkness** Ragnar Jónasson, 2018-10-16 Spanning the icy streets of Reykjavik, the Icelandic highlands and cold, isolated fjords, The Darkness is an atmospheric thriller from Ragnar Jónasson, one of the most exciting names in Nordic Noir. The body of a young Russian woman washes up on an Icelandic shore. After a cursory investigation, the death is declared a suicide and the case is quietly closed. Over a year later Detective Inspector Hulda Hermannsdóttir of the Reykjavík police is forced into early retirement at 64. She dreads the loneliness, and the memories of her dark past that threaten to come back to haunt her. But before she leaves she is given two weeks to solve a single cold case of her choice. She knows which one: the Russian woman whose hope for asylum ended on the dark, cold shore of an unfamiliar country. Soon Hulda discovers that another young woman vanished at the same time, and that no one is telling her the whole story. Even her colleagues in the police seem determined to put the brakes on her investigation. Meanwhile the clock is ticking. Hulda will find the killer, even if it means putting her own life in danger.

**Outline** Rachel Cusk, 2015-01-13 A luminous, powerful novel that establishes Rachel Cusk as one of the finest writers in the English language A man and a woman are seated next to each other on a plane. They get to talking—about their destination, their careers, their families. Grievances are aired, family tragedies discussed, marriages and divorces analyzed. An intimacy is established as two strangers contrast their own fictions about their lives. Rachel Cusk's Outline is a novel in ten conversations. Spare and stark, it follows a novelist teaching a course in creative writing during one oppressively hot summer in Athens. She leads her students in storytelling exercises. She meets other visiting writers for dinner and discourse. She goes swimming in the Ionian Sea with her neighbor from the plane. The people she encounters speak volubly about themselves: their fantasies, anxieties, pet theories, regrets, and longings. And through these disclosures, a portrait of the narrator is drawn by contrast, a portrait of a woman learning to face a great loss. Outline takes a hard look at the things that are hardest to speak about. It brilliantly captures conversations, investigates people's motivations for storytelling, and questions their ability to ever do so honestly or unselfishly. In doing so it bares the deepest impulses behind the craft of fiction writing. This is Rachel Cusk's finest work yet, and one of the most startling, brilliant, original novels of recent years. A Finalist for the Folio Prize, the Goldsmiths Prize, the Scotiabank Giller Prize, and the Baileys Women's Prize for Fiction One of The New York Times' Top Ten Books of the Year Named a A New York Times Book Review Notable Book and a Best Book of the Year by The New Yorker, Vogue, NPR, The Guardian, The Independent, Glamour, and The Globe and Mail

Popular Science , 2004-12 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

*Los Angeles Magazine* , 2003-11 Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

**The 19th Wife** David Ebershoff, 2008-08-05 Faith, I tell them, is a mystery, elusive to many, and never easy to explain. Sweeping and lyrical, spellbinding and unforgettable, David Ebershoff's The 19th Wife combines epic historical fiction with a modern murder mystery to create a brilliant novel of literary suspense. It is 1875, and Ann Eliza Young has recently separated from her powerful husband, Brigham Young, prophet and leader of the Mormon Church. Expelled and an outcast, Ann Eliza embarks on a crusade to end polygamy in the United States. A rich account of a family's polygamous history is revealed, including how a young woman became a plural wife. Soon after Ann Eliza's story begins, a second exquisite narrative unfolds—a tale of murder involving a polygamist family in present-day Utah. Jordan Scott, a young man who was thrown out of his fundamentalist sect years earlier, must reenter the world that cast him aside in order to discover the truth behind his father's death. And as Ann Eliza's narrative intertwines with that of Jordan's search, readers are pulled deeper into the mysteries of love and faith. Praise for The 19th Wife "This exquisite tour de force explores the dark roots of polygamy and its modern-day fruit in a renegade cult . . . Ebershoff brilliantly blends a haunting fictional narrative by Ann Eliza Young, the real-life 19th "rebel" wife of Mormon leader Brigham Young, with the equally compelling contemporary narrative of fictional Jordan Scott, a 20-year-old gay man. . . . With the topic of plural marriage and its shattering impact on women and powerless children in today's headlines, this novel is essential reading for anyone seeking understanding of the subject."—Publishers Weekly (starred review)

