Simple Money, Rich Life Bob Lotich, 2022-04-26 A hope-filled money guide to increase savings, earnings, and giving and actually enjoy it all while designing a life of freedom and eternal impact, from the founder of SeedTime Money. Broken down and stranded 1,000 miles from home with only \$7 left in his bank account, Bob Lotich had reached his breaking point. He was stuck in a dead-end job, living paycheck-to-paycheck, and overwhelmed by debt. Bob had been following the world's advice with money and this was the fruit of it. In desperation, he cried out to God for wisdom, for a different way. The answer was a simple four-part formula, one based on timeless biblical principles, and, most important, it worked. After applying this simple formula, Bob discovered that his financial stress melted away and he finally felt fully in control of his money. As he continued to follow the four steps, he paid off over \$400,000 in debt, reached a personal goal of giving \$1 million by age 40, and achieved a level of financial freedom he never dreamed possible. In his casual and approachable style, Bob (along with his fun-loving wife, Linda) shares everything he learned about achieving true financial freedom, including: • How to create a money system so you can spend less time and get better results • The One-Category Budget: get 80% of the results with 20% of the work • The four keys to earning more in the digital era • How to automate your way to financial success in less than 10 minutes • The secrets of a six-figure giver • Three credit card rules that banks don't want you to know • How to save \$100s each month while still buying what you love • And much more! Whether you are doing "fine" or are in a financial crisis, the included 21-day kick-start will leave you with specific action items to guide you to success. You can have financial security, peace, significance, and eternal impact. Let Bob show you how to reimagine money as it was meant to be: simple.

The Hidden Psychology of Social Networks: How Brands Create Authentic Engagement by Understanding What Motivates Us Joe Federer, 2020-09-15 From the former Head of Brand Strategy at Reddit comes a proven and thought-provoking approach to the digital economy and how brands can create authentic engagement that is rooted in the fundamental motivations behind human psychology. Leading marketing practitioner and thought leader Joe Federer draws on evolutionary biology, anthropology, neuroanatomy, and psychology, as well as more than a decade of hands-on experience, to explain why people act so differently in various online spaces and what they are seeking from participating in each one. With a framework based on Freud's Id, Ego, and Superego model of the human psyche, he demonstrates how the internet is a digital reflection of the collective human psyche and how different social networks correspond to different mindsets: platforms like Reddit to the unfiltered Id, Facebook and Twitter to the managed Ego, and Instagram to the ideal Superego. In the same way you behave differently when you're home alone, out with friends, communicating with family, or interacting with coworkers, people act and express themselves differently in these various online spaces. Context matters. Understanding this will enable you to develop and execute effective engagement strategies to reach your target audiences on each social network. Learn: how to create content that drives sharing and word-of-mouth how brands can fit natively into different types of social channels how to balance branded social presences across different networks why authenticity will only grow in importance to consumers Fascinating and deeply compelling, *The Hidden Psychology of Social Networks* will equip you to make vastly more efficient

use of your media buys, establish more thoughtful strategies, develop better creative, and, in the end, deliver more effective marketing that provides value.

Valkyrie Jóhanna Katrín Friðriksdóttir,2020-04-02 LONGLISTED FOR THE 2020 CUNDILL HISTORY PRIZE Valkyries: the female supernatural beings that choose who dies and who lives on the battlefield. They protect some, but guide spears, arrows and sword blades into the bodies of others. Viking myths about valkyries attempt to elevate the banality of war – to make the pain and suffering, the lost limbs and deformities, the piles of lifeless bodies of young men, glorious and worthwhile. Rather than their death being futile, it is their destiny and good fortune, determined by divine beings. The women in these stories take full part in the power struggles and upheavals in their communities, for better or worse. Drawing on the latest historical and archaeological evidence, Valkyrie introduces readers to the dramatic and fascinating texts recorded in medieval Iceland, a culture able to imagine women in all kinds of roles carrying power, not just in this world, but pulling the strings in the other-world, too. In the process, this fascinating book uncovers the reality behind the myths and legends to reveal the dynamic, diverse lives of Viking women.