**Evil Games** Angela Marsons, 2015-05-29 The greater the Evil, the deadlier the game... When a rapist is found mutilated in a brutal attack, Detective Kim Stone and her team are called in to bring a swift resolution. But, as more vengeful killings come to light, it soon becomes clear that there is someone far more sinister at work. With the investigation quickly gathering momentum, Kim finds herself exposed to great danger and in the sights of a lethal individual undertaking their own twisted experiment. Up against a sociopath who seems to know her every weakness, for Detective Stone, each move she makes could be deadly. As the body count starts to mount, Kim will have to dig deeper than ever before to stop the killing. And this time - it's personal. Absolutely unputdownable, nail-bitingly tense and with a twist that

will put your jaw on the floor. If you love Karin Slaughter, Val McDermid or Robert Dugoni, this will keep you flipping through the pages long into the night, and desperate to read the rest in this multi-million-copy, international bestselling series. Watch out for more from Detective Kim Stone What readers are saying about Evil Games: ‘You will not put this down, you will not sleep and you will love every second of it!’ Amazon Reviewer, 5 Stars ‘Exciting... chilling... totally thrilling. This is one book that exceeded all of my expectations... Get yourself ready to take a day off and immerse yourself in this book. It is worth it.’ Northern Crime ‘This story has everything... riveting, emotional, sad and most of all it has a depth that not many novels can claim to have... I highly recommend this one. Simply brilliant.’ Postcard Reviews ‘Wow wow wow... I loved this book from the first page to the last.’ Amazon Reviewer, ★★★★★ ‘A rollercoaster ride... full of twists, turns and red herrings. Just when you have cracked the case along comes a twist to send you in the opposite direction.’ Ginger Book Geek ‘Gripping and emotive... I have read hundreds of authors in my time but Angela tops the bill.’ Amazon Reviewer, ★★★★★ ‘How do you guarantee an edge of seat reading experience? You read Angela Marsons.’ Amazon Reviewer, ★★★★★ ‘Angela Marsons has done it again! Evil Games is an absolutely cracking, five-star read – I devoured it in one sitting... I have, once again, been left panting in the corner in dire need of a cup of tea!’ Reading Room with a View ‘I’m a little bit speechless to be honest at just how incredible this book was... Evil Games is a must read book.’ Book Addict Shaun ‘Silent Scream (Book 1) was quite brilliant. Evil Games (Book 2) is EXCEPTIONAL. Clearly, the current rating system is broken as it’s unable to accommodate books of this calibre. So I give you – 6/5.’ Little Bookness Lane ‘Evil Games is a clever, action-packed journey into some of society’s darkest places, crackling with tension and wit. And DI Kim Stone is the most fascinating character to arrive on the scene since Val McDermid gave us Tony Hill. This is a no-brainer. Read Evil Games. You won’t regret it.’ Mark Edwards ‘Evil Games is a fabulously dark and chilling read... I am a huge fan of D.I. Kim Stone and can’t recommend this series highly enough.’ By the Letter Book Reviews

**Lamb to the Slaughter (A Roald Dahl Short Story)** Roald Dahl,2012-09-13 Lamb to the Slaughter is a short, sharp, chilling story from Roald Dahl, the master of the shocking tale. In Lamb to the Slaughter, Roald Dahl, one of the world's favourite authors, tells a twisted story about the darker side of human nature. Here, a wife serves up a dish that utterly baffles the police . . . Lamb to the Slaughter is taken from the short story collection Someone Like You, which includes seventeen other devious and shocking stories, featuring the two men who make an unusual and chilling wager over the provenance of a bottle of wine; a curious machine that reveals the horrifying truth about plants; the man waiting to be bitten by the venomous snake asleep on his stomach; and others. 'The absolute master of the twist in the tale.' (Observer ) This story is also available as a Penguin digital audio download read by Juliet Stevenson. Roald Dahl, the brilliant and worldwide acclaimed author of Charlie and the Chocolate Factory, James and the Giant Peach, Matilda, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, Roald Dahl's Twisted Tales by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.

**56 Days** Catherine Ryan Howard,2021-08-17 A New York Times Best Thriller of 2021 A Washington Post Best Thriller of 2021 A New York Public Library Best Book of the Year An Amazon Editors’ Pick ''Bloody good.'' –The New York Times ''Timely, surprising, emotionally alive, this is about as good as suspense fiction gets.'' –Washington Post No one even knew they were together. Now one of them is dead. 56 DAYS AGO Ciara and Oliver meet in a supermarket queue in Dublin and start dating the same week COVID-19 reaches Irish shores. 35 DAYS AGO When lockdown threatens to keep them apart, Oliver suggests they move in together. Ciara sees a unique opportunity for a relationship to flourish without the scrutiny of family and friends. Oliver sees a chance to hide who—and what—he really is. TODAY Detectives arrive at Oliver’s apartment to discover a decomposing body inside. Can they determine what really happened, or has lockdown created an opportunity for someone to commit the perfect crime?
